Approved February 2, 1981.

CHAPTER NO. 3

AN ACT TO LIMIT THE EXPERIENCE RATING COMPUTATION OF EMPLOYERS TO THE MOST RECENT 3 FISCAL YEARS ENDING SEPTEMBER 30 OF EACH YEAR AND TO ADJUST ACCORDINGLY TIME REQUIREMENTS INVOLVING EXPERIENCE RATING REQUIREMENTS; AMENDING SECTIONS 39-51-1121, 39-51-1213, 39-51-1214, 39-51-1215, AND 39-51-1217, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 39-51-1121, MCA, is amended to read:

"39-51-1121. Definitions. As used in this part and part 12, the following definitions apply:

(1) "Computation date" means *the reporting period ending September 30* preceding the calendar year for which a covered employer's contribution rate is effective.

(2) "Cutoff date" means *December 31* immediately following the computation date. The division may extend the cutoff date in meritorious cases.

(3) "Deficit employer" means a covered employer who has established a record of accumulated benefits charged to his account in excess of his accumulated contributions paid as of the cutoff date and has a minus experience factor.

(4) "Division" means the employment security division of the department of labor and industry.

(5) "Eligible employer" means a covered employer who has:

(a) paid contributions during each of the 3 fiscal years immediately preceding the computation date;

(b) with respect to such 3 fiscal years, filed all contribution reports prescribed by the division;

(c) paid all contributions due with respect to the 3 fiscal years before the cutoff date of the rate year;

(d) established a record of accumulated contributions in excess of benefits charged to his account; and

(e) achieved a plus experience factor.

(6) "Fiscal year" means the four consecutive calendar quarters ending on *September 30.*

(7) "Governmental entities" means the state or any political subdivision of the state or an instrumentality of the state or a political subdivision, including any employing unit funded directly by tax levies.

(8) "Unrated employer" means a covered employer who has not paid contributions in each of the 3 fiscal years immediately preceding the computation date or an employer who has established a record of accumulated contributions in excess of benefits charged to his account but has not filed all required payroll reports or paid contributions by the cutoff date for any of the quarters in the 3 fiscal years immediately preceding the computation date."

Section 2. Section 39-51-1213, MCA, is amended to read:

"39-51-1213. Classification of employers for experience rating purposes. (1) The division shall for each calendar year classify employers in accordance with their actual experience in the payment of contributions and with respect to benefits charged against their accounts, with contribution rates reflecting benefit experience. Each employer's rate for a calendar year shall be determined on the basis of his record as of *October 1* of the preceding calendar year.

(2) In making the classification, each eligible and deficit employer's contribution rate is determined in the manner set forth below for the calendar year 1980 and for each calendar year thereafter:

(a) Each employer is given an "experience factor" which is contributions paid minus benefits charged on each employer's account *for the most recent 3 fiscal years immediately preceding the computation date,* divided by his average annual taxable payroll rounded to the next lower dollar amount for the *same* 3 fiscal years. The computation of the "experience factor" shall be to six decimal places.

(b) Schedules shall be prepared listing all eligible and deficit employers in inverse numerical order of their experience factors. There shall be listed on such schedules for each employer in addition to the experience factor:

(i) the amount of his taxable payroll for the fiscal year ending on the computation date; and

(ii) the cumulative total consisting of the sum of the employer's taxable payroll for the fiscal year ending on the computation date and the corresponding taxable payrolls for all other employers preceding him on the schedules.

(3) The cumulative taxable payroll amounts listed on the schedules provided for in 39-51-1218 shall be segregated into groups that will yield approximately the average tax rate according to the tax schedule assigned

HeinOnline -- 1981 vol. I 3 1981

for that particular taxable year. Each group shall be identified by the rate class number listed in the table which represents the percentage limits of each group. Each employer on the schedules is assigned that contribution rate opposite his rate class for the tax schedule in effect for the taxable year.

(4) (a) If the grouping of rate classes requires the inclusion of exactly one-half of an employer's taxable payroll, the employer is assigned the lower of the two rates designated for the two classes in which the halves of his taxable payroll are so required.

(b) If the group of rate classes requires the inclusion of a portion other than exactly one-half of an employer's taxable payroll, the employer is assigned the rate designated for the class in which the greater part of his taxable payroll is so required.

(c) If one or more employers on the schedules have experience factors identical to that of the last employer included in a particular rate class, all such employers are included in and assigned the contribution rate specified for such class, notwithstanding the provisions of 39-51-1213.

(5) If the taxable payroll amount or the experience factor or both such taxable payroll amount and experience factor of any eligible or deficit employer listed on the schedules is changed, the employer is placed in that position on the schedules which he would have occupied had his taxable payroll amount or experience factor as changed been used in determining his position in the first instance, but such change does not affect the position or rate classification of any other employer listed on the schedules and does not affect the rate determination for previous years."

Section 3. Section 39-51-1214, MCA, is amended to read:

"39-51-1214. Benefit payments chargeable to employer experience rating accounts. Benefits paid shall be charged to the account of the covered employer, except cost reimbursement and governmental employers, who paid the largest individual amount of base period wages as shown on the determination used as the basis for the payment of such benefits. *No* charge shall be made to the account of such covered employer with respect to benefits paid under the following situations:

(1) if paid to a worker who terminated his services voluntarily without good cause attributable to such covered employer or who had been discharged for misconduct in connection with such services;

(2) if paid in accordance with the extended benefit program triggered by either national or state indicators."

Section 4. Section 39-51-1215, MCA, is amended to read:

"39-51-1215. Maintenance of experience rating records. An experience rating record shall be maintained for each covered employer. The record is credited with all contributions which the covered employer has paid *for the most recent 3 fiscal years immediately preceding the computation date,* prior to the cutoff date. The record is also charged with the amount of benefits paid which are chargeable to the covered employer's account *for the most recent 3 fiscal years ending September 30.* Nothing in this section grants any covered employer or individual in his service

HeinOnline -- 1981 vol. I 4 1981

a priority with respect to any claim or right because of amounts paid by the covered employer into the employment security fund."

Section 5. Section 39-51-1217, MCA, is amended to read:

"39-51-1217. Schedule of rates assigned based on trust fund reserve. (1) The rate schedule for each calendar year is assigned based upon the ratio of the trust fund balance as of December 31 prior to the rate year to total wages in covered employment for the 12-month period prior to the computation date.

(2) The ratio at the top of each tax schedule in the tax table shown in 39-51-1218 represents the minimum fund level required for a specific tax schedule to be in effect.

(3) Employer rates are assigned in accord with the rates provided in each schedule for eligible, unrated, and deficit employers, based upon their experience as defined in this section, except that for calendar year 1979, the tax rate Schedule X shall be applied as provided for in [39-51-1202]."

Approved February 10, 1981.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-30-142, MCA, is amended to read:

"15-30-142. Returns and payment of tax — penalty and interest — refunds — credits. (1) Every single individual and every married individual not filing a joint return with his or her spouse and having a gross income for the taxable year of more than *$1,470* and married individuals not filing separate returns and having a combined gross income for the taxable year of more than *$2,940* shall be liable for a return to be filed on such forms and according to such rules as the department may prescribe. The gross income amounts referred to in the preceding sentence shall be increased by *$1,250* for each additional personal exemption allowance the taxpayer is entitled to claim for himself and his spouse under 15-30-112(3) and (4). A nonresident shall be required to file a return if his gross income for the taxable year derived from sources within Montana exceeds the amount of the exemption deduction he is entitled to claim for himself and his spouse under the provisions of 15-30-112(2), (3), and (4), as prorated according to 15-30-112(6).

(2) In accordance with instructions set forth by the department, every taxpayer who is married and living with husband or wife and is required

HeinOnline -- 1981 vol. I 5 1981

to file a return may, at his or her option, file a joint return with husband or wife even though one of the spouses has neither gross income nor deductions. If a joint return is made, the tax shall be computed on the aggregate taxable income and the liability with respect to the tax shall be joint and several. If a joint return has been filed for a taxable year, the spouses may not file separate returns after the time for filing the return of either has expired unless the department so consents.

(3) If any such taxpayer is unable to make his own return, the return shall be made by a duly authorized agent or by a guardian or other person charged with the care of the person or property of such taxpayer.

(4) All taxpayers, including but not limited to those subject to the provisions of 15-30-202 and 15-30-241, shall compute the amount of income tax payable and shall, at the time of filing the return required by this chapter, pay to the department any balance of income tax remaining unpaid after crediting the amount withheld as provided by 15-30-202 and/or any payment made by reason of an estimated tax return provided for in 15-30-241; provided, however, the tax so computed is greater by $1 than the amount withheld and/or paid by estimated return as provided in this chapter. If the amount of tax withheld and/or payment of estimated tax exceeds by more than $1 the amount of income tax as computed, the taxpayer shall be entitled to a refund of the excess.

(5) As soon as practicable after the return is filed, the department shall examine and verify the tax.

(6) If the amount of tax as verified is greater than the amount theretofore paid, the excess shall be paid by the taxpayer to the department within 30 days after notice of the amount of the tax as computed, with interest added at the rate of 9% per annum or fraction thereof on the additional tax. In such case there shall be no penalty because of such understatement, provided the deficiency is paid within 30 days after the first notice of the amount is mailed to the taxpayer."

Section 2. **Applicability.** Section 1 is applicable only to taxable year 1980.

Section 3. **Effective date.** This act is effective on passage and approval.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 81-7-303, MCA, is amended to read:

(1) To defray the expense of such protection the board of county commissioners of any county shall have the power to require all owners or persons in possession of any sheep coming 1 year old or over in the county on the regular assessment date of each year to pay a license fee *in an amount to be determined by the board on a* per

(2) Upon the order of the board of county commissioners such license fees may be imposed by the entry thereof in the name of the licensee upon the property tax rolls of the county by the county assessor. (3) When collected, said fees shall be placed by the treasurer in the predatory animal control fund and the moneys in said fund shall be expended on order of the board of county commissioners of the county for predatory animal control only."

Upon petition of the resident owners of at least 51% of the sheep in the county, as shown by the assessment rolls of the last preceding assessment, which petition shall be filed with the board of county commissioners on or before the first Monday in December in any year, such board shall establish the predatory animal control program and cause said licenses to be secured and issued and the fees collected for the following year in such amount as will defray the cost of administering the program so established. The license fee determined and set by the board shall remain in full force and effect from year to year without change, unless there is filed with the board a petition subscribed by the resident owners of at least 51% of the sheep in the county, as shown by the assessment rolls of the last assessment preceding the filing of the petition, for termination of the program and repeal of the license fee, in which event the program shall by order of the board of county commissioners be disestablished and the license fee shall not be further levied.

(4) It is unlawful to remove or cause to be removed any livestock from the premises of a livestock market in this state unless the livestock has been released by a state stock inspector and a certificate of release for the livestock has been issued in connection with and for the purpose of the removal from the premises of the livestock market. The release obtained pursuant to this subsection will permit the movement of the livestock so released directly to the destination shown on the certificate.

(5) The person in charge of livestock being removed from a county in this state, where inspection thereof is required by this section or where change of ownership has occurred or when moved under a market consignment permit or a market release certificate, shall have in his possession the certificate of inspection, market consignment permit, transportation permit, or market release certificate issued in connection therewith and shall exhibit the certificate to any sheriff, deputy sheriff, constable, highway patrolman, state stock inspector, or deputy state stock inspector upon request. Section 81-3-204 shall be extended to livestock transported or sold under the above-mentioned permits.

(6) The following transportation permits may be issued:

(a) If a saddle, work, or show horse is being transported from county to county in this state by the owner for his personal use or business or where a purebred cow is being transported from county to county in this state by its owner for show purposes and where there is no change of ownership, the inspection certificate required by this section may be endorsed as to the purpose and extent of transportation by the inspector issuing the certificate in order to serve as a travel permit in this state for a period not to exceed 1 year for the horse or cow described thereon. The permit becomes void upon any transfer of ownership or if the horse or cow is to be removed from the state. In such instances an inspection must be secured for removal and the endorsed certificate surrendered.

(b) The owner of a saddle, work, or show horse may apply for a permanent transportation permit valid for both interstate and intrastate transportation of the horse until there is a change of ownership. To obtain a permit a horse must have either a registered brand that has been legally cleared or a lip tattoo or the owner must present proof of ownership to a state stock inspector. A written application, on forms to be provided by the department, must be completed by the owner and presented to a state stock inspector together with a $5 permit fee for each horse. The application shall contain a thorough physical description of the horse and list all

HeinOnline -- 1981 vol. I 13 1981

brands and tattoos carried by the horse. Upon approval of the application by a state stock inspector, a permanent transportation permit shall be issued by the department to the owner for each horse and such permit shall be valid for the life of the horse. If there is a change of ownership in a horse the permit shall automatically become void. The permit must accompany the horse for which it was issued at all times while the horse is in transit. This permit shall be in lieu of other permits and certificates required under the provisions of this section. The state of Montana shall recognize as valid permanent transportation permits issued in other jurisdictions to the owner of a saddle, work, or show horse subsequently entering the state. Such a permit shall be automatically void upon a change of ownership.

(c) When livestock owned by and bearing the registered brand of a bona fide rodeo producer is being transported from county to county in this state by the owner for rodeo purposes and where there is no change of ownership, the inspection certificate required by this section may be endorsed as to the purpose and extent of transportation by the inspector issuing the certificate in order to serve as a travel permit in this state for the livestock described thereon. The certificate is effective only between April 1 and October 31 of the year for which it is issued. The certificate shall be issued by a state stock inspector.

(d) An owner of livestock or his agent may be issued a transportation permit allowing the movement of his livestock into an immediately adjoining county and return when the livestock is being moved for grazing purposes and when it is being moved to and from land owned or controlled by the owner of the livestock or his agent. The permit is valid for 6 months and must be issued by a state stock inspector. The fee for the permit is $5, which shall be paid to the state stock inspector at the time the permit is issued and remitted by him to the department for deposit in the state treasury to the credit of the earmarked revenue fund for the use of the department. This permit may be used in lieu of the inspection and certificate required by this section for movement of livestock across a county line.

(7) Before any removal or change of ownership may take place, the seller of livestock shall request all required inspections and shall pay the required fees."

Approved February 18, 1981.

(1) Each fiscal year the department shall apportion available state construction funds for the federal-aid secondary highway system among the financial districts. The proportion which each district shall receive shall be computed on the following basis:

(a) one-fourth in the ratio of land area in each district to the total land area in the state;

(b) one-fourth in the ratio of the rural population in each district to the total rural population in the state;

(c) one-fourth in the ratio of the rural road mileage in each district to the total rural road mileage in the state;

(d) one-fourth in the ratio of value of rural lands in each district to the total value of rural lands in the state.

(2) Funds apportioned to each district shall be further apportioned to each county in the district on the same basis, considering ratios of land area, rural population, rural road mileage, and value of rural lands. To the extent necessary to permit orderly programming and construction of projects, *obligations* in any county may exceed the amount apportioned to that county to the extent of three times the amount of the last apportionment to the county. The amount of any excess *obligations* shall be deducted from future apportionments to that county.

(3) For the purposes of this section, terms are defined as follows:

(a) "Rural population" means total population less the population in cities over 5,000 persons and their unincorporated fringe urban areas as reported in the latest federal census. Federal census population figures shall be adjusted in the interim between censuses in accordance with the percentage of change in annual motor vehicle registration figures for each county.

(b) "Rural road mileage" means all road mileage outside of incorporated cities, exclusive of road mileage on the federal-aid primary highway system and the federal-aid interstate system. Rural road mileage reported by the road inventory of the department shall be used in determining rural road mileage.

(c) "Value of rural lands" includes the value of state-owned lands from which the state derives grazing, timber, and agricultural income.

(i) The basis for the value of rural lands shall be computed from the latest biennial report of the department of revenue.

HeinOnline -- 1981 vol. I 26 1981

(ii) The basis for the value of state-owned lands shall be computed from the latest figures on the total grazing, timber, and agricultural lands in each county contained in the latest biennial report of the department of state lands.

(iii) The average value of privately owned lands shall be the average value of state-owned lands if the actual value is not available."

Section 3. Section 60-3-207, MCA, is amended to read:

"60-3-207. Secondary highway information. On or before *November* 30 of each year, the department shall inform each board of county commissioners of:

(1) the total amount of secondary highway funds and the amount apportioned to each county;

(2) the location of proposed secondary highway projects, when the information is available;

(3) any other matters regarding secondary highway construction which the department considers advisable and of interest to the counties."

Section 4. Section 60-3-208, MCA, is amended to read:

"60-3-208. Apportionment of state funds to federal-aid off-system roads. (1) Each fiscal year the department of highways shall apportion to each county available state construction funds for the purpose of matching federal-aid off-system road funds. Such apportionment shall be made in the same manner and on the same basis as provided in 60-3-206.

(2) The board of county commissioners shall, in proposing projects to be constructed with off-system road funds, consult with the governing body of those cities with a population under 5,000 persons located within the county.

(3) To permit orderly programming and construction of projects, *obligations* by a county may exceed the amount of off-system road funds available to that county by no more than 300%. The amount of the excess expenditures shall be deducted from the future off-system road funds available to that county."

Section 5. Section 60-3-210, MCA, is amended to read:

"60-3-210. Increases in obligations. (1) The department may increase the *obligations* made in a financial district to the extent of:

(a) 25% more than the amount of money allocated to the district in the latest year for the federal-aid primary system or the federal-aid secondary system;

(b) 300% more than the amount of money allocated to the district in the latest year for the federal-aid interstate highway system.

(2) The allocation of available state construction funds to a district for the next succeeding fiscal year shall be decreased by an amount equal to any increased *obligations*."

HeinOnline -- 1981 vol. I 27 1981

Section 6. Section 60-3-211, MCA, is amended to read:

"60-3-211. Apportionment of state funds to federal-aid urban highways. (1) Each fiscal year the department shall apportion state construction funds available for matching federal-aid urban funds to the cities in the state over 5,000 population in the ratio of urban population in each city to the total urban population in all cities in the state over 5,000 population.

(2) For the purpose of this section, "urban population" is defined as population within the incorporated limits of cities over 5,000 population and that population within unincorporated urban fringe areas delineated and reported in the latest federal census.

(3) To the extent necessary to permit orderly programming and construction of projects, *obligations* in any city may exceed the amount apportioned to that city. The amount of any excess *obligations* shall be deducted from future apportionments to that city."

Section 7. Section 60-3-214, MCA, is amended to read:

"60-3-214. Construction or reconstruction of bridges. (1) The department may allocate from state construction moneys available for the federal-aid highway system up to $1 million in any fiscal year for the construction or reconstruction of any major bridge or system of bridges on the primary or secondary highway systems. This may be done only when the use of regularly apportioned funds would prohibit or seriously delay the orderly and necessary highway construction program in the financial districts.

(2) When the department, as a part of its finding of public necessity, declares that a particular bridge should be constructed or reconstructed on a designated portion of the primary or secondary highway, the allocation may be made. The allocation may be *obligated to*:

(a) primary bridges when the department's estimate of the cost of construction or reconstruction is in excess of $500,000;

(b) secondary bridges when the department's estimate of the state's share of the cost of construction or reconstruction is in excess of the total estimated future regular apportionment of state construction moneys to the federal-aid secondary system of the county or counties for a period of 3 years.

(3) The allocation shall be made from available state construction moneys for the primary system before the apportionment in 60-3-205 and for the secondary system before the apportionment in 60-3-206."

Section 8. Section 60-3-225, MCA, is amended to read:

"60-3-225. Excess obligations. To the extent necessary to permit orderly programming and construction of projects, *obligations* on any route may exceed the amount apportioned to that route. The amount of any such excess *obligations* shall be deducted from future apportionments to that route."

Section 9. Section 60-3-234, MCA, is amended to read:

HeinOnline -- 1981 vol. I 28 1981

"60-3-234. Apportionment of funds. Each fiscal year the department shall apportion state construction funds among the approved economic growth centers as follows:

(1) The allocation for the 1974 fiscal year shall be the ratio of the number of miles of highways that need upgrading in existence on July 1, 1973, on the primary and urban systems in each approved growth center's area of influence to the total number of miles that need upgrading in all approved growth centers' area of influence.

(2) Thereafter, the allocation shall be in the ratio of the number of miles that need upgrading in existence on July 1 of a fiscal year on the primary, secondary, and urban systems in each approved growth center's area of influence to the total number of miles that need upgrading in all approved growth centers' area of influence.

(3) To the extent necessary to permit orderly programming and construction of projects, *obligations* in any approved growth center may exceed the amount apportioned to the growth center. CHAPTER NO. 25

AN ACT TO ALLOW THE USE OF CERTAIN ANNUAL POPULATION ESTIMATES AS THE BASIS FOR DETERMINING RETAIL BEER LICENSE AND ALL-BEVERAGES LICENSE QUOTAS; AND TO ELIMINATE SPECIAL CENSUS PROVISIONS; AMENDING SECTIONS 16-4-105, 16-4-201, 16-4-204, AND 16-4-502, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 16-4-105, MCA, is amended to read:

"16-4-105. Limit on retail beer licenses — wine license amendments — off-premises consumption. (1) Except as otherwise provided by law, a license to sell beer at retail or beer and wine at retail, in accordance with the provisions of this code and the rules of the department, may be issued to any person, firm, or corporation who is approved

HeinOnline -- 1981 vol. I 31 1981

by the department as a fit and proper person, firm, or corporation to sell beer, except that:

(a) the number of retail beer licenses that the department may issue for premises situated within incorporated cities and incorporated towns and within a distance of 5 miles from the corporate limits of such cities and towns shall be determined on the basis of population *prescribed in 16-4-502* as follows:

(i) in incorporated towns of 500 inhabitants or less and within a distance of 5 miles from the corporate limits of such towns, not more than one retail beer license, which may not be used in conjunction with a retail all-beverages license;

(ii) in incorporated cities or incorporated towns of more than 500 inhabitants and not over 2,000 inhabitants and within a distance of 5 miles from the corporate limits of such cities or towns, one beer license for each 500 inhabitants, which may not be used in conjunction with retail all-beverages licenses;

(iii) in incorporated cities of over 2,000 inhabitants and within a distance of 5 miles from the corporate limits of such cities, two additional retail beer licenses for the first 2,000 inhabitants or major fraction thereof and one additional retail beer license for each additional 2,000 inhabitants, which may not be used in conjunction with retail all-beverages licenses;

(b) the number of the inhabitants in such cities and towns, exclusive of the number of inhabitants residing within a distance of 5 miles from the corporate limits thereof, shall govern the number of retail beer licenses that may be issued for use within such cities and towns and within a distance of 5 miles from the corporate limits thereof. If two or more incorporated municipalities are situated within a distance of 5 miles from each other, the total number of retail beer licenses that may be issued for use in both of such municipalities and within a distance of 5 miles from their respective corporate limits shall be determined on the basis of the combined populations of both of such municipalities and may not exceed the foregoing limitations. The distance of 5 miles from the corporate limits of any incorporated city or incorporated town shall be measured in a straight line from the nearest entrance of the premises proposed for licensing to the nearest corporate boundary of such city or town.

(c) retail beer licenses of issue on March 7, 1947, and which are in excess of the foregoing limitations shall be renewable, but no new licenses may be issued in violation of such limitations;

(d) such limitations do not prevent the issuance of a nontransferable and nonassignable retail beer license to a post of a nationally chartered veterans' organization or a lodge of a recognized national fraternal organization if such veterans' or fraternal organization has been in existence for a period of 5 years or more prior to January 1, 1949;

(e) the number of retail beer licenses that the department may issue for use at premises situated outside of any incorporated city or incorporated town and outside of the area within a distance of 5 miles from the

HeinOnline -- 1981 vol. I 32 1981

corporate limits thereof or for use at premises situated within any unincorporated town shall be as determined by the department in the exercise of its sound discretion, except that no retail beer license may be issued for any premises so situated unless the department determines that the issuance of such license is required by public convenience and necessity.

(2) A person holding a license to sell beer for consumption on the premises at retail may apply to the department for an amendment to the license permitting the holder to sell wine as well as beer. The division may issue such amendment if it finds, on a satisfactory showing by the applicant, that the sale of wine for consumption on the premises would be supplementary to a restaurant or prepared-food business. A person holding a beer-and-wine license may sell wine for consumption on the premises. Nonretention of the beer license, for whatever reason, shall mean automatic loss of the wine amendment license.

(3) A retail license to sell beer or table wine, or both, in the original packages for off-premises consumption only may be issued to any person, firm, or corporation who is approved by the department as a fit and proper person, firm, or corporation to sell beer or table wine, or both, and whose premises proposed for licensing are operated as a bona fide grocery store or a drugstore licensed as a pharmacy. The number of such licenses that the department may issue is not limited by the provisions of subsection (1) of this section but shall be determined by the department in the exercise of its sound discretion, and the department may in the exercise of its sound discretion grant or deny any application for any such license or suspend or revoke any such license for cause."

Section 2. Section 16-4-201, MCA, is amended to read:

"16-4-201. All-beverages license quota. (1) Except as otherwise provided by law, a license to sell liquor, beer, and wine at retail (an all-beverages license) in accordance with the provisions of this code and the rules of the department may be issued to any person who is approved by the department as a fit and proper person to sell such beverages, except that the number of all-beverages licenses that the department may issue for premises situated within incorporated cities and incorporated towns and within a distance of 5 miles from the corporate limits of such cities and towns shall be determined on the basis of population *prescribed in 16-4-502* as follows:

(a) in incorporated towns of 500 inhabitants or less and within a distance of 5 miles from the corporate limits of such towns, not more than two retail licenses;

(b) in incorporated cities or incorporated towns of more than 500 inhabitants and not over 3,000 inhabitants and within a distance of 5 miles from the corporate limits of such cities and towns, three retail licenses for the first 1,000 inhabitants and one retail license for each additional 1,000 inhabitants;

(c) in incorporated cities of over 3,000 inhabitants and within a distance of 5 miles from the corporate limits thereof, five retail licenses for the first 3,000 inhabitants and one retail license for each additional 1,500 inhabitants.

HeinOnline -- 1981 vol. I 33 1981

(2) The number of the inhabitants in such cities and towns, exclusive of the number of inhabitants residing within a distance of 5 miles from the corporate limits thereof, shall govern the number of retail licenses that may be issued for use within such cities and towns and within a distance of 5 miles from the corporate limits thereof. If two or more incorporated municipalities are situated within a distance of 5 miles from each other, the total number of retail licenses that may be issued for use in both of such municipalities and within a distance of 5 miles from their respective corporate limits shall be determined on the basis of the combined populations of both of such municipalities and may not exceed the foregoing limitations. The distance of 5 miles from the corporate limits of any incorporated city or incorporated town shall be measured in a straight line from the nearest entrance of the premises proposed for licensing to the nearest corporate boundary of the city or town.

(3) Retail all-beverages licenses of issue on March 7, 1947, and which are in excess of the foregoing limitations shall be renewable, but no new licenses may be issued in violation of such limitations.

(4) Such limitations do not prevent the issuance of a nontransferable and nonassignable (as to ownership only) retail license to any post of a nationally chartered veterans' organization or any lodge of a recognized national fraternal organization if such veterans' or fraternal organization has been in existence for a period of 5 years or more prior to January 1, 1949.

(5) The number of retail all-beverages licenses that the department may issue for use at premises situated outside of any incorporated city or incorporated town and outside of the area within a distance of 5 miles from the corporate limits thereof may not be more than one license for each 750 population of the county after excluding the population of incorporated cities and incorporated towns in such county."

Section 3. Section 16-4-204, MCA, is amended to read:

"16-4-204. Contents of license — posting — privilege — transfer — expiration. (1) Every license issued under this part shall set forth the name of the person to whom issued, the location, by street and number or other appropriate specific description of location if no street address exists, of the premises where the business is to be carried on under said license, and such other information as the department shall deem necessary. If the licensee is a partnership or if more than one person has any interest in the business operated under the license, the names of all persons in the partnership or interested in the business must appear on the license. Every license must be posted in a conspicuous place on the premises wherein the business authorized under the license is conducted, and such license shall be exhibited upon request to any authorized representative of the department or to any peace officer of the state of Montana.

(2) Any license issued under the provisions of this part shall be considered a privilege personal to the licensee named in the license and shall be good until the expiration of the license unless sooner revoked or suspended.

HeinOnline -- 1981 vol. I 34 1981

(3) A license may be transferred to the executor or administrator of the estate of any deceased licensee when such estate consists in whole or in part of the business of selling liquor under a license, and in such event the license may descend or be disposed of with the business to which it is applicable under appropriate probate proceedings.

(4) In the event of a major loss or damage to licensed premises by unforeseen natural causes or in case of expiration of lease of the licensed premises or in the event of eviction or increase of rent by the landlord (in case of rented licensed premises) or in case of proposed removal of license to premises as substantially suited for the retail liquor business as the premises vacated, the licensee may apply to the department for a transfer of the license to different premises. The department may in its discretion permit a transfer in such cases if it appears to the department that such a transfer is required to do justice to the licensee applying for the transfer. The department shall in no event nor for any cause permit a transfer to different premises where the sanitary, health, and service facilities are less satisfactory than such facilities which exist or had existed at the premises from which the transfer is proposed to be made.

(5) Upon a bona fide sale of the business operated under any license, the license may be transferred to a qualified purchaser. No transfer of any license as to person or location shall be effective unless and until approved by the department, and any licensee or transferee or proposed transferee who operates or attempts to operate under any supposedly transferred license prior to the approval of such transfer by the department, endorsed upon the license in writing, shall be considered as operating without a license and the license affected may be revoked or suspended by the department. The department may, within its discretion, permit a qualified purchaser to operate the business to be transferred pending final approval, providing the application for transfer has been filed with the department.

(6) (a) A license may be transferred to a new ownership and to a location outside the quota area for which it was originally issued only when the following criteria are met:

(i) the total number of all-beverages licenses in the original quota area exceeded the quota for that area by at least 25% in the most recent census *prescribed in 16-4-502*;

(ii) the total number of all-beverages licenses in the quota area to which the license would be transferred did not exceed that area's quota by more than 25% in the most recent census *prescribed in 16-4-502*; and

(iii) the department finds, after a public hearing, that the public convenience and necessity would be served by such a transfer.

(b) A license transferred between quota areas under this section may not be mortgaged or pledged as security and may not be transferred to another person except for a transfer by inheritance upon the death of the licensee. A license transferred between quota areas under this section may be held only by natural persons. For the purpose of this section, natural persons shall not include limited partnerships or other business entities of

HeinOnline -- 1981 vol. I 35 1981

any kind in which each natural person is not a full participant in the ownership and operation of the business authorized by the license.

(7) (a) Any all-beverage licensee is, upon the approval and in the discretion of the liquor division, entitled to a catering endorsement to his all-beverage license to allow the catering and sale of alcoholic beverages to persons attending a special event upon premises not otherwise licensed for the sale of alcoholic beverages, such beverages to be consumed on the premises where the event is held.

(b) A written application for a catering endorsement and an annual fee of $250 must be submitted to the department for its approval.

(c) A written application for each event for which the licensee intends to provide catering services, the written approval of the catering application by the sponsor of the special event, and a fee of $40 must be filed with the department at least 10 days prior to the event and shall describe the location of the premises where the event is to be held, the nature of the event, and the period during which the event is to be held. An all-beverage licensee who holds an endorsement granted under this subsection (7) may not receive approval to cater an event of which he is the sponsor. The catered event must be within 100 miles of the licensee's regular place of business. If obtained, the licensee shall display in a prominent place on those premises, the written approval from the department for each event which is catered pursuant to this subsection.

(d) The licensee shall file with each application for an event to be catered a written statement of approval of the premises where the event is to be held issued by the department of health and environmental sciences.

(e) The sale of alcoholic beverages pursuant to a catering endorsement is subject to the provisions of 16-6-103.

(f) The sale of alcoholic beverages pursuant to a catering endorsement is subject to the provisions of 16-3-306, unless entities named in 16-3-306 give their written approval.

(8) Except as above provided, no license shall be transferred or sold nor shall it be used for any place of business not described in the license; provided, however, that such license may be subject to mortgage and other valid liens, in which event the name of the mortgagee, upon application to and approval of the department, must be endorsed on the license.

(9) All licenses shall expire at midnight of June 30 of each year."

Section 4. Section 16-4-502, MCA, is amended to read:

"16-4-502. Census. The census taken under the direction of congress shall be the basis upon which the respective populations of the *counties and incorporated cities or towns* shall be determined. *However, in the interim between censuses, the department shall use as such basis the*

"85-8-306. Nominations. Candidates for the office of commissioner to be filled by election may be nominated by petition filed with the *election administrator or deputy* election administrator *at least 30 days before the election* and signed by at least five electors of the district. If no nominations are made, the electors of the district shall write on the ballots the name or names of the persons for whom they desire to vote. *This section does not* prevent an elector from voting for any qualified person, although the name does not appear on the official ballot."

Section 14. **Transition of officers.** (1) If the effective date of this act is on or later than March 15, 1981, then any officer of a hospital, fire, irrigation, or drainage district whose term was due to expire following the November 1981 election of his successor is entitled to remain in office until his successor is properly qualified following an election held in April 1982.

(2) If the effective date is before March 15, 1981, then an election of officers may be held on school election day in April, 1981. CHAPTER NO. 28

AN ACT TO RENAME AND DEFINE TREASURY FUNDS TO BE IN ACCORDANCE WITH CURRENT AUTHORITATIVE LITERATURE AND GENERALLY ACCEPTED ACCOUNTING PRINCIPLES; REMOVING THE SUNSET PROVISION ON THE UNIVERSITY FUNDS; AMENDING SECTIONS 17-2-101 THROUGH 17-2-103 AND 17-2-107, MCA; AND PROVIDING EFFECTIVE DATES.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 17-2-101, MCA, is amended to read:

"17-2-101. Title and purpose. Sections 17-2-101 through 17-2-107 may be cited as the "Treasury Fund Structure Act". The purpose of these sections is to simplify the accounting system and treasury fund structure of the state, to make possible the full utilization of modern accounting methods, to provide the legislature with a greater measure of control over public moneys, and to enable the financial records of the state to accurately reflect *the state's* revenues, *expenditures, expenses, and financial position in accordance with generally accepted accounting principles.*"

Section 2. Section 17-2-102, MCA, is amended to read:

"17-2-102. Fund structure. *(1)* There are in the state treasury only the following funds:

(a) governmental funds, which include:

(i) the general fund, which accounts for all financial resources except those required to be accounted for in another fund;

(ii) the special revenue funds, which account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes;

(iii) the capital projects funds, which account for financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by proprietary funds or trust funds; and

(iv) the debt service funds, which account for the accumulation of resources for and the payment of general long-term debt principal and interest;

(b) proprietary funds, which include:

(i) the enterprise funds, which account for operations:

(A) that are financed and operated in a manner similar to private business enterprises whenever the intent of the legislature is that costs (i.e., expenses, including depreciation) of providing goods or services to the general public on a continuing basis are to be financed or recovered primarily through user charges; or

(B) whenever the legislature has decided that periodic determination of revenue earned, expenses incurred, or net income is appropriate for

HeinOnline -- 1981 vol. I 44 1981

capital maintenance, public policy, management control, accountability, or other purposes; and

(ii) the internal service funds, which account for the financing of goods or services provided by one department or agency to other departments or agencies of state government or to other governmental entities on a cost-reimbursed basis;

(c) the fiduciary funds, which include trust and agency funds used to account for assets held by state government in a trustee capacity or as an agent for individuals, private organizations, other governmental entities, or other funds. These include:

(i) expendable trust funds;

(ii) nonexpendable trust funds;

(iii) pension trust funds; and

(iv) agency funds.

(d) the university funds, which include:

(i) the university current fund, *which accounts for* moneys deposited in the state treasury which are used to pay current operating costs relating to instruction, research, public service, and allied support operations and programs conducted within the Montana university system. The financial activities of the university current fund shall be subdivided, for operation purposes, into the four following subfunds to serve the purpose indicated:

(A) The unrestricted subfund segregates that portion of the university current fund's financial resources that can be expended for general operations and is free of externally imposed restrictions, except those imposed by the legislature.

(B) The restricted subfund segregates that portion of the university current fund's financial resources that can be expended for general operations but only for purposes imposed by sources external to the board of regents and the legislature.

(C) The designated subfund segregates that portion of the university current fund's financial resources that is associated with general operations but is separately classified in order to accumulate costs that are to be recharged as allocated to other funds or subfunds; identifies financial activities related to special organized activities of educational departments wherein the activity is fully supported by supplemental assessments; and identifies special supply and facility fees that are approved for collections beyond normal course fees and their disposition.

(D) The auxiliary subfund segregates that portion of the university current fund's financial resources that is devoted to providing essential on-campus services primarily to students, faculty, or staff wherein a fee, which is directly related to but does not necessarily equal the cost of the service provided, is charged to the consumer.

(ii) the university student loan fund, *which accounts for* moneys deposited in the state treasury which may be loaned to students, faculty, or staff

HeinOnline -- 1981 vol. I 45 1981

for purposes related to education, organized research, or public services by the Montana university system;

(iii) the university endowment fund, *which accounts for* moneys deposited in the state treasury by the Montana university system wherein the principal portion of the amount received is nonexpendable but is available for investment, thus producing consumable income. Expendable earnings on endowment funds are to be transferred to appropriate operating funds pursuant to prevailing administrative requirements.

(iv) the university annuity and life income fund, *which accounts for* moneys deposited in the state treasury by the Montana university system under an agreement whereby the moneys are made available on condition that the receiving unit of the Montana university system binds itself to pay stipulated amounts periodically to the donor or others designated by the donor over a specified period of time;

(v) the university plant fund, *which accounts for* those financial resources allocated to or received by the Montana university system for capital outlay purposes or to retire long-term debts associated with construction or acquisition of fixed assets and the net accumulative results of these activities; *and*

(vi) the university agency fund, *which accounts for* moneys deposited in the state treasury wherein the Montana university system acts in the capacity of a custodian or fiscal agent for individual students, faculty, staff, and qualified organizations.

(2) In addition to the funds provided for in subsection (1) of this section, there are in the state treasury the following account groups:

(a) the fixed assets account group, which is a self-balancing group of accounts set up to establish accounting control and accountability for the state's general fixed assets, except those accounted for in proprietary funds, trust funds, and the university funds designated in subsections (1)(d)(i)(D), (1)(d)(iii), and (1)(d)(v) of this section; and

(b) the long-term debt account group, which is a self-balancing group of accounts set up to establish accounting control and accountability for the state's unmatured general long-term liabilities, except those accounted for in proprietary funds, trust funds, and the university funds designated in subsections (1)(d)(i)(D), (1)(d)(iii), and (1)(d)(v) of this section."

Section 3. Section 17-2-103, MCA, is amended to read:

"**17-2-103. Previous definitions of funds — future provisions for segregation of moneys.** (1) It is the intent of the legislature that the definitions in 17-2-102 supersede all previous definitions of public funds which are inconsistent with the definitions found in this part.

(2) Any laws enacted in the future or any contracts entered into in the future in pursuance of law that require the segregation of moneys in the state treasury by means of a separate treasury fund shall be interpreted as permitting the segregation of such moneys by means of a subfund or account within one of the funds created by 17-2-102."

HeinOnline -- 1981 vol. I 46 1981

Section 4. Section 17-2-107, MCA, is amended to read:

"17-2-107. Accurate accounting records and interaccount loans. (1) The department of administration shall record receipts and disbursements for treasury funds and for accounts within treasury funds and shall maintain records in such a manner as to reflect the total cash and invested balance of each fund and each account. The department of administration shall adopt the necessary procedures to insure that interdepartmental or intradepartmental transfers of money do not result in inflation of figures reflecting total governmental costs and revenues.

(2) When the expenditure of an appropriation is necessary and the cash balance in the account from which the appropriation was made is insufficient, the department of administration may authorize a transfer, as a temporary loan bearing no interest, of unrestricted moneys from other accounts, provided that there is reasonable evidence that the income provided for the remainder of the fiscal year will be sufficient to restore the amount so transferred and provided the loan is recorded in the state accounting records. No account shall be so impaired that all proper demands thereon cannot be met.

(3) Any loan from the general fund or the university current unrestricted subfund to funds designated in subsections *(1)(d)(i)(D)* and *(1)(d)(ii)* through *(1)(d)(vi)* of 17-2-102 shall bear interest at a rate equivalent to the previous fiscal year's average rate of return on the board of investment's short-term investment pool. Except for investment earnings on restricted donations, all designated and restricted subfund investment earnings are credited to the state general fund.

(4) No accounting entity may have a negative cash balance at fiscal yearend. The department of administration may, however, allow any entity to carry a negative balance at any point during the fiscal year subject to the following restrictions:

(a) Accounting entity negative cash balances may not exist more than 7 working days in the funds provided in subsections (1)*(a)* through *(1)(c)* of 17-2-102.

(b) Units of the university system must maintain positive cash balances in the subfunds provided in subsections *(1)(d)(i)(A)* through *(1)(d)(i)(D)* and *(1)(d)(ii)* through *(1)(d)(vi)* of 17-2-102."

Section 5. **Department of administration to prepare legislation.** The department of administration shall prepare legislation for introduction in the 48th legislature that will appropriately amend all references in the Montana Code Annotated to 17-2-101 and 17-2-102, and the treasury funds mentioned therein prior to the effective date of section 1 of this act in order to correlate such references with this act.

Section 6. **Effective dates.** Sections 3 and 5 of this act are effective on passage and approval. Sections 1, 2, and 4 are effective on July 1, 1983.

Approved March 4, 1981.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-3-712, MCA, is amended to read:

"61-3-712. Definitions. As used in 61-3-711 through 61-3-733 the following definitions apply:

(1) "*Apportionable* vehicle" means a vehicle which is *used or intended for use* in more than one *jurisdiction* and used for the transportation of persons for hire, compensation, or profit, or designed or used primarily for the transportation of property.

(2) "Fleet" means *one* or more *apportionable* vehicles.

(3) "Jurisdiction" means and includes a state, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a foreign country, and a state or province of a foreign country.

(4) "Legal residence" means a jurisdiction where the person lives or conducts his business. This residence need not be coupled with the intent to live or conduct the business there on a permanent basis. The use of the word "residence" in 61-3-711 through 61-3-733 shall be confined to the definition given, and shall not be confused with the word "domicile". This definition of "residence" further recognizes that a person may have several residences, but only one domicile.

(5) "Preceding year" means a period of 12 consecutive months fixed by the department of highways, which period shall be within 16 months immediately preceding the commencement of the registration or license year for which proportional registration is sought. The department in fixing the period shall make it conform to the terms, conditions, and requirements of any applicable agreement or arrangements for the proportional registration of vehicles.

(6) (a) "Properly registered", as applied to place of registration, means:

(i) the jurisdiction where the person registering the vehicle has his legal residence;

(ii) in the case of *an apportionable* vehicle, the jurisdiction in which it is registered if the enterprise in which the vehicle is used has a place of business therein and if the vehicle is most frequently dispatched, garaged, serviced, maintained, operated, or otherwise controlled in or from the place of business and the vehicle has been assigned to the place of business; or

HeinOnline -- 1981 vol. I 53 1981

(iii) in the case of *an apportionable* vehicle, the jurisdiction where because of an agreement or arrangement between two or more jurisdictions or pursuant to a declaration the vehicle has been registered as required by that jurisdiction.

(b) In case of doubt or dispute as to the proper place of registration of a vehicle, the highway commission shall make the final determination, but in making the determination, the commission may confer with departments of the other jurisdictions affected."

Section 2. Section 61-3-721, MCA, is amended to read:

"61-3-721. Proportional registration of fleet vehicles, application, fee formula, and payment. (1) An owner engaged in operating one or more fleets may, instead of registration of vehicles under other sections of this title, register and license each fleet for operation in this state by filing an application with the department which shall contain the following information and any other information pertinent to vehicle registration the department requires:

(a) total fleet miles which is the total number of miles operated in all jurisdictions during the preceding year by the vehicles in the fleet during the year;

(b) in-state miles which is the total number of miles operated in this state during the preceding year by the vehicles in the fleet during the year; and

(c) a description and identification of each vehicle of the fleet which is to be operated in this state during the registration year for which proportional fleet registration is requested.

(2) The application for each fleet may be accompanied by a fee payment computed as follows:

(a) divide in-state miles by total fleet miles;

(b) determine the total amount necessary to register each vehicle in the fleet for which registration is requested, based on the regular annual registration fees prescribed by 61-3-321 and part 2 of chapter 10, and the property taxes which are due on the fleet;

(c) multiply the sum obtained under subsection (2)(b) by the fraction obtained under subsection (2)(a).

(3) Applications submitted with fees *may* be recomputed by the department and a statement furnished showing the overpayment or balance due.

(4) Applications submitted without fees shall be computed by the department and a statement furnished showing the amount of fees due."

HeinOnline -- 1981 vol. I 54 1981

fleet shall notify the department of highways of that fact on forms prescribed by the department. The department may require the owner to surrender proportional registration cards and other identification devices which have been issued with respect to that vehicle. If a vehicle is permanently withdrawn from a proportionally registered fleet because it has been destroyed, sold, or otherwise completely removed from the service of the registrant, the unused portion of the gross vehicle weight fees paid with respect to that vehicle shall be credited to the proportional registration account of the owner. This unused portion shall equal the amount paid with respect to the vehicle when it was first proportionally registered in the registration year, reduced by one-twelfth of the total annual gross vehicle weight fee of the vehicle for each calendar month and fraction thereof elapsing between the first day of the month of the current year in which the vehicle was registered and the date the notice of withdrawal is received by the department. This credit shall be applied against liability for *additional fees due* during the registration year or for additional fees due upon audit under 61-3-728. If a credit is less than $5, it may not be made or entered. In no event may the amount be credited against fees other than those for the registration year, nor may any amount be subject to refund."

Section 4. Section 61-3-730, MCA, is amended to read:

"61-3-730. Suspension of reciprocity benefits. *The* department *may* suspend or cancel the exemptions, benefits, or privileges granted *under 61-3-711 through 61-3-733* to a person who violates any of the conditions or terms of the agreements, arrangements, or declarations or violates the laws of this state relating to motor vehicles, or rules lawfully adopted thereunder."

Approved March 11, 1981.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 60-3-214, MCA, is amended to read:

"60-3-214. Construction or reconstruction of bridges. (1) The department may allocate from state construction moneys available for the federal-aid highway system up to $1 million in any fiscal year for the construction or reconstruction of any major bridge or system of bridges on the primary or secondary highway systems. This may be done only when the use of regularly apportioned funds would prohibit or seriously delay the orderly and necessary highway construction program in the financial districts.

(2) When the department, as a part of its finding of public necessity, declares that a particular bridge should be constructed or reconstructed on a designated portion of the primary or secondary highway, the allocation may be made. The allocation may be expended:

(a) on primary bridges when the department's estimate of the cost of construction or reconstruction is in excess of $500,000;

(b) on secondary bridges when the department's estimate of the state's share of the cost of construction or reconstruction is in excess of the total estimated future regular apportionment of state construction moneys to the federal-aid secondary system of the county or counties for a period of 3 years.

(3) The allocation shall be made from available state construction moneys for the primary system before the apportionment in 60-3-205 and for the secondary system before the apportionment in 60-3-206.

(4) The department may allocate from state construction money available for the federal-aid highway system money to construct a bridge located outside the boundaries of Montana if it determines, after an economic analysis of the cost of construction and maintenance of the bridge and the roads that adjoin it, that it is more economical to construct the bridge at such location than at a location within the boundaries of Montana and if another state participates in the funding of the project."

Approved March 11, 1981.

(2) A temporary special fuel permit for a nonresident operating agricultural harvesting equipment shall cost $30 per unit for a period beginning July 1 and ending October 31. The permit shall not be transferable. A unit shall be defined as:

(a) one truck suitable for hauling produce;

(b) one harvesting machine; and

(c) pickup trucks and any other accessory vehicles.

(3) All fees collected shall be remitted to the department or deposited directly in the earmarked revenue fund for the department of highways."

Section 2. Section 61-10-104, MCA, is amended to read:

If the combination consists of more than two units, the rear units of the combination shall be equipped with breakaway brakes.

(3) A motor vehicle may not tow more than one motor vehicle, and a motor vehicle may not draw more than two motor vehicles attached to it by the dual saddle-mount method; that is, by mounting the front wheels of one vehicle on the bed of another, leaving only the rear wheels of the vehicle in contact with the roadway, nor may this combination have an overall length, inclusive of front and rear bumpers, in excess of *65* feet.

HeinOnline -- 1981 vol. I 59 1981

(4) A passenger vehicle or truck of less than 2,000 pounds "manufacturers' rated capacity" may not tow more than one trailer or semitrailer, nor may this combination have an overall length, inclusive of front and rear bumpers, in excess of *65* feet."

"61-10-107. Maximum gross weight — when permit required. (1) *An axle may not carry a load in excess of* 20,000 pounds, and no two consecutive axles more than 40 inches or less than 96 inches apart *may* carry a load in excess of 34,000 pounds. For purposes of this section, axles 40 inches or less apart are considered as a single axle. *A vehicle or combination may not have more than nine axles.* The maximum gross weight allowed on a vehicle or combination so authorized by this *section* shall be determined by the formula W equals 500 (LN/N minus 1 plus 12N plus 36) in which W equals gross weight, L equals wheel base in feet, and N equals number of axles. However, the maximum allowable gross weight on a group of axles may not exceed the following values:

2 axles	40,000 pounds
3 axles	60,000 pounds
4 axles	80,000 pounds

The fee shall be $20 per trip permit or $100 per term permit. A term permit may not be issued for a period of time greater than the period for which the GVW license is valid. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department, purchase permits to expire with their registration. Permits may specify highway routing.*

(3) This section does not apply to highways which are a part of the national system of interstate and defense highways (as referred to in 23 U.S.C. 127) when application of this section would prevent this state from receiving federal funds for highway purposes."

Section 4. Section 61-10-109, MCA, is amended to read:

"61-10-109. Operation without special permits prohibited. The operation of vehicles or combinations of vehicles having *dimensions or* weights in excess of the maximum limits specified in *61-10-101 through 61-10-108* is permitted only if authorized by special permit issued by the department of highways or its agents or the highway patrol."

HeinOnline -- 1981 vol. I 60 1981

weight fees, a fee of *$10* for each *trip* permit *and a fee of $75 for each term permit* issued *for size and weight* in excess of *that* specified in 61-10-101 through 61-10-110 shall be paid for all movements under special permits on the public highways under the jurisdiction of the department.

(2) (a) Except as provided in subsection (2)(b), term or blanket permits may not be issued for an overwidth vehicle, combination of vehicles, load, or other thing in excess of 15 feet; an overlength vehicle, combination of vehicles, load, object, or other thing in excess of 85 feet; and an overheight vehicle, combination of vehicles, load, or other thing in excess of 13 ½ feet, or of a limit determined by the department. A vehicle, combination of vehicles, load, or other thing in excess of these dimensions is limited to trip permits.

(b) A term permit may be issued to a dealer in implements of husbandry and self-propelled machinery for an overwidth or overlength vehicle referred to in subsection (2)(a). The fee for this permit is $75. This permit covers a period of 1 year and expires on December 31 of each year with no grace period.

(3) Except as provided in subsection (2)(b), a permit may not be issued for a period of time greater than the period for which the GVW license is valid as provided in this title, including grace periods allowed by this title. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department, purchase permits to expire with their registration. A license required by the state governs the issuance of a special permit."

Section 6. Section 61-10-125, MCA, is amended to read:

"61-10-125. Other fees. In addition to the permit fee, there shall be charged for single trip permits, for the excess load over the gross allowable load or the sum of the excess axle loads, whichever is greater:

(1) *$10* for distances to and including 100 miles;

(2) *$30* for distances from 101 to 199 miles; and

(3) *$50* for distances over 200 miles traveled."

Section 7. Section 61-10-211, MCA, is amended to read:

"61-10-211. Fees on motortrucks, truck tractors, trailers, and semitrailers from other states. (1) In lieu of other fees for the licensing of vehicles, there shall be collected a fee for each motortruck, truck tractor, trailer, and semitrailer already licensed for the year in another jurisdiction and operated upon an itinerant basis in this state. The fee shall be collected upon each entrance of such vehicle into the state, and shall be based upon the number of miles to be traveled in the state as shown in the application of the nonresident operator.

(2) The fee shall be collected for any single vehicle. When any combination of truck, truck tractor, semitrailer, or trailer totals more than 6,000 pounds gross weight, the fee shall be collected for each unit in the combination.

(3) The fee shall be:

HeinOnline -- 1981 vol. I 61 1981

(a) *$10* for each trip of 200 miles or less;

(b) *$15* for each trip of over 200 miles to 400 miles;

(c) *$20* for each trip of over 400 miles.

(4) Such fees shall not apply to any trailer the principal use of which is as temporary or permanent living quarters, or to any vehicle of a carnival which is under contract with a state, county, or district fair association."

Section 6. Section 72-2-705, MCA, is amended to read:

"72-2-705. Augmented estate. The augmented estate means the estate, reduced by funeral and administration expenses, homestead allowance, family allowances and exemptions, and enforceable claims, to which is added the sum of the following amounts:

(1) the value of property transferred *to anyone other than a bona fide purchaser* by the decedent at any time during marriage, to or for the benefit of any person other than the surviving spouse, to the extent that the decedent did not receive adequate and full consideration in money or money's worth for the transfer, if the transfer is of any of the following types:

(a) any transfer under which the decedent retained at the time of his death the possession or enjoyment of or right to income from the property;

(b) any transfer to the extent that the decedent retained at the time of his death a power, either alone or in conjunction with any other person, to revoke or to consume, invade, or dispose of the principal for his own benefit;

(c) any transfer whereby property is held at the time of decedent's death by decedent and another with right of survivorship;

(d) any transfer made *to a donee* within 2 years of death of the decedent to the extent that the aggregate transfers to any one donee in any of the years exceed $3,000;

(2) any transfer is excluded if made with the written consent or joinder of the surviving spouse. Property is valued as of the decedent's death except that property given irrevocably to a donee during lifetime of the decedent is valued as of the date the donee came into possession or enjoyment if that occurs first. Nothing herein shall cause to be included in the augmented estate any life insurance, accident insurance, joint annuity, or pension payable to a person other than the surviving spouse.

(3) the value of property owned by the surviving spouse at the decedent's death, plus the value of property transferred by the spouse at any time during marriage to any person other than the decedent which would have been includible in the spouse's augmented estate if the surviving spouse had predeceased the decedent, to the extent the owned or transferred property is derived from the decedent by any means other than testate or intestate succession without a full consideration in money or money's worth. For purposes of this subsection:

(a) property derived from the decedent includes but is not limited to any beneficial interest of the surviving spouse in a trust created by the decedent during his lifetime, any property appointed to the spouse by the decedent's exercise of a general or special power of appointment also exercisable in favor of others than the spouse, any proceeds of insurance (including accidental death benefits) on the life of the decedent attributable to premiums paid by him, any lump sum immediately payable and the commuted value of the proceeds of annuity contracts under which the decedent was the primary annuitant attributable to premiums paid by him, the commuted value of accounts payable after the decedent's death

HeinOnline -- 1981 vol. I 79 1981

under any public or private pension, disability compensation, death benefit, or retirement plan, exclusive of the federal social security system, by reason of service performed or disabilities incurred by the decedent, *any property held at the time of decedent's death by decedent and the surviving spouse with right of survivorship, any property held by decedent and transferred by contract to the surviving spouse by reason of the decedent's death,* and the value of the share of the surviving spouse resulting from rights in community property in this or any other state formerly owned with the decedent. Premiums paid by the decedent's employer, his partner, a partnership of which he was a member, or his creditors are deemed to have been paid by the decedent.

(b) property owned by the spouse at the decedent's death is valued as of the date of death. Property transferred by the spouse is valued at the time the transfer became irrevocable or at the decedent's death, whichever occurred first. *Income* earned by included property prior to the decedent's death is not treated as property derived from the decedent.

(c) property owned by the surviving spouse as of the decedent's death or previously transferred by the surviving spouse is presumed to have been derived from the decedent, except to the extent that the surviving spouse establishes that it was derived from another source.

(4) For the purposes of this section, a bona fide purchaser is a purchaser for value in good faith and without notice of any adverse claim. Any recorded instrument is prima facie evidence that the transfer described therein was made to a bona fide purchaser."

Section 7. Section 72-2-706, MCA, is amended to read:

"72-2-706. Charging spouse with property received — liability of others for balance of elective share. (1) In the proceeding for an elective share, *values included in* the augmented estate which *pass* or *have* passed to the surviving spouse, *or which would have passed to the spouse but were renounced, are* applied first to satisfy the elective share and to reduce *any contributions* due from other recipients of *transfers included in* the augmented estate. *For purposes of this subsection, the electing spouse's beneficial interest in any life estate or in any trust shall be computed as if worth one-half of the total value of the property subject to the life estate, or of the trust estate, unless higher or lower values for these interests are established by proof.*

(2) Remaining property of the augmented estate is so applied that liability for the balance of the elective share of the surviving spouse is equitably apportioned among the recipients of the augmented estate in proportion to the value of their interests therein.

(3) Only original transferees from or appointees of the decedent and their donees, to the extent the donees have the property or its proceeds, are subject to the contribution to make up the elective share of the surviving spouse. A person liable to contribution may choose to give up the property transferred to him or to pay its value as of the time it is considered in computing the augmented estate."

Section 8. Section 72-2-707, MCA, is amended to read:

HeinOnline -- 1981 vol. I 80 1981

"72-2-707. Procedure for making of election. (1) The surviving spouse may elect to take his elective share in the augmented estate by filing in the court and mailing or delivering to the personal representative, if any, a petition for the elective share within *9* months after the date of death *or within 6 months after the probate of the decedent's will,* whichever limitation *last* expires. *However, the nonprobate transfers described in 72-2-705(1) shall not be included within the augmented estate for the purpose of computing the elective share if the petition is filed later than 9 months after death.* The court may extend the time for election as it sees fit for cause shown by the surviving spouse before the time for election has expired.

(2) The surviving spouse shall give notice of the time and place set for hearing to persons interested in the estate and to the distributees and recipients of portions of the augmented net estate whose interests will be adversely affected by the taking of the elective share.

(3) The surviving spouse may withdraw his demand for an elective share at any time before entry of a final determination by the court.

(4) After notice and hearing, the court shall determine the amount of the elective share and shall order its payment from the assets of the augmented net estate or by contribution as appears appropriate under 72-2-706. If it appears that a fund or property included in the augmented net estate has not come into the possession of the personal representative or has been distributed by the personal representative, the court nevertheless shall fix the liability of any person who has any interest in the fund or property or who has possession thereof, whether as trustee or otherwise. The proceeding may be maintained against fewer than all persons against whom relief could be sought, but no person is subject to contribution in any greater amount than he would have been if relief had been secured against all persons subject to contribution.

(5) The order or judgment of the court may be enforced as necessary in suit for contribution or payment in other courts of this state or other jurisdictions."

Section 9. Section 72-3-907, MCA, is amended to read:

"72-3-907. Purchases from distributees protected. If property distributed in kind or a security interest therein is acquired *for value* by a purchaser *from* or lender *to* a distributee who has received an instrument or deed of distribution from the personal representative, *or is so acquired by a purchaser from or lender to a transferee from such distributee,* the purchaser or lender takes title free of *rights of* any *interested person in the estate* and incurs no personal liability to the estate *or to any interested person,* whether or not the distribution was proper *or supported by court order or the authority of the personal representative was terminated before execution of the instrument or deed.*

This section protects a purchaser from or lender to a distributee who, as personal representative, has executed a deed of distribution to himself, as well as a purchaser from or lender to any other distributee or his transferee. To be protected under this provision, a purchaser or lender

HeinOnline -- 1981 vol. I 81 1981

need not inquire whether a personal representative acted properly in making the distribution in kind, *even if the personal representative and the distributee are the same person, or whether the authority of the personal representative had terminated before the distribution. Any recorded instrument described in this section shall be prima facie evidence that such transfer was made for value.*

For purposes of this section, the term purchaser includes any lessee or other person acquiring any interest in the property for value."

Section 10. Section 72-3-1005, MCA, is amended to read:

"72-3-1005. Final accounting required to close estate. (1) Before an estate may be finally closed and the personal representative relieved of his duties and obligations, he shall either file with the court or deliver to all interested persons an accounting under oath showing the amount of money received and expended by him, the amount of all claims presented against the estate, and the names of the claimants and all other matters necessary to show the state of its affairs.

(2) Any interested person at any time during the course of the administration of an estate may for good cause shown require further accountings.

(3) If the personal representative is the sole *residual* beneficiary of the estate, no accounting need be made."

Section 11. Section 72-3-1006, MCA, is amended to read:

"72-3-1006. Certificate or receipt showing taxes paid required to close estate. (1) In all probate proceedings under this code, before final distribution to successors is made and before any petition is granted under 72-3-1001, 72-3-1002, 72-3-1003, or 72-3-1004, there shall have been filed with the clerk:

(a) a certificate from the department of revenue *stating that any inheritance tax due on the assets of the estate has been paid; or*

(b) an agreement with the department of revenue for extension of time for payment of inheritance taxes; or

(c) a receipt from the county treasurer stating that any inheritance tax due on the assets of the estate has been paid.

(2) This section shall not prohibit such partial distribution as may become necessary in the course of administration."

Section 12. Section 72-4-201, MCA, is amended to read:

"72-4-201. Jurisdiction by act of foreign personal representative. (1) A foreign personal representative *submits personally to the jurisdiction of the courts of this state in any proceeding relating to the estate by:*

(a) filing authenticated copies of his appointment as provided in [section 16];

HeinOnline -- 1981 vol. I 82 1981

(b) receiving payment of money or taking delivery of personal property under 72-4-306; or

(c) doing any act as a personal representative in this state that would have given the state jurisdiction over him as an individual.

(2) Jurisdiction *under subsection (1)(b)* is limited to the money or value of personal property collected."

Section 13. Section 72-4-301, MCA, is amended to read:

"72-4-301. Powers of foreign representative generally. *A* domiciliary foreign personal representative who has complied with *[section 16]* may exercise as to assets in this state all powers of a local personal representative and may maintain actions and proceedings in this state, subject to any conditions imposed upon nonresident parties generally."

Section 14. Section 72-4-306, MCA, is amended to read:

"72-4-306. Payment of debt and delivery of property to foreign representative. At any time after the expiration of 60 days from the death of a nonresident decedent, any person indebted to the estate of the nonresident decedent or having possession or control of personal property or of an instrument evidencing a debt, obligation, stock, or chose in action belonging to the estate of the nonresident decedent may pay the debt, deliver the personal property, or the instrument evidencing the debt, obligation, stock, or chose in action to the domiciliary foreign personal representative of the nonresident decedent upon being presented with *proof of his appointment and an affidavit made by or on behalf of the representative, stating:*

(1) the date of the death of the nonresident decedent;

(2) that no local administration, or application or petition therefor, is pending in this state;

(3) that the domiciliary foreign personal representative is entitled to payment or delivery."

Section 15. Section 72-4-308, MCA, is amended to read:

"72-4-308. Payment or delivery to foreign representative prohibited by resident creditor notice. Payment or delivery under 72-4-306 may not be made if a resident creditor of the nonresident decedent has notified the debtor of the nonresident decedent or the person having possession of the personal property belonging to the nonresident decedent that the debt should not be paid or the property delivered to the domiciliary foreign personal representative."

Section 16. **Proof of authority — bond.** If no local administration or application or petition therefor is pending in this state, a domiciliary foreign personal representative may file with a court in this state in a county in which property belonging to the decedent is located, authenticated copies of his appointment and of any official bond he has given.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 16-4-204, MCA, is amended to read:

"16-4-204. Contents of license — posting — privilege — transfer — expiration. (1) Every license issued under this part shall set forth the name of the person to whom issued, the location, by street and number or other appropriate specific description of location if no street address exists, of the premises where the business is to be carried on under said license, and such other information as the department shall deem necessary. If the licensee is a partnership or if more than one person has any interest in the business operated under the license, the names of all persons in the partnership or interested in the business must appear on the license. Every license must be posted in a conspicuous place on the premises wherein the business authorized under the license is conducted, and such license shall be exhibited upon request to any authorized representative of the department or to any peace officer of the state of Montana.

(2) Any license issued under the provisions of this part shall be considered a privilege personal to the licensee named in the license and shall be good until the expiration of the license unless sooner revoked or suspended.

(3) A license may be transferred to the executor or administrator of the estate of any deceased licensee when such estate consists in whole or in part of the business of selling liquor under a license, and in such event the license may descend or be disposed of with the business to which it is applicable under appropriate probate proceedings.

(4) In the event of a major loss or damage to licensed premises by unforeseen natural causes or in case of expiration of lease of the licensed premises or in the event of eviction or increase of rent by the landlord (in case of rented licensed premises) or in case of proposed removal of license to premises as substantially suited for the retail liquor business as the premises vacated, the licensee may apply to the department for a transfer of the license to different premises. The department may in its discretion permit a transfer in such cases if it appears to the department that such a transfer is required to do justice to the licensee applying for the transfer. The department shall in no event nor for any cause permit a transfer to different premises where the sanitary, health, and service facilities are less satisfactory than such facilities which exist or had existed at the premises from which the transfer is proposed to be made.

(5) Upon a bona fide sale of the business operated under any license, the license may be transferred to a qualified purchaser. No transfer of any license as to person or location shall be effective unless and until approved by the department, and any licensee or transferee or proposed transferee who operates or attempts to operate under any supposedly transferred license prior to the approval of such transfer by the department, endorsed upon the license in writing, shall be considered as operating without a license and the license affected may be revoked or suspended by the department. The department may, within its discretion, permit a qualified purchaser to operate the business to be transferred pending final approval, providing the application for transfer has been filed with the department.

(6) (a) *Except as provided in subsection (6)(b), a* license may be transferred to a new ownership and to a location outside the quota area for which it was originally issued only when the following criteria are met:

(i) the total number of all-beverages licenses in the original quota area exceeded the quota for that area by at least 25% in the most recent census;

(ii) the total number of all-beverages licenses in the quota area to which the license would be transferred did not exceed that area's quota by more than 25% in the most recent census; and

(iii) the department finds, after a public hearing, that the public convenience and necessity would be served by such a transfer.

(b) A license within an incorporated quota area may be transferred to a new ownership and to a new unincorporated location within the same county on application to and with consent of the department when the quota of the all-beverages licenses in the original quota area exceeds the quota for that area by at least 25% in the most recent census and will not fall below that level because of the transfer.

(c) Except as provided in subsection (b) above, a license transferred between quota areas under this section may not be mortgaged or pledged as security and may not be transferred to another person except for a transfer by inheritance upon the death of the licensee. A license transferred between quota areas under this section may be held only by natural persons. CHAPTER NO. 60

AN ACT REVISING THE EXCLUSION PROVISION IN THE PUBLIC EMPLOYEES' RETIREMENT ACT FOR LEGISLATIVE EMPLOYEES; AMENDING SECTION 19-3-403, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 19-3-403, MCA, is amended to read:

"19-3-403. Exclusions. The following persons may not become members of the retirement system:

(1) elective officers who have not filed with the board written requests to become members, except that a person so excluded from membership may later become a member by otherwise becoming an employee or by written request after a subsequent election to office, and if he affirmatively exercises the option, the contributions of the employer because of his membership shall be the same as they would have been had he not been so excluded;

(2) inmates of state institutions who are allowed compensation for such service as they are able to perform;

(3) persons in state institutions principally for the purpose of training, but who receive compensation;

(4) independent contractors, unless there is a written contract which specifies the creation of an employer-employee relationship for purposes of retirement coverage under The Public Employees' Retirement System Act;

(5) employees serving in employment which does not exceed the equivalent of 60 working days in any fiscal year;

(6) employees in service on July 1, 1945, or prior thereto who filed with the board elections not to become members, except that a person so excluded from membership may become a member and be eligible thereafter to receive the same benefits that he would have received if he had never filed an election not to be a member by meeting the requirements prescribed in 19-3-505 and 19-3-506;

(7) persons directly appointed by the governor who do not file with the board an election in writing to become members;

(8) persons who are members of any other retirement or pension system supported wholly or in part by funds of the United States government, any state government, or political subdivision thereof and who are receiving credit in the other system for service, it being the purpose of this subsection to prevent a person from receiving credit for the same service in two retirement systems supported wholly or in part by public funds, except when the service qualifies, is applied for, and purchased pursuant to 19-3-503. A member of the retirement system who, because of his employment by the state, is required to become a member of any other system described in this subsection shall be considered, solely for the purposes of making normal contributions, as permanently separated from service. Exclusion under this subsection is subject to the following exceptions:

(a) When an employer has entered into a collective bargaining agreement which includes provisions for payments or contributions by the employer in lieu of wages to a retirement or pension plan qualified by the internal revenue service for its employees, the employees remain eligible, if otherwise qualified, for membership in the retirement system, and the payments or contributions in lieu of wages may not be considered a part of the employees' compensation for purposes of computing the employer or employee contributions to the retirement system.

HeinOnline -- 1981 vol. I 92 1981

(b) For the purpose of this subsection (8), persons receiving pensions, retirement allowances, or other payments from any source on account of employment other than as an employee as defined in this chapter are not considered, because of such receipt, members of any other retirement or pension system.

(9) court commissioners or appointive members of any board or commission who serve the state or any contracting employer intermittently and who are paid on a per diem basis;

(10) persons who become employees after they have reached their 60th birthday and have no creditable service in this system and who do not file with the board an election to become members;

(11) employees of county hospitals or county rest homes in the sixth and seventh class counties, unless they elect to file with the board an election in writing to become members;

(12) persons employed *for 6 months or less* by the legislature *or the legislative council to perform work related to* the legislative session who do not file with the board an election in writing to become members;

(13) students of any public elementary school, high school, vocational-technical center, or community college or any unit of the state university system, except that a person so excluded from membership as a student of a public community college or a unit of the state university system who later becomes a member by otherwise becoming an employee may affirmatively exercise the option of qualifying the service excluded by this subsection by applying to the board in writing within 1 year after becoming a member and become eligible to receive credit for the excluded service under the provisions of 19-3-505;

(14) effective October 1, 1978, employees whose positions are funded under the federal Comprehensive Employment and Training Act (CETA) and who file with the board elections not to become members. An employee who exercises his election is considered terminated and is eligible for a refund under 19-3-703, and any employer contributions made on his behalf after October 1, 1978, must be returned to the funding agency. If he is subsequently transferred to non-CETA employment and consequently becomes a member, he may revoke his election within 1 year after the transfer date by filing a written revocation with the board and he will then be eligible to qualify the service previously excluded by this subsection under the provisions of 19-3-505.

(15) the chief administrative officer of any city or county where the chief administrative officer has filed an election in writing with the board to be excluded from membership, this election to be filed no later than July 1, 1979, or 30 days after initial employment by a county or city whichever is later."

CHAPTER NO. 65

AN ACT TO REQUIRE THE APPLICATION FOR AND THE POSSESSION OF A PERMIT AND A HEALTH CERTIFICATE, UNLESS THE PERMIT OR CERTIFICATE IS WAIVED, BEFORE CERTAIN ANIMALS, ANIMAL SEMEN, OR ANIMAL BIOLOGICS MAY BE IMPORTED INTO MONTANA; AND PROVIDING FOR AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** This part may be cited as the "Animal Importation Permit and Health Certificate Act of 1981".

Section 2. **Definitions.** As used in this part, the following definitions apply:

(1) "Animals" means livestock, dogs, cats, rabbits, rodents, game animals, fur-bearing and wild animals, and poultry and other birds.

(2) "Biologics" means medicinal preparations made from living organisms and their products. It includes but is not limited to serums, vaccines, antigens, and antitoxins.

(3) "Department" means the department of livestock.

(4) "Health certificate" means a legible record written on an official health certificate form of the state of origin or on an equivalent form of the U.S. department of agriculture attesting that the animals, animal semen, or animal biologics described thereon have been visually inspected by a federally accredited veterinarian and found to meet the entry requirements of the state of Montana.

(5) "Livestock" means cattle, horses, mules, asses, sheep, swine, and goats.

(6) "Permit" means an official document issued by the department after proper application that allows the movement of animals, animal semen, or animal biologics into Montana.

(7) "Poultry" means domesticated birds, including but not limited to chickens, turkeys, ducks, geese, guinea fowl, pigeons, and pheasants.

Section 3. **Documents required for importation — exemption.** (1) Except as provided in subsection (6) no animal, animal semen, or animal biologic may be brought into the state without a permit and also a health certificate.

HeinOnline -- 1981 vol. I 97 1981

(2) The department shall issue a permit if no significant danger to the public health will ensue upon importation of the animal into the state.

(3) The department may waive the requirement for a health certificate or a permit as provided in subsection (7).

(4) The requirements of subsection (1) apply regardless of species, breed, sex, class, age, point of origin, place of destination, or purpose of movement.

(5) All required documents must be attached to the waybill or be in possession of the driver of the transporting vehicle or of the person in charge of the animals. When a single permit or health certificate is issued for animals being moved in more than one vehicle, the driver of each vehicle shall have in his possession a copy of the permit and, where applicable, a health certificate.

(6) Animals, animal semen, or animal biologics being moved through the state with no intent to unload or deliver in the state are exempted from this part. In an emergency situation, such transitory cargo may be unloaded in compliance with the quarantine rules promulgated by the department.

(7) A waiver of the requirement for a health certificate or a permit shall be based upon evidence that there will be no significant danger to the public health if the exemption is granted.

Section 4. **Quarantine for illegal entry — liability for expenses.** (1) Animals, animal semen, or animal biologics which enter the state of Montana without the required importation papers or in violation of any rules of the department shall be held in quarantine at the risk of the owner.

(2) The quarantine may be released only after the department has been satisfied, by appropriate means, that the animals, animal semen, or animal biologics under quarantine meet the requirements of law and the rules of the department.

(3) The owner of animals, animal semen, or animal biologics quarantined under this part is liable for all department expenses resulting from that quarantine except the expense of the salary of the supervising officer representing the department. Expenses include, but are not limited to, the expense of inspecting, testing, supervision of quarantine, supervision of dipping, supervision of disinfection, supervision of treatment, and laboratory testing.

Section 5. **Lien resulting from quarantine — foreclosure of lien.** (1) In accordance with the provisions of 81-2-109, the expenses of quarantine detailed in [section 4] are a lien on the animals, semen, or biologics and the department may retain possession of them until the charges and expenses are paid. The lien is dependent on possession and may be foreclosed in the name of the agent of the department by sale at public auction of the animals, semen, or biologics or as much of them as may be necessary to pay the expenses.

HeinOnline -- 1981 vol. I 98 1981

(2) Posting notice for 10 days at three public places in the county is required prior to auction. The lien may also be foreclosed by filing an action against the owner of the property to recover the amount of charges and expenses in a court of competent jurisdiction.

Section 6. **Consignment requirements.** (1) All animals, animal semen, or animal biologics brought into Montana, other than transitory cargo, must be consigned to or in the care of a person, entity, or authorized agent of either located in Montana.

(2) The person, entity, or authorized agent must notify the department of its intent to receive any animals, animal semen, or animal biologics and is responsible for acquiring all required permits and ensuring that they are accompanied by all required health certificates.

(3) No person consigning, transporting, or receiving animals, animal semen, or animal biologics into Montana may authorize, order, or carry out any diversion of them or any portion thereof to a destination or consignee other than as set forth on the permit or health certificate without first obtaining written permission from the department.

Section 7. **Department rulemaking power.** The department may promulgate, administer, and enforce rules necessary to implement this part.

Section 8. **Penalty.** A person convicted of violating [this act] shall be fined not more than $500, be imprisoned in the county jail for a term not to exceed 6 months, or both.

Section 9. **Codification instruction.** This act is intended to be codified as a new part in Title 81, chapter 2, and the provisions of Title 81, chapter 2, part 1, apply to this act.

Section 10. **Effective date.** This act is effective on passage and approval.

Approved March 16, 1981.

CHAPTER NO. 66

AN ACT TO DELETE THE REQUIREMENT THAT DENTISTS, OSTEOPATHIC PHYSICIANS, PODIATRISTS, OPTOMETRISTS, AND CHIROPRACTORS MUST REGISTER THEIR LICENSES IN COUNTIES WHERE THEY PRACTICE; AMENDING SECTIONS 37-4-303, 37-6-304, AND 37-10-301, MCA; AND REPEALING SECTIONS 37-4-304, 37-4-305, 37-5-306, 37-10-305, AND 37-12-306, MCA.

WHEREAS, during the course of its sunset audits the legislative audit committee noted that licensees of several professions are required to register their licenses with the county clerk and recorder; and

HeinOnline -- 1981 vol. I 99 1981

WHEREAS, all such licensees are licensed by the state and county registration serves no public purpose.

THEREFORE, it is the intent of this bill to delete county registration requirements for members of various professions.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 37-4-303, MCA, is amended to read:

"37-4-303. Replacing lost certificate. The department shall, on proof satisfactory to the board of the loss of a certificate issued under this chapter, issue a duplicate certificate, and a fee of $10 shall be charged for issuing the certificate."

Section 2. Section 37-6-304, MCA, is amended to read:

"37-6-304. Designations on license — recording — annual renewal fee — display. (1) A license issued under this chapter shall be designated as a "registered podiatrist's license" and may not contain any abbreviations thereof or any other designation or title, except that a statement of limitation shall be contained in the license referring to the licensee as a "registered podiatrist—practice limited to the foot" so as not to mislead the public with respect to his right to treat other portions of the body.

(2) Licenses shall be recorded by the department the same as other medical licenses.

(3) A license renewal fee set by the board in an amount not to exceed $25 shall be paid annually on July 1 of each year, and if not paid within 3 months, the license shall be revoked and may be reissued only on original application and payment of a fee of $35.

(4) Licenses shall be conspicuously displayed by podiatrists at their offices or other places of practice."

Section 3. Section 37-10-301, MCA, is amended to read:

"37-10-301. Certificate required for practice — unlawful acts — injunction. (1) It is unlawful for a person to:

(a) practice optometry in this state unless he has first obtained a certificate of registration;

(b) sell, barter, or offer to sell or barter a certificate of registration issued by the department;

(c) purchase or procure by barter a certificate of registration with intent to use it as evidence of the holder's qualification to practice optometry;

(d) materially alter with fraudulent intent a certificate of registration;

(e) use or attempt to use a certificate of registration which has been purchased, fraudulently issued, counterfeited, or materially altered as a valid certificate of registration;

HeinOnline -- 1981 vol. I 100 1981

(f) practice optometry under a false or assumed name;

(g) willfully make a materially false statement in an application for an examination by the department or for a certificate of registration;

(h) advertise by displaying a sign or by otherwise holding himself out to be an optometrist without having at the time a valid certificate of registration;

(i) replace or duplicate ophthalmic lenses with or without a prescription or to dispense ophthalmic lenses from prescriptions without having at the time a valid certificate of registration as an optometrist; however, this subsection does not prevent an optical mechanic from doing the merely mechanical work on an ophthalmic lens which is ordered on a prescription signed by a registered optometrist and is dispensed only by the optometrist or a person employed by the optometrist and who does so in the office of and under the direct personal supervision of an optometrist;

(j) take or make measurements for the purpose of fitting or adapting ophthalmic lenses to the human eye without having at the time a valid certificate of registration. A person who takes or makes measurements or uses mechanical devices for this purpose or who, in the sale of spectacles, eyeglasses, or lenses, uses in the testing of the eyes lenses other than the lenses actually sold is practicing optometry. However, this section does not apply to the prescriptions of qualified optometrists when sent to a recognized optical laboratory.

(k) advertise at a price or stated terms of a price or as being free, the following:

(i) the examination or treatment of the eyes;

(ii) furnishing of optometrical services; or

(iii) furnishing a lens, lenses, contact lens, contact lenses, glasses, frames, or fitting thereof. However, this subsection does not apply to advertising goggles, sunglasses, colored glasses, or occupational eye-protective devices if they are not made with refractive values and are not advertised in connection with the practice of optometry or professional service.

(l) adapt a lens to direct, contiguous contact to the human eyeball without having at the time a valid certificate of registration as an optometrist.

(2) When the board has reasonable cause to believe that a person is violating this section or a rule issued under this chapter, it may, in addition to other remedies provided in this chapter, bring an action for injunctive relief in district court in the county where the violation occurs to enjoin the person from engaging in or continuing the violation. The department may employ legal counsel to prosecute these actions. In these actions and on notice and hearing, an order or judgment may be entered awarding a temporary restraining order or final injunction as considered

HeinOnline -- 1981 vol. I 101 1981

proper by the judge of the district court in the county where the violation occurred."

Section 4. **Repealer.** Sections 37-4-304, 37-4-305, 37-5-306, 37-10-305, and 37-12-306, MCA, are repealed.

Approved March 16, 1981.

(2) "Declaration of emergency" means a declaration of a state of emergency by the governor as authorized by 10-3-302.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 16-4-105, MCA, is amended to read:

"16-4-105. Limit on retail beer licenses — wine license amendments — off-premises consumption. (1) Except as otherwise provided by law, a license to sell beer at retail or beer and wine at retail, in accordance with the provisions of this code and the rules of the department, may be issued to any person, firm, or corporation who is approved by the department as a fit and proper person, firm, or corporation to sell beer, except that:

(a) the number of retail beer licenses that the department may issue for premises situated within incorporated cities and incorporated towns and within a distance of 5 miles from the corporate limits of such cities and towns shall be determined on the basis of population as shown by the

HeinOnline -- 1981 vol. I 121 1981

most recent official United States census authorized by congress, as follows:

(i) in incorporated towns of 500 inhabitants or less and within a distance of 5 miles from the corporate limits of such towns, not more than one retail beer license, which may not be used in conjunction with a retail all-beverages license;

(ii) in incorporated cities or incorporated towns of more than 500 inhabitants and not over 2,000 inhabitants and within a distance of 5 miles from the corporate limits of such cities or towns, one beer license for each 500 inhabitants, which may not be used in conjunction with retail all-beverages licenses;

(iii) in incorporated cities of over 2,000 inhabitants and within a distance of 5 miles from the corporate limits of such cities, two additional retail beer licenses for the first 2,000 inhabitants or major fraction thereof and one additional retail beer license for each additional 2,000 inhabitants, which may not be used in conjunction with retail all-beverages licenses;

(b) the number of the inhabitants in such cities and towns, exclusive of the number of inhabitants residing within a distance of 5 miles from the corporate limits thereof, shall govern the number of retail beer licenses that may be issued for use within such cities and towns and within a distance of 5 miles from the corporate limits thereof. If two or more incorporated municipalities are situated within a distance of 5 miles from each other, the total number of retail beer licenses that may be issued for use in both of such municipalities and within a distance of 5 miles from their respective corporate limits shall be determined on the basis of the combined populations of both of such municipalities and may not exceed the foregoing limitations. The distance of 5 miles from the corporate limits of any incorporated city or incorporated town shall be measured in a straight line from the nearest entrance of the premises proposed for licensing to the nearest corporate boundary of such city or town.

(c) retail beer licenses of issue on March 7, 1947, and which are in excess of the foregoing limitations shall be renewable, but no new licenses may be issued in violation of such limitations;

(d) such limitations do not prevent the issuance of a nontransferable and nonassignable retail beer license to a post of a nationally chartered veterans' organization or a lodge of a recognized national fraternal organization if such veterans' or fraternal organization has been in existence for a period of 5 years or more prior to January 1, 1949;

(e) the number of retail beer licenses that the department may issue for use at premises situated outside of any incorporated city or incorporated town and outside of the area within a distance of 5 miles from the corporate limits thereof or for use at premises situated within any unincorporated town shall be as determined by the department in the exercise of its sound discretion, except that no retail beer license may be issued for any premises so situated unless the department determines that the issuance of such license is required by public convenience and necessity.

(2) A person holding a license to sell beer for consumption on the premises at retail may apply to the department for an amendment to the

HeinOnline -- 1981 vol. I 122 1981

license permitting the holder to sell wine as well as beer. The division may issue such amendment if it finds, on a satisfactory showing by the applicant, that the sale of wine for consumption on the premises would be supplementary to a restaurant or prepared-food business. A person holding a beer-and-wine license may sell wine for consumption on *or off* the premises. Nonretention of the beer license, for whatever reason, shall mean automatic loss of the wine amendment license.

(3) A retail license to sell beer or table wine, or both, in the original packages for off-premises consumption only may be issued to any person, firm, or corporation who is approved by the department as a fit and proper person, firm, or corporation to sell beer or table wine, or both, and whose premises proposed for licensing are operated as a bona fide grocery store or a drugstore licensed as a pharmacy. The number of such licenses that the department may issue is not limited by the provisions of subsection (1) of this section but shall be determined by the department in the exercise of its sound discretion, and the department may in the exercise of its sound discretion grant or deny any application for any such license or suspend or revoke any such license for cause."

Approved March 18, 1981.

Be it enacted by the Legislature of the State of Montana:

(1) It is the policy of this state to encourage and enable its citizens to obtain and receive an education commensurate with their abilities and desires. It is recognized that institutions offering postsecondary educational, vocational, and professional instruction perform a useful and necessary service to the citizens of the state in achieving this objective. It is found that certain institutions have either by unscrupulous, unfair, and deceptive practices or through substandard instruction deprived the citizens of this state of educational opportunity and subjected them to financial loss. The actions of such institutions also reflect unfavorably upon the reputable postsecondary institutions which are in the great majority. Thus it is the purpose of this

(c) "Application" means either an application for the initial issuance of a license or permit or for the renewal of a license or permit.

(d) "Department" means the department of business regulation.

(e) "Education or educational services" means a class, course, or program of training, instruction, or study.

(g) "Grant" means sell, award, confer, bestow, or give.

(j) "Offer" means, in addition to its usual meaning, to advertise, publicize, solicit, or encourage any person, directly or indirectly, in any form, to perform the act described.

HeinOnline -- 1981 vol. I 139 1981

(5) An applicant for examination may, in the discretion of the board, be given a temporary permit to practice veterinary medicine prior to taking the examination if the applicant is employed by and working under the supervision of and in the same office with a veterinarian licensed under this part. The temporary permit is valid only until the date of the next examination. Under no circumstances may a second temporary permit be issued to the same person. A temporary permit may not be issued to a person who has failed an examination given under this section."

"61-8-402. Chemical blood, breath, or urine tests. (1) Any person who operates a motor vehicle upon the public highways of this state

HeinOnline -- 1981 vol. I 146 1981

shall be deemed to have given consent, subject to the provisions of 61-8-401, to a chemical test of his blood, breath, or urine for the purpose of determining the alcoholic content of his blood if arrested by a peace officer for driving or in actual physical control of a motor vehicle while under the influence of *alcohol*. The test shall be administered at the direction of a peace officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle upon the public highways of this state while under the influence of *alcohol*. The arresting officer may designate which one of the aforesaid tests shall be administered.

(2) Any person who is unconscious or who is otherwise in a condition rendering him incapable of refusal, shall be deemed not to have withdrawn the consent provided by subsection (1) of this section.

(3) If a person under arrest refuses upon the request of a peace officer to submit to a chemical test designated by the arresting officer as provided in subsection (1) of this section, none shall be given, but the division, upon the receipt of a sworn report of the peace officer that he had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle upon the public highways of this state while under the influence of *alcohol* and that the person had refused to submit to the test upon the request of the peace officer, shall suspend the license or driving privilege of such person on the highways of this state for a period of 60 days. Like refusal by a nonresident shall be subject to suspension by the division in like manner. All such suspensions are subject to review as hereinafter provided."

Section 2. Section 61-8-403, MCA, is amended to read:

"61-8-403. Right of appeal to court. The division shall immediately notify any person whose license or privilege to drive has been suspended, as hereinbefore authorized, in writing and such person shall have the right to file a petition within 30 days thereafter for a hearing in the matter in the district court in the county wherein such person shall reside. Such court is hereby vested with jurisdiction and it shall be its duty to set the matter for hearing upon 30 days' written notice to the county attorney of the county wherein the appeal is filed and such county attorney shall represent the state, and thereupon the court shall take testimony and examine into the facts of the case, except that the issues shall be limited to whether a peace officer had reasonable grounds to believe the person had been driving or was in actual physical control of a vehicle upon the public highways while under the influence of *alcohol*, whether the person was placed under arrest, and whether such person refused to submit to the test. The court shall thereupon determine whether the petitioner is entitled to a license or is subject to suspension as heretofore provided."

Section 3. Section 61-8-404, MCA, is amended to read:

HeinOnline -- 1981 vol. I 147 1981

the person's blood at the time of the act alleged as shown by a chemical analysis of his blood, breath, or urine is admissible.

(2) If the person under arrest refused to submit to the test as hereinabove provided, proof of refusal shall be admissible in any criminal action or proceeding arising out of acts alleged to have been committed while the person was driving or in actual physical control of a motor vehicle upon the public highways while under the influence of *alcohol.*

(3) The provisions of this part do not limit the introduction of any other competent evidence bearing on the question of whether the person was under the influence of *alcohol.*"

Section 4. Section 61-8-405, MCA, is amended to read:

"61-8-405. Administration of tests. (1) Only a physician or registered nurse *or other qualified person under the supervision and direction of a physician or registered nurse* acting at the request of a peace officer may withdraw blood for the purpose of determining the alcoholic content therein. This limitation shall not apply to the taking of breath or urine specimens.

(2) The person tested may, at his own expense, have a physician or registered nurse of his own choosing administer a test, in addition to any administered at the direction of a peace officer, for the purpose of determining the amount of alcohol in his blood at the time alleged as shown by chemical analysis of his blood, breath, or urine. The failure or inability to obtain an additional test by a person shall not preclude the admissibility in evidence of the test taken at the direction of a peace officer.

(3) Upon the request of the person tested full information concerning the test taken at the direction of the peace officer shall be made available to him or his attorney.

(4) No physician or registered nurse *or other qualified person under the supervision and direction of a physician or registered nurse* shall incur any civil or criminal liability as a result of the proper administering of a blood test when requested in writing by a peace officer to administer such a test.

(5) If the test given under 61-8-402 is a chemical test of urine, the person tested shall be given such privacy in the taking of the urine specimen as will insure the accuracy of the specimen and, at the same time, maintain the dignity of the individual involved.

(6) The division of motor vehicles in cooperation with the *division of forensic sciences,* or any other appropriate agency, shall adopt uniform *rules* for the giving of blood alcohol tests and may require certification of training to administer such tests as deemed necessary."

The conditions under which the department may issue certificates of registration for each class are specified in [sections 3 through 7].*

(2) Applications shall be made to the department for registration application blanks.

(a) a statement of the name and place of residence;

(b) the number of colonies of bees, hives, and equipment in the apiary;

(c) the location of the apiary, setting forth specifically the location by sectional division to the nearest quarter section, and the township and range and, if within the corporate limits of a town or city, the number of the lot and block in the town or city;

(d) the name of the owner, renter, or occupant of the land on which the apiary is located *and, when the application is for a new apiary being*

registered for the first time, the application must also show that the owner, renter, or occupant of the land has consented to the apiary being located on his land;

(e) the date when the apiary was first established;

(f) the class of apiary registration for which application is being made; and

(g) other information the department may require under rules adopted by it for the protection, safety, and welfare of the public and *the* beekeeping industry.

(4) Upon receipt of the application and payment of the fees prescribed, the department may issue a certificate of registration for an apiary, setting forth the name of the owner, the specific location, the number of colonies of bees or size of the apiary authorized under the registration, *and the class of apiary authorized by the registration.*

(5) In issuing certificates of registration for apiaries, if there is a conflict between applicants with respect to location, the department shall give preference to the applicant having the oldest continuous registered apiary.

(6) Certificates of registration may not be issued for new apiaries which are within such close proximity to established registered apiaries that there is or may be danger of spread of disease or that the proximity will or may interfere with the proper feeding and honey flow of established apiaries.

(7) Before registering new apiaries, the department shall give at least 10 days' notice by certified mail to all registered apiarists likely to be affected by the proposed new apiary so that any party affected may file written protests with the department against registering the new apiary. If a written protest is filed, the department may require a hearing. Notice of the time and place of the hearing shall be given all parties interested by certified mail at least 10 days before the date set for the hearing.

(8) Suitable evidence of registration furnished by the department shall be posted by the apiary registrant in a conspicuous place at or near the apiary. If an owner has more than one apiary, suitable evidence of registration furnished by the department shall be posted at each apiary.

(9) A registration not applied for by April 1 of each year is a late registration and incurs an added penalty of 10% of the regular registration fee. Registrants who fail to apply for reregistration by April 1 of each year shall be notified of their delinquency by the department. The notification shall be by certified mail and is sufficient if deposited in a United States post office or mail box and addressed to the registrant at his last address appearing in the apiary registration files of the department at least 10 days before May 1. The registration of an apiary for which application for reregistration is not made by May 1 of each year is forfeited and all rights under the registration terminate.

(10) Any person who owns or possesses any bees, hives, colonies, or beekeeping equipment in this state or who owns or possesses an apiary in this state and who fails or refuses to register the same as provided in

HeinOnline -- 1981 vol. I 175 1981

this part is guilty of a misdemeanor and upon conviction thereof is subject to the penalties set forth in 80-6-303.

(11) Nothing contained in this section or in [sections 3 through 7] shall be construed as invalidating, canceling, amending, terminating, or extending any certificate of registration issued by the department prior to [the effective date of this act]. All such previously issued certificates of registration remain in effect for the period for which they were issued; subject, however, to forfeiture, lapse, abandonment, and termination in the manner provided by law."

Section 3. **General apiary registrations.** (1) In order to control, limit, and prevent the spread of bee diseases and other contagious or infectious diseases among bees, hives, and apiaries and to control, limit, and prevent interference with the proper feeding and honey flow of established apiaries, general apiaries registered to different persons on [the effective date of this act] must be located 3 or more miles apart, except as otherwise provided in this part. The department shall not register or issue a certificate of registration for any general apiary that is located less than 3 miles from a general apiary registered to another person, except as otherwise provided in this section.

(2) A person may register a general apiary that is situated less than 3 miles from another general apiary he has registered so long as the location of the general apiary being applied for is 3 or more miles from general apiaries registered to other persons.

(3) A general apiary may be registered even though it is less than 3 miles from any registered pollination apiary, landowner apiary, or hobbyist apiary.

(4) A person with an existing apiary that is located less than 3 miles from an existing general apiary registered to another person may register his apiary as a general apiary under the following conditions:

(a) his apiary was established and registered with the department as a general apiary under the department's rules in effect prior to July 1, 1981;

(b) his apiary is registered with the department as a general apiary as of July 1, 1981; and

(c) the registration of his apiary has not been forfeited or abandoned under the provisions of 80-6-102(9) or 80-6-104.

Section 4. **Pollination apiary registrations.** (1) The department may grant pollination apiary registrations to commercial seed and fruit producers or other commercial agricultural producers under the following conditions:

(a) (i) the applicant must own, lease, or rent the land upon which the pollination apiary is to be located and the applicant must use the land for the purpose of growing a commercial seed, fruit, or other crop which is dependent upon bees or other insects for pollination;

(ii) the applicant does not own the bees or the hives which are to be placed upon the pollination apiary; and

HeinOnline -- 1981 vol. I 176 1981

(iii) the only purpose of the apiary is to pollinate a commercial agricultural crop.

(b) The applicant shall provide the department with all pertinent information necessary to determine if pollination apiaries are needed to pollinate the applicant's crop adequately.

(c) The department may refuse to register a pollination apiary based upon its own investigation of the matter, but if the department approves the application, it shall specify the number and location of pollination apiaries needed for the purpose of pollinating the applicant's commercial agricultural crop adequately.

(2) A pollination apiary registration is valid only for the time period specified by the department, and all pollination apiaries must be removed within 2 weeks after the full bloom period of the crop to be pollinated.

(3) No certificate of registration of a pollination apiary may be leased, assigned, or transferred and no person other than the pollination apiary registrant may exercise any rights or privileges, directly or indirectly, authorized by the certificate of registration.

Section 5. **Landowner apiary registrations.** (1) The department may grant landowner apiary registrations under the following conditions:

(a) The applicant must be a landowner, as defined in 80-6-101 and must own the land upon which the apiary will be located.

(b) The applicant must own the bees and the hives that will be placed on the apiary.

(c) The bees and the hives must be personally managed and operated by the applicant.

(2) No certificate of registration of a landowner apiary may be leased, assigned, or transferred and no person other than the landowner apiary registrant may exercise any rights or privileges, directly or indirectly, authorized by the certificate of registration.

Section 6. **Hobbyist apiary registrations.** (1) The department may grant hobbyist apiary registrations to hobbyist beekeepers under the following conditions:

(a) The applicant must not own a total of more than five hives, and all of the hives must be placed on the hobbyist apiary.

(b) The applicant must own the bees and the hives and must personally manage and operate the bees and the hives.

(c) Only one hobbyist registration is allowed an applicant and only two hobbyist apiary registrations are allowed a family unit.

(d) If the department determines that too many hobbyist apiaries are being registered within too close proximity of each other or of other established apiaries so that there is or may be danger of the spread of bee diseases or other contagious or infectious diseases among bees or apiaries or that there will be interference with the proper feeding and honey flow of

HeinOnline -- 1981 vol. I 177 1981

established apiaries, the department may refuse to grant any further hobbyist registrations in the locality and area of the danger, in accordance with 80-6-102(6).

(2) No certificate of registration of a hobbyist apiary may be leased, assigned, or transferred and no person other than the hobbyist apiary registrant may exercise any rights or privileges, directly or indirectly, authorized by the certificate of registration.

Section 7. **Restrictions on apiary locations.** Pollination apiaries, landowner apiaries, and hobbyist apiaries may be located less than 3 miles from pollination apiaries, landowner apiaries, hobbyist apiaries, and general apiaries registered to other persons. General apiaries may be located within 3 miles of one another only under the provisions of [section 3].

Section 8. Section 80-6-103, MCA, is amended to read:

"80-6-103. Changing locations — enlarging or selling apiaries. (1) An owner of an established registered apiary may not change the location of the apiary without first receiving from the department authorization to establish the new apiary. In making the application, he shall specify the location of the apiary with the same particularity as in the application for original registration. If the new apiary is not used within 60 days after a new certificate of registration is issued, the certificate of registration lapses and all rights under the registration terminate. Registrations for new apiaries may not be issued for greater areas than the applicant can show are reasonably necessary for his needs consistent with good beekeeping practice.

(2) A registered apiary may be sold or transferred to a purchaser subject to this chapter, if all bees and equipment on the apiary are sold to the purchaser.

(3) No person may increase the number of hives on an apiary to exceed the number of hives authorized by his certificate of registration for that apiary, except that a person may increase the number of hives on a general apiary beyond the number authorized by the certificate of registration in order to protect his bees during adverse weather or crop conditions or to protect his bees and hives from bears or other predators. A person may also enlarge a general apiary during the spring buildup and in the fall after the end of the honey season in order to gather his bees for shipment out of the state or to winter his bees on that apiary.

(4) A person enlarging an apiary so as to exceed the number of hives *herein allowed is guilty of a misdemeanor and* is subject to the penalties *set forth* in 80-6-303."

Section 9. **Codification instruction.** Sections 3 through 7 are intended to be codified as an integral part of Title 80, chapter 6, part 1, and the provisions of Title 80, chapter 6, apply to sections 3 through 7.

CHAPTER NO. 139

AN ACT TO REVISE AND CLARIFY THE LAW RELATING TO THE PREFERENCE OF MONTANA LABOR IN PUBLIC WORKS CONTRACTS; AMENDING SECTIONS 18-2-401 AND 18-2-403, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 18-2-401, MCA, is amended to read:

"18-2-401. Definitions. *Unless the context requires otherwise, in this part the following definitions apply:*

(1) "Labor" is hereby defined to be all services performed in the construction, repair, or maintenance of all state, county, municipal, and school work and does not include engineering, superintendence, management, or office or clerical work.

(2) "Commissioner" means the commissioner of labor and industry provided for in 2-15-1701.

(3) "Department" means the department of labor and industry provided for in 2-15-1701.

(4) A "bona fide resident of Montana" is hereby declared to be a person who, at the time of his employment and immediately prior thereto, has lived in this state in such a manner and for such time as is sufficient to clearly justify the conclusion that his past habitation in this state has been coupled with intention to make it his home. Sojourners or persons who come to Montana solely in pursuance of any contract or agreement to perform such labor shall under no circumstance be deemed to be bona fide residents of Montana within the meaning and for the purpose of this part.

(5) (a) "Standard prevailing rate of wages, including fringe benefits for health and welfare and pension contributions and travel allowance provisions applicable to the county or locality in which the work is being performed," means those wages, including fringe benefits for health and welfare and pension contributions and travel allowance provisions, which are paid in the county or locality by other contractors for work of a similar character performed in that county or locality by each craft, classification, or type of worker needed to complete a contract under this part.

(b) When work of a similar character is not being performed in the county or locality, the standard prevailing rate of wages, including fringe

HeinOnline -- 1981 vol. I 191 1981

benefits for health and welfare and pension contributions and travel allowance provisions, shall be those rates established by collective bargaining agreements in effect in the county or locality for each craft, classification, or type of worker needed to complete the contract."

Section 2. Section 18-2-403, MCA, is amended to read:

"18-2-403. Preference of Montana labor in public works — wages — federal exception. (1) In any contract let for state, county, municipal, school, or heavy highway construction, services, repair, or maintenance work under any law of this state, there shall be inserted in the *bid specification and the* contract a provision requiring the contractor to give preference to the employment of bona fide Montana residents in the performance of the work and to pay the standard prevailing rate of wages, including fringe benefits for health and welfare and pension contributions and travel allowance provisions, in effect and applicable to the county or locality in which the work is being performed.

(2) No contract may be let to any person, firm, association, or corporation refusing to execute an agreement with the above-mentioned provisions in it, provided that in contracts involving the expenditure of federal-aid funds this part may not be enforced in such a manner as to conflict with or be contrary to the federal statutes prescribing a labor preference to honorably discharged veterans of the armed forces and prohibiting as unlawful any other preference or discrimination among citizens of the United States.

(3) Failure to include the provisions required by [section 4] in a public works contract relieves the contractor from his obligation to pay the standard prevailing wage rate and places such obligation on the public contracting agency."

Section 3. **Notice.** When a public works project is accepted by the public contracting agency, a notice of acceptance and the completion date of the project shall be sent to the department. However, in the case of projects that amount to $50,000 or less in cost, the notice of acceptance and the completion date of the project is not required unless the department requests that information. The 90-day limitation for filing an action in district court as provided in 18-2-407 does not begin until the public contracting agency notifies the department of its acceptance of the public works project.

Section 4. **Bid specification and contract to contain prevailing wage rate.** All bid specifications and contracts for public works projects must contain a provision stating for each job classification the prevailing wage rate, including fringe benefits, that the contractors and subcontractors must pay during construction of the project.

Section 5. **Submission of payroll records.** If a complaint is filed with the department alleging noncompliance with [section 4], the department may require the project to submit to it certified copies of the payroll records for workers employed on that project.

Section 6. **Enforcement.** If a contractor or a subcontractor refuses to submit payroll records requested by the department pursuant to [section

HeinOnline -- 1981 vol. I 192 1981

5], the commissioner or his authorized representative may issue subpoenas compelling the production of those records.

Section 7. **Codification instruction.** It is intended that sections 3 through 6 be codified as an integral part of Title 18, chapter 2, part 4, and the provisions contained in Title 18, chapter 2, part 4, apply to sections 3 through 6.

Approved March 23, 1981.

(5) If the department disapproves an additional office, the credit union shall be afforded an opportunity for a hearing according to Title 2, chapter 4, part 6. The purpose of the hearing shall be to determine whether a compelling reason exists for disapproval of the additional office."

(1) elective officers who have not filed with the board written requests to become members, except that a person so excluded from membership may later become a member by otherwise becoming an employee or by written request after a subsequent election to office, and if he affirmatively exercises the option, the contributions of the employer because of his membership shall be the same as they would have been had he not been so excluded;

(2) inmates of state institutions who are allowed compensation for such service as they are able to perform;

(3) persons in state institutions principally for the purpose of training, but who receive compensation;

HeinOnline -- 1981 vol. I 194 1981

(4) independent contractors, unless there is a written contract which specifies the creation of an employer-employee relationship for purposes of retirement coverage under The Public Employees' Retirement System Act;

(5) employees serving in employment which does not exceed the equivalent of *120* working days in any fiscal year *who have not filed with the board a written request to become members. A member so excluded from membership by this subsection may later become a member by otherwise becoming an employee or by written request after the initial date of exclusion. If he affirmatively exercises the option and pays the employee contribution plus interest, the contributions of the employer, because of his membership, shall be the same as they would have been had he not been so excluded plus accrued interest on all employer contributions from the date the contributions would have been made to the date of payment*;

(6) employees in service on July 1, 1945, or prior thereto who filed with the board elections not to become members, except that a person so excluded from membership may become a member and be eligible thereafter to receive the same benefits that he would have received if he had never filed an election not to be a member by meeting the requirements prescribed in 19-3-505 and 19-3-506;

(7) persons directly appointed by the governor who do not file with the board an election in writing to become members;

(8) persons who are members of any other retirement or pension system supported wholly or in part by funds of the United States government, any state government, or political subdivision thereof and who are receiving credit in the other system for service, it being the purpose of this subsection to prevent a person from receiving credit for the same service in two retirement systems supported wholly or in part by public funds, except when the service qualifies, is applied for, and purchased pursuant to 19-3-503. A member of the retirement system who, because of his employment by the state, is required to become a member of any other system described in this subsection shall be considered, solely for the purposes of making normal contributions, as permanently separated from service. Exclusion under this subsection is subject to the following exceptions:

(a) When an employer has entered into a collective bargaining agreement which includes provisions for payments or contributions by the employer in lieu of wages to a retirement or pension plan qualified by the internal revenue service for its employees, the employees remain eligible, if otherwise qualified, for membership in the retirement system, and the payments or contributions in lieu of wages may not be considered a part of the employees' compensation for purposes of computing the employer or employee contributions to the retirement system.

(b) For the purpose of this subsection (8), persons receiving pensions, retirement allowances, or other payments from any source on account of employment other than as an employee as defined in this chapter are not considered, because of such receipt, members of any other retirement or pension system.

(9) court commissioners or appointive members of any board or commission who serve the state or any contracting employer intermittently and who are paid on a per diem basis;

HeinOnline -- 1981 vol. I 195 1981

(10) persons who become employees after they have reached their 60th birthday and have no creditable service in this system and who do not file with the board an election to become members;

(11) employees of county hospitals or county rest homes in the sixth and seventh class counties, unless they elect to file with the board an election in writing to become members;

(12) persons employed by the legislature during the legislative session who do not file with the board an election in writing to become members;

(13) students of any public elementary school, high school, vocational-technical center, or community college or any unit of the state university system, except that a person so excluded from membership as a student of a public community college or a unit of the state university system who later becomes a member by otherwise becoming an employee may affirmatively exercise the option of qualifying the service excluded by this subsection by applying to the board in writing after becoming a member and become eligible to receive credit for the excluded service under the provisions of 19-3-505;

(14) effective October 1, 1978, employees whose positions are funded under the federal Comprehensive Employment and Training Act (CETA) and who file with the board elections not to become members. An employee who exercises his election is considered terminated and is eligible for a refund under 19-3-703, and any employer contributions made on his behalf after October 1, 1978, must be returned to the funding agency. If he is subsequently transferred to non-CETA employment and consequently becomes a member, he may revoke his election within 1 year after the transfer date by filing a written revocation with the board and he will then be eligible to qualify the service previously excluded by this subsection under the provisions of 19-3-505.

(15) the chief administrative officer of any city or county where the chief administrative officer has filed an election in writing with the board to be excluded from membership, this election to be filed no later than July 1, 1979, or 30 days after initial employment by a county or city whichever is later;

(16) all former members receiving a retirement allowance other than as a beneficiary serving in employment if that employment does not exceed 60 working days in any fiscal year. Be it enacted by the Legislature of the State of Montana:

Section 1. Section 85-1-210, MCA, is amended to read:

"85-1-210. Disposal of property by department. In addition to the powers conferred upon the department to sell, lease, or otherwise dispose of waters for the purpose of irrigation, development of power, watering of stock, or other purposes, the department, with the approval of the board, may sell, lease, or otherwise dispose of waters from its waterworks systems for public, domestic, industrial, and other uses and for fire protection. The department, *with the approval of the board,* may sell or otherwise dispose of a *water project,* after the discharge of all of the bonds issued by the board to finance the construction or acquisition thereof, *if any,* and of all interest thereon and costs and expenses incurred in connection with any action or proceeding by or on behalf of the holders of the bonds. *The department shall make a determination of the market value of the water project prior to its sale or other disposition.*"

HeinOnline -- 1981 vol. I 218 1981

Section 2. Section 85-1-211, MCA, is amended to read:

"85-1-211. Management of property — water contracts. (1) Subject to this chapter, the department may fix and establish the prices, rates, and charges at which the resources and facilities made available under this chapter may be sold and disposed of and enter into contracts and agreements and do those things which in its judgment are necessary, convenient, or expedient for the accomplishment of the purposes and objects of this chapter, under such general rules and upon such terms, limitations, and conditions as it prescribes.

(2) The department shall enter into the contracts and fix and establish the prices, rates, and charges so as to provide at all times funds which will be sufficient to pay all costs of operation and maintenance of the works authorized by this chapter, together with necessary repairs thereto, and which will provide at all times sufficient funds to meet and pay the principal and interest of all bonds or loans as they severally become due and payable.

(3) This chapter does not authorize any change, alteration, or revision of those rates, prices, or charges as established by any contract entered into under this chapter except as provided by the contract.

(4) A contract made by the department for the sale of water, use of water, water storage, or other service or for the sale of any property or facilities shall provide that, in the event of a failure or default in the payment of moneys specified in the contract to be paid to the department, the department may, upon notice as is prescribed in the contract, terminate the contract and all obligations thereunder. The act of the department in ceasing on default to furnish or deliver water, use of water, water storage, or other service under the contract does not deprive the department of or limit any remedy provided by the contract or by law for the recovery of moneys due or which may become due under the contract.

(5) Subject to the approval of the board under 85-1-202, the department may sell, transfer to water user associations, abandon, or otherwise dispose of any rights-of-way, easements, or property or lease or rent the same or otherwise take and receive the income or profit and revenue therefrom. The department shall notify the association of its decision. If the association believes the program to be unnecessary or excessive in cost, it may appeal the department decision to the

HeinOnline -- 1981 vol. I 219 1981

If the board's decision is adverse to the association, the association may file within 30 days of receipt of notice of the board's decision a complaint to review the board's decision in the district court in any county where all or part of the project works is located or in Lewis and Clark County.

(3) If a complaint is filed under subsection (2), the court shall hold a trial de novo on the question of necessity of the department program and the question of excessive costs. If the association prevails, the court may award costs to the association. The court may specify an acceptable program of maintenance, repair, operation, or alteration or may order the department and the association to develop a program, subject to court approval.

(4) Whenever a program of maintenance, repair, operation, or alteration is proposed, the department shall assist the association in attempting to secure sources of financing, including federal funds.

(5) Whenever the department proposes to abandon, *sell, or otherwise dispose of* a project which involves *a water users'* association, the department shall notify the association. *Before the department may take further action to abandon, sell, or otherwise dispose of a project which involves a water users' association, the department must receive a petition approving the abandonment, sale, or disposition which is signed by stockholders of the association representing 66 ⅔% or more of the issued and outstanding stock of the association.* If, within 30 days of receipt of the *final proposal* of abandonment, *sale, or other disposal*, stockholders of the association representing 15% or more of the issued and outstanding stock of the association file a petition of protest with the department, the project may not be abandoned, *sold, or otherwise disposed of* without the consent of the legislature."

CHAPTER NO. 175

AN ACT TO PROVIDE THAT THE DEPARTMENT OF SOCIAL AND REHABILITATION SERVICES MAY ADMINISTER CERTAIN AREAS IN STATE, FEDERAL, AND OTHER BUILDINGS FOR THE PURPOSE OF PROVIDING VENDING FACILITIES TO BLIND PERSONS WHO ARE IN NEED OF VOCATIONAL OPPORTUNITIES; REPEALING SECTIONS 49-4-401 THROUGH 49-4-406, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Purpose.** It is the purpose of this [act], in recognition of the vocational and economic needs of blind persons, to make available to those blind persons in need of vocational opportunities space in state, federal, or other property appropriate for certain business operations and to assist those persons in the development of business operations.

Section 2. **Definitions.** As used in this [act] the following definitions apply:

(1) "Blind person" means a person whose central visual acuity does not exceed 20/200 in the better eye with correcting lenses or whose visual acuity is greater than 20/200 but is accompanied by a limitation in the fields of vision in the better eye to such a degree that the widest diameter of the

HeinOnline -- 1981 vol. I 237 1981

visual field subtends an angle no greater than 20 degrees as determined by an ophthalmologist or a physician skilled in diseases of the eye.

(2) "Blind vendor" means a person certified as a blind person for the purpose of this [act] and who is operating a vending facility administered by the department.

(3) "Certified blind person" means a blind person who the department has determined to be a blind person as defined in this [act] who is in need of vocational opportunities, and who is qualified to operate a vending facility.

(4) "Department" means the department of social and rehabilitation services.

(5) "Federal property" means buildings or portions of buildings or other real property owned or leased by the federal government excluding military reservations upon which the department may administer vending facilities by an agreement entered into under the authority of the federal Randolph-Sheppard Act, as amended.

(6) "Other property" means all real property other than state or federal property as defined in this [act].

(7) "State property" means those buildings or portions of buildings or other real property owned or leased under a lease-purchase agreement, or in the case of a building, leased in its entirety by the state or agencies of the state that are utilized in the conduct of state matters and occupied principally by state employees. State property for the purpose of this [act] does not include vocational institutions or institutions of higher education.

(8) "Vending facility" means an area and equipment inclusive of vending machines on state property which is or may be utilized in providing a food, beverage, or other service to employees and other persons present on the property.

(9) "Vending machine" means a device for the dispensing of foodstuffs, liquids, or other products when money is inserted into the device. Vending machine does not include postage stamp machines or coin-operated telephones.

(10) "Vocational rehabilitation programs" means those programs provided for under the federal Randolph-Sheppard Act, as amended, and Title 53, chapter 7, part 3.

Section 3. **Certification and eligibility of blind persons.** (1) The department shall certify for the purposes of this [act] and the federal Randolph-Sheppard Act, as amended, those persons who are blind persons as defined in this [act] who the department has determined are in need of vocational opportunities and are qualified to operate vending facilities.

(2) Any person or vendor operating a vending facility under the auspices of the blind vendor program administered by the department prior to [the effective date of this act] may be certified as a blind vendor for the purposes of this [act].

HeinOnline -- 1981 vol. I 238 1981

(3) Only certified blind persons are eligible for the vocational opportunities provided in this [act].

Section 4. **Vending facilities, equipment, and supplies — available to certified blind persons.** (1) The department may make available to a certified blind person a vending facility appropriate for providing that person with a business opportunity determined by the department to be suitable for that person.

(2) The department may, through the vocational rehabilitation programs it administers, provide by sale, lease, loan, or grant such equipment, stocks, and supplies as may be necessary for a blind vendor to establish or improve a vending facility business. The department shall retain a first option to repurchase any equipment it has sold to a blind vendor.

Section 5. **Administration of vending facilities — state properties.** (1) The department of administration or any other department of state government that administers state property subject to this [act] shall transfer to the department the management and control of any vending facility that the department has determined is an appropriate facility for the purposes of this [act] and that the department has determined is needed for the purposes of this [act]. A lease or contract for the operation of a vending facility entered into prior to [the effective date of this act] is not subject to this [act] while the lease or contract remains in effect. In addition, this [act] shall not be interpreted to require or authorize the failure to renew any contract for a vending facility on state property in effect on [the effective date of this act] if the contract contains a provision permitting the renewal of the contract for a specific term at the option of the vendor or the state or both. In any case where the department determines that a private vendor operating a vending facility on state property on [the effective date of this act] who, but for this [act], could reasonably be expected to renew his contract for the vending facility would be subjected to economic hardship should the contract be allowed to expire at the end of its term, the department may agree to a one-time renewal of that vendor's contract for the vending facility for a period not to exceed 4 years.

(2) The department of administration or any other department of state government that administers state property subject to this [act] shall give reasonable notice to the department of the expiration or termination of any lease or contract in effect for a vending facility.

(3) Upon receipt of the notice, the department shall give reasonable notice to the department of administration or other department of state government that sent the notice required in subsection (2) stating that the department has determined that the vending facility is either appropriate and needed for the purposes of this [act] or that it is not.

(4) A state agency administering state property shall consult with the department when planning for a new state building, planning for remodeling of or addition to an existing state building, or negotiating the lease of a building for state use, to determine what vending facilities might be appropriate for the site and plan for such vending facilities.

HeinOnline -- 1981 vol. I 239 1981

(5) The department shall administer those vending facilities which are determined to be appropriate and necessary.

(6) The department is not subject to any requirements for competitive bidding on state leases or services to the state on vending facilities that are to be made available to certified blind persons or when purchasing initial supplies for the purpose of assisting a blind vendor.

(7) The department may temporarily operate a vending facility administered by the department if there is no certified blind person qualified to operate that facility.

(8) The department may, except on state property, directly or through contractual arrangements, operate a facility consisting solely of vending machines if it has determined that operation by a blind vendor would be inappropriate. The department shall not directly operate vending machines on any state property where the department does not directly operate vending machines on [the effective date of this act], unless, after competitive bid, the department is unable to obtain a suitable private contractor to operate vending machines on the state property. The department shall not, except through competitive bid, authorize a blind vendor to operate on state property a vending facility which consists solely or primarily of vending machines and which does not require the active presence of a vendor during its hours of operation.

(9) Neither a blind vendor nor the department is required to pay for rent, utilities, janitorial services in accessible public areas, or building maintenance costs for the space occupied by a vending facility on state property. The department may charge a use fee in lieu of rental, on a basis to be determined by the department, in the case of any blind vendor operating a vending facility on state property whose net income for at least 10 of the preceding 12 months has exceeded twice the poverty level income for a non-farm family of four as determined by the federal government.

(10) The department may purchase, sell, lease, maintain, and manage as necessary the equipment, stocks, and supplies required for the operation of those vending facilities administered as provided for in this [act].

(11) The department shall, by rule, provide for appropriate allocation between the department and the blind vendors of liability for the operation of vending facilities operated pursuant to this [act].

Section 6. **Health and retirement fund — services to vendors.** (1) The department may manage a health and retirement fund for blind vendors.

(2) The department may set aside a reasonable percentage of the net incomes earned by blind vendors from the operation of vending facilities on state and other property administered by the department to fund the operation of vending facilities and to fund the blind vendors' health and retirement fund.

(3) The department may use all net income earned from facilities operated under the provisions of [section 5(7) and (8)] to fund services to blind vendors and to fund the blind vendors' health and retirement fund.

HeinOnline -- 1981 vol. I 240 1981

Section 7. **Assurance of quality of service.** After consultation with departments that are served by vending facilities subject to this [act], the department may take action as necessary to assure the quality of services being provided by blind vendors.

Section 8. **Right to fair hearing.** A blind vendor is entitled to a fair hearing for any grievance against the department.

Section 9. **Administration of vending facilities on other property.** The department may enter into agreements with private parties or governmental entities not otherwise coming under the provisions of this [act] owning or controlling other property for the establishment and administration of blind vendor operations.

Section 10. **Implementation of Randolph-Sheppard Act, as amended.** (1) The department may enter into agreements with the federal government as provided for in the Randolph-Sheppard Act, as amended, for administering the Randolph-Sheppard Act for all state or federal purposes.

(2) The department may adopt rules to implement agreements with the federal government entered into under the Randolph-Sheppard Act, as amended.

Section 11. **Authority to adopt rules.** The department may adopt such rules as are necessary to effectuate this [act].

Section 12. **Saving clause.** This act does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before the effective date of this act.

Section 13. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 14. **Repealer.** Sections 49-4-401 through 49-4-406, MCA, are repealed.

Approved March 30, 1981.

CHAPTER NO. 177

AN ACT PERMITTING AN ACTIVE VOLUNTEER FIREFIGHTER WHO IS PERMANENTLY AND TOTALLY DISABLED FROM A DUTY-RELATED INJURY TO RECEIVE A PARTIAL PENSION AT ANY AGE AND PROVIDING FOR MEDICAL REVIEW OF THE RECIPIENT AND CANCELLATION AND REINSTATEMENT OF THE PENSION; AMENDING SECTION 19-12-401, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 19-12-401, MCA, is amended to read:

"19-12-401. Eligibility for pension benefits. In order to qualify for participation in the volunteer firefighters' pension plan under 19-12-404, a volunteer firefighter must meet each of the following requirements:

(1) (a) To qualify for full participation, he must have completed a total of at least 20 years' service as an active volunteer firefighter and as an active member of a qualified volunteer fire company.

(b) If a firefighter is prevented from completing at least 20 years' service by dissolution or discontinuance of his volunteer fire company, personal relocation due to transfer or loss of employment, personal disability, or any other factor beyond his reasonable control, he may qualify for partial participation if he has completed at least 10 years' service. In that event, he is eligible for only a proportion of the benefits specified in 19-12-404, determined by multiplying the benefits by a fraction, the numerator of which is the number of years of active service completed and the denominator of which is 20.

(c) The years of active service are cumulative and need not be continuous. The service need not be acquired with one single fire company but may be a total of separate periods of active service with different fire companies in different fire districts.

(d) Effective March 1, 1965, the annual period of service for the purpose of this chapter is the fiscal year. No fractional part of any year may count toward the service requirement, and to receive credit for any particular year, a volunteer firefighter must serve with one particular volunteer fire company throughout that entire fiscal year.

(2) *(a) Except as provided in subsection (2)(b), he* must have attained the age of 55, but he need not be an active volunteer firefighter or an active member of any volunteer fire company when he reaches that age.

HeinOnline -- 1981 vol. I 243 1981

(b) An active member of a volunteer fire company whose duty-related injury results in a permanent, total disability as defined in 39-71-116(13) is eligible to receive a partial pension regardless of his age calculated as follows:

(i) for a member with less than 10 years of service, a pension calculated as provided in subsection (1)(b) in which the numerator equals 10; or

(ii) for a member with 10 years or more of service, a pension calculated as provided in subsection (1)(b).

(3) During each of the years for which he claims credit under subsection (1), he must have completed a minimum of 30 hours of instruction in matters pertaining to firefighting under a program formulated and supervised by the chief or foreman of his volunteer fire company.

(4) Effective July 1, 1965, no volunteer firefighter may receive credit for any year of membership in a volunteer fire company unless, throughout the year:

(a) the company maintained firefighting equipment in serviceable condition of a value of $2,500 or more; and

(b) the company or the fire district served by it was rated in class 5, 6, 7, 8, 9, or 10 by the board of fire underwriters for the purpose of fire insurance premium rates.

(5) He must have ceased to be an active member of any volunteer fire company, and if he applies for and receives pension benefits hereunder, he will not thereafter be eligible to become an active member of any volunteer fire company."

Section 2. **Medical review of certain disability retirees.** The board may require the recipient of a partial pension resulting from a permanent, total disability to undergo periodic medical examinations. The examinations must be made by a physician or surgeon at the recipient's residence or another place mutually agreed on. Upon the basis of the examination, the board shall determine, by reason of physical or mental capacity, whether the recipient remains permanently and totally disabled.

Section 3. **Cancellation and reinstatement of certain pensions.** (1) The board may cancel a recipient's partial pension resulting from a permanent, total disability if:

(a) the board determines that the recipient is no longer permanently and totally disabled as provided in [section 2];

(b) the recipient refuses to submit to a medical examination under [section 2]; or

(c) the recipient engages in a gainful occupation during the previous year and the compensation earned by him in that year exceeds $5,500.

(2) The cancellation of a pension under this section does not prejudice any right of a firefighter to other pension benefits payable under the Volunteer Firefighters' Compensation Act.

HeinOnline -- 1981 vol. I 244 1981

(3) If a former recipient's earnings in any year after the cancellation of his pension under subsection (1)(c) are less than $5,500, his pension must be reinstated.

Section 4. **Codification instruction.** Sections 2 and 3 are intended to be codified as an integral part of Title 19, chapter 12, part 4, and the provisions of Title 19, chapter 12, apply to sections 2 and 3.

Approved March 30, 1981.

AN ACT TO PROVIDE FOR PRELIMINARY INJUNCTIONS AND TEMPORARY RESTRAINING ORDERS TO PROTECT A PERSON FROM ABUSE BY A SPOUSE; AMENDING SECTIONS 27-19-201 AND 40-4-106, MCA.

WHEREAS, former Governor Judge appointed a task force to recommend ways in which spouse abuse could be stopped; and

WHEREAS, spouse abuse weakens the dignity and integrity of the family unit, and the state therefore has a substantial interest in aiding spouse abuse victims through the enforcement of state laws; and

WHEREAS, the task force recognized that the state's current laws on obtaining injunctions and restraining orders are not providing adequate protection to some spouse abuse victims and their families.

THEREFORE, it is the intent of this act to grant spouse abuse victims extraordinary relief in the form of preliminary injunctions and temporary restraining orders.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 40-4-106, MCA, is amended to read:

"40-4-106. Temporary order or temporary injunction. (3) A person may seek the relief provided for in subsection (2) of this section without filing a petition under this part for a dissolution of marriage or legal separation by filing a verified petition alleging physical abuse against the petitioner by a spouse and requesting injunctive relief under Title 27, chapter 19, part 3. Any preliminary injunction entered under this subsection must be for a fixed period of time, not to exceed 1 year, and may be modified as provided in Title 27, chapter 19, part 4, and 40-4-208.

(4) The court may issue a temporary restraining order without requiring notice to the other party only if it finds on the basis of the moving affidavit or other evidence that irreparable injury will result to the moving party if no order is issued until the time for responding has elapsed.

(5) A response may be filed within 20 days after service of notice of motion or at the time specified in the temporary restraining order.

(6) On the basis of the showing made and in conformity with 40-4-203 and 40-4-204, the court may issue a temporary injunction and an order for temporary maintenance or support in amounts and on terms just and proper in the circumstance.

(7) A temporary order or temporary injunction:

(a) does not prejudice the rights of the parties or the child which are to be adjudicated at subsequent hearings in the proceeding;

(b) may be revoked or modified before final decree on a showing by affidavit of the facts necessary to revocation or modification of a final decree under 40-4-208; and

HeinOnline -- 1981 vol. I 248 1981

(2) when it shall appear that the commission or continuance of some act during the litigation would produce a great or irreparable injury to the applicant;

CHAPTER NO. 186

AN ACT TO REQUIRE THE BOARD OF NATURAL RESOURCES AND CONSERVATION TO ALLOW ADEQUATE TIME FOR A CONSERVATION DISTRICT TO DEVELOP A PLAN TO UTILIZE ITS RESERVATION OF WATER; TO REQUIRE THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION TO COMPLY WITH A REQUEST FOR ASSISTANCE BY A DISTRICT WITHIN 12 MONTHS; AMENDING SECTION 85-2-316, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 85-2-316, MCA, is amended to read:

"85-2-316. Reservation of waters. (1) The state or any political subdivision or agency thereof or the United States or any agency thereof may apply to the board to reserve waters for existing or future beneficial uses or to maintain a minimum flow, level, or quality of water throughout the year or at such periods or for such length of time as the board designates.

(2) Upon receiving an application, the department shall proceed in accordance with 85-2-307 through 85-2-309. After the hearing provided in

HeinOnline -- 1981 vol. I 260 1981

85-2-309, the board shall decide whether to reserve the water for the applicant. The department's costs of giving notice, holding the hearing, conducting investigations, and making records incurred in acting upon the application to reserve water, except the cost of salaries of the department's personnel, shall be paid by the applicant.

(3) The board may not adopt an order reserving water unless the applicant establishes to the satisfaction of the board:

(a) the purpose of the reservation;

(b) the need for the reservation;

(c) the amount of water necessary for the purpose of the reservation;

(d) that the reservation is in the public interest.

(4) If the purpose of the reservation requires construction of a storage or diversion facility, the applicant shall establish to the satisfaction of the board that there will be progress toward completion of the facility and accomplishment of the purpose with reasonable diligence in accordance with an established plan.

(5) The board shall limit any reservations after May 9, 1979, for maintenance of minimum flow, level, or quality of water that it awards at any point on a stream or river to a maximum of 50% of the average annual flow of record on gauged streams. Ungauged streams can be allocated at the discretion of the board.

(6) After the adoption of an order reserving waters, the department may reject an application and refuse a permit for the appropriation of reserved waters or may, with the approval of the board, issue the permit subject to such terms and conditions it considers necessary for the protection of the objectives of the reservation.

(7) Any person desiring to use water reserved to a conservation district for agricultural purposes shall make application for such use with the district, and the district upon approval of the application must inform the department of the approved use. The department shall maintain records of all uses of water reserved to conservation districts and be responsible, *when requested by the districts,* for rendering technical and administrative assistance within the department's staffing and budgeting limitations in the *preparation and* processing of such applications for the conservation districts. *The department shall, within its staffing and budgeting limitations, complete any feasibility study requested by the districts within 12 months of the time the request was made. The board shall extend the time allowed to develop a plan identifying projects for utilizing a district's reservation so long as the conservation district makes a good faith effort, within its staffing and budget limitations, to develop a plan.*

(8) A reservation under this section shall date from the date the order reserving the water is adopted by the board and shall not adversely affect any rights in existence at that time.

(9) The board shall, periodically but at least once every 10 years, review existing reservations to ensure that the objectives of the reservation

are being met. Where the objectives of the reservation are not being met, the board may extend, revoke, or modify the reservation.

(10) The board may modify an existing or future order originally adopted to reserve water for the purpose of maintaining minimum flow, level, or quality of water, so as to reallocate such reservation or portion thereof to an applicant who is a qualified reservant under this section. Reallocation of reserved water may be made by the board following notice and hearing wherein the board finds that all or part of the reservation is not required for its purpose and that the need for the reallocation has been shown by the applicant to outweigh the need shown by the original reservant. Reallocation of reserved water shall not adversely affect the priority date of the reservation, and the reservation shall retain its priority date despite reallocation to a different entity for a different use. The board may not reallocate water reserved under this section on any stream or river more frequently than once every 5 years.

(11) Nothing in this section vests the board with the authority to alter a water right that is not a reservation."

Approved March 30, 1981.

This subrogation shall apply to temporary spouse support orders and family maintenance orders up to the amount paid by the department in public assistance money to or for the benefit of a dependent child or children but allocated to the benefit of the children on the basis of providing necessities for the caretaker of the children.

CHAPTER NO. 199

AN ACT TO REQUIRE OIL AND GAS DEVELOPERS OR OPERATORS TO GIVE WRITTEN NOTICE TO SURFACE OWNERS OF INTENT TO BEGIN DRILLING OPERATIONS; TO REQUIRE OIL AND GAS DEVELOPERS AND OPERATORS TO COMPENSATE SURFACE OWNERS FOR DAMAGES CAUSED BY DRILLING AND PRODUCTION OPERATIONS; AND TO ALLOW SUCH COMPENSATION TO BE MADE IN ANNUAL INSTALLMENTS UNDER CERTAIN CONDITIONS; AND PROVIDING AN EFFECTIVE DATE.

Be it enccted by the Legislature of the State of Montana:

Section 1. **Purpose — legislative findings.** (1) The purpose of [this act] is to provide for the protection of surface owners of land underlaid with oil and gas reserves while allowing for the necessary development of those reserves.

(2) To carry out the purpose described in subsection (1), the legislature finds that:

HeinOnline -- 1981 vol. I 276 1981

(a) it is necessary to protect the economic well-being of individuals engaged in agricultural production;

(b) exploration for and development of oil and gas reserves in this state, while necessary, interferes with the use, agricultural or otherwise, of the surface of certain land; and

(c) owners of the surface estate should be justly compensated for use of their property and interference with the use of their property due to oil and gas development.

Section 2. **Definitions.** As used in [this act], the following definitions apply:

(1) "Agricultural production" means the production of any growing grass, crops, or trees attached to the surface of the land or farm animals with commercial value.

(2) "Oil and gas operations" means the exploration for or drilling of an oil and gas well that requires entry upon the surface estate and is begun subsequent to [the effective date of this act] and the production operations directly related to the exploration or drilling.

(3) "Oil and gas developer or operator" means the person who acquires the oil and gas lease for the purpose of extracting oil and gas.

(4) "Oil and gas estate" means an estate in or ownership of all or part of the oil and gas underlying a specified tract of land.

(5) "Surface owner" means the person who holds record title to or has a purchaser's interest in the surface of the land.

Section 3. **Notice of drilling operations.** In addition to the requirements for geophysical exploration activities governed by Title 82, chapter 1, part 1, the oil and gas developer or operator shall give the surface owner written notice of the drilling operations that he plans to undertake. This notice shall be given to the record surface owner at his address as shown by the records of the county clerk and recorder at the time the notice is given. This notice shall sufficiently disclose the plan of work and operations to enable the surface owner to evaluate the effect of drilling operations on the surface owner's use of the property.

Section 4. **Surface damage and disruption payments.** The oil and gas developer or operator shall pay the surface owner a sum of money or other compensation equal to the amount of damages sustained by the surface owner for loss of agricultural production and income, lost land value, and lost value of improvements caused by drilling operations. The amount of damages may be determined by any formula mutually agreeable between the surface owner and the oil and gas developer or operator. When determining damages, consideration shall be given to the period of time during which the loss occurs. The surface owner may elect to be paid damages in annual installments over a period of time; except that the surface owner shall be compensated by a single sum payment for harm caused by exploration only. The payments contemplated by this section may only cover land directly affected by drilling operations and production. Payments under this section are intended to compensate the surface owner for

HeinOnline -- 1981 vol. I 277 1981

damage and disruption; no person may reserve or assign that compensation apart from the surface estate except to a tenant of the surface estate.

Section 5. **Damages.** The oil and gas developer or operator is responsible for all damages to property, real or personal, resulting from the lack of ordinary care by the oil and gas developer or operator. The oil and gas developer or operator is responsible for damages to property, real or personal, caused by drilling operations and production.

Section 6. **Notification of injury to property.** To receive compensation under [this act], a surface owner shall give written notice to the oil and gas developer or operator of the damages sustained by the surface owner within 2 years after the injury occurs or would become apparent to a reasonable man.

Section 7. **Agreement — offer of settlement.** Unless both parties provide otherwise by written agreement, within 60 days after the oil and gas developer or operator receives notice of damages pursuant to [section 6], he shall make a written offer of settlement to the person seeking compensation for the damages. The surface owner seeking compensation may accept or reject any offer.

Section 8. **Rejection — legal action.** If the person seeking compensation receives a written rejection, rejects the offer of the oil and gas developer or operator, or receives no reply, that person may bring an action for compensation in the district court of the county in which the damage was sustained.

Section 9. **Remedies cumulative.** The remedies provided by [this act] do not preclude any person from seeking other remedies allowed by law.

Section 10. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 11. **Effective date.** This act is effective on June 1, 1981.

Approved March 31, 1981.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 3-15-201, MCA, is amended to read:

"3-15-201. Fees in courts of record. (1) A grand or trial *jury panel member* shall receive $12 per day for attendance before any court

of record and a mileage allowance, as provided in 2-18-503, for traveling each way between his residence and the county seat. *Those jurors selected from the panel for a case shall receive an additional $13 a day while serving.*

(2) A juror who is excused from attendance upon his own motion on the first day of his appearance in obedience to notice or who has been summoned as a special juror and not sworn in the trial of the case *shall forfeit* per diem and mileage."

Section 2. Section 3-15-401, MCA, is amended to read:

"3-15-401. Jury lists — by whom and when made. The chairman or, in his absence, any member of the board of county commissioners and the county clerk and recorder of each county must meet at the county seat of each county at the office of the county clerk and recorder on the second Monday of *June* of each year for the purpose of making a list of persons to serve as trial jurors for the ensuing year. If they fail to meet on the day specified in this section, they must meet as soon thereafter as practicable."

Section 3. Section 3-15-403, MCA, is amended to read:

"3-15-403. Lists delivered to clerk. A list of the names of the persons selected, showing the place of residence and other proper particulars regarding each of them, so far as those particulars can be conveniently ascertained, must be made out and signed by the officers or a majority of them. Within *15* days after the meeting, the list must be delivered by those officers to the clerk of the district court and filed by him in his office."

Section 4. Section 3-15-502, MCA, is amended to read:

"3-15-502. Jury commissioner. *The clerk of court is the jury commissioner.*"

Section 5. Section 3-15-503, MCA, is amended to read:

"3-15-503. Drawing — how conducted. (1) The clerk shall place the box on a rod so that it may readily revolve. The box must be revolved a sufficient number of times to ensure that the numbered slips in it become thoroughly mixed. Thereafter the *jury commissioner* shall draw from the box, one at a time, as many of the numbered slips as are ordered by the court.

(2) A record of the drawing shall be entered in the minutes of the court. It must show the names of the jurors corresponding to the numbers drawn from the jury box.

(3) If the *jury commissioner* is satisfied that any person whose name is drawn is deceased or mentally incompetent or has permanently moved from the county, the name of the person shall be omitted from the list and another name shall be drawn in its place. The reason for the omission shall be entered upon the minutes of the court. The same procedure shall be followed as often as may be necessary, until the number of names of jurors required has been drawn.

HeinOnline -- 1981 vol. I 279 1981

(4) No person may be asked to serve for more than one term during any year unless all the numbers in the jury box have been drawn and there are no other qualified jurors available."

Section 6. Section 3-15-506, MCA, is amended to read:

"3-15-506. Obtaining additional jurors when necessary. (1) Whenever it appears to a district judge that additional jurors will be needed for any term or trial, the *jury commissioner* shall draw as many numbers from the jury box as are necessary to secure the required number of additional jurors. Before *the jury commissioner draws* the numbers, the judge shall by appropriate order designate the number of jurors needed.

(2) When the judge believes that securing the additional jurors from all of the county would cause unnecessary delay or expense, he may order the jurors selected from only a designated portion of the county, which portion shall never be less than the corporate limits of the county seat. If, in the selection of the additional jurors, a number is drawn and the jury list shows the person represented by the number to be a resident of an area outside the area designated by the court order, that number shall be returned to the jury box and a new number drawn.

(3) When the required number of names have been selected, the judge may order the prospective jurors notified by telephone or mail by the *jury commissioner.*"

Section 7. **Repealer.** Sections 3-15-202, 3-15-314, and 3-15-508, MCA, are repealed.

Approved March 31, 1981.

Section 3. Section 15-7-207, MCA, is amended to read:

"15-7-207. Continuance of valuation as agricultural land. AN ACT TO INCREASE THE AVERAGE NUMBER BELONGING (ANB) NUMBER FOR FOUNDATION AID TO SCHOOL DISTRICTS WITH UNUSUAL ENROLLMENT INCREASES; AMENDING SECTION 20-9-314, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-9-314, MCA, is amended to read:

"20-9-314. Procedures for determining eligibility and amount of increased average number belonging due to unusual enrollment increase. A district which anticipates an unusual increase in enrollment in the ensuing school fiscal year, as provided for in 20-9-313(4), may increase its foundation program for the ensuing school fiscal year in accordance with the following provisions:

(1) The district shall estimate the current year's average number belonging by totaling the aggregate days of attendance and aggregate days of absence realized in the district through April 30 and dividing such total by 180. The resulting average number belonging shall be increased by the ratio that the total number of planned school days in the current school fiscal year bears to the number of school days completed through April 30.

(2) Prior to May 10, the district shall estimate the probable average number belonging to be realized during the ensuing school fiscal year, based on as much factual information as may be available to the district.

(3) No later than May 10, the district shall submit its application for an unusual enrollment increase to the superintendent of public instruction. Such application shall include:

(a) the previous year's average number belonging;

(b) the estimate of the current school fiscal year's average number belonging, as provided in subsection (1) above;

(c) the estimated average number belonging for the ensuing school fiscal year, including the factual information on which the estimate is based, as provided in subsection (2) above; and

(d) any other information or data that may be requested by the superintendent of public instruction.

(4) The superintendent of public instruction shall immediately review all the factors of the application and shall approve or disapprove the application or adjust the estimated average number belonging for the ensuing school fiscal year. After approving an estimate, with or without adjustment, the superintendent of public instruction shall:

(a) determine the percentage increase which the estimated average number belonging for the ensuing fiscal year is over the current year's average number belonging; and

HeinOnline -- 1981 vol. I 283 1981

(b) approve an increase of the average number belonging used to establish the ensuing year's foundation program in accordance with subsection (6) if the increase in subsection (4)(a) is at least 6%.

(5) The superintendent of public instruction shall notify the district of his decision by the fourth Monday in June.

(6) Whenever an unusual enrollment increase is approved by the superintendent of public instruction, the increase of the average number belonging used to establish the foundation program for the ensuing school fiscal year shall be the difference between the approved estimated average number belonging for the ensuing school fiscal year and 106% of the current year's average number belonging. The amount so determined shall be the maximum allowable increase added to the actual average number belonging for the current school fiscal year for the purpose of establishing the ensuing year's foundation program.

(7) Any equalization or entitlement increases resulting from provisions of this section shall be reviewed at the end of the ensuing school fiscal year. If the actual average number belonging is less than the average number belonging used for foundation program and entitlement calculations, the superintendent of public instruction shall revise the foundation program and entitlement calculations using the actual average number belonging. All payments received by the district in excess of the revised entitlements shall be overpayments subject to the refund provisions of 20-9-344(3)."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 90-4-301, MCA, is amended to read:

"90-4-301. Legislative findings and intent. (1) The legislature finds that energy in various forms is increasingly subject to possible shortages and supply disruptions, to the point that there may be foreseen an emergency situation, and that without the ability to gather information, *regularly monitor energy supplies and demand,* formulate plans, and institute appropriate emergency measures to reduce or allocate the usage of energy through a program of mandatory usage curtailment or allocation, a severe impact on the health, safety, and general welfare of our state's citizens may occur. The prevention or mitigation of the effects of such energy

HeinOnline -- 1981 vol. I 284 1981

shortages or disruptions is necessary for preservation of the public health and welfare of the citizens of this state.

(2) It is the intent of this part to:

(a) establish necessary planning, information gathering, and energy emergency powers for the governor and define the conditions under which such powers are to be exercised;

(b) provide for the regular monitoring of energy supplies and demand; however, nothing in this part may be construed to authorize the establishment of an independent state energy forecasting program; and

(c) provide penalties for violations of this part."

Section 2. Section 90-4-302, MCA, is amended to read:

"90-4-302. Definitions. As used in this part, the following definitions apply:

(6) "Energy emergency" means an existing or imminent domestic, regional, or national shortage of energy which will result in curtailment of essential services or production of essential goods or the disruption of significant sectors of the economy unless action is taken to conserve or limit the use of the energy form involved and the allocation of available energy supplies among users.

(7) "Energy supply alert" means a condition of energy supply on a national, regional, state, or local basis which foreseeably will affect significantly the availability of essential energy supplies within the ensuing 90-day period unless action is taken under 90-4-309 to reduce energy usage by state agencies and political subdivisions.

(8) "Petroleum products" means propane, butane, propane/butane mix, motor gasoline, kerosene and other middle distillates, aviation gasoline, jet fuel, number 4 fuel oil, residual fuel oil, and alcohol fuels, whether in natural or synthetic form.

HeinOnline -- 1981 vol. I 285 1981

(9) "Refinery" means an industrial plant, regardless of capacity, that processes fossil or renewable feedstock or manufactures refined petroleum products, except when the plant exclusively produces petrochemicals.

(10) "Refiner" means a person that owns, operates, or controls the operations of one or more refineries located in Montana.

(11) "Prime petroleum supplier" means the person who makes the first sale of a petroleum product into the state distribution system. Any person who is considered to be a Montana prime supplier by the U.S. department of energy is included in this definition.

Section 3. Section 90-4-305, MCA, is amended to read:

"90-4-305. Information obtainable by governor. (1) The governor may obtain information *on a regular basis* from energy resource producers, suppliers, public agencies, and consumers and from political subdivisions in this state necessary for him, with advice of the committee, to determine the need for energy supply alert and emergency declarations. Such information may include but is not limited to:

(a) sales volumes by customer classifications *other than for petroleum products*;

(b) forecasts of energy resource requirements for the particular type of energy involved for a period not to exceed 2 years; and

(c) inventory of energy resources and reserves available for use in meeting a shortage in a particular energy source.

(2) In order to help anticipate and mitigate the effects of shortages of petroleum products, the governor may monitor the supply of and demand for these products by obtaining the following monthly reports submitted no later than 20 days after the last day of the month, on forms prescribed by the governor, from the following persons:

(a) Each refiner shall submit Montana refinery processing data by fuel type in custody including:

(3) In obtaining information under *subsections (1) and (2)* of this section during a state of energy emergency, the governor may subpoena witnesses, material, and relevant books, papers, accounts, records, and memoranda; administer oaths; and cause the depositions of persons residing within or without Montana to be taken in the manner prescribed for depositions in civil actions in district courts, to obtain information relevant to energy resources that are the subject of the proclaimed emergency or associated disaster.

(4) In obtaining information under this section, the governor shall:

(a) avoid eliciting information already furnished by a person or political subdivision in this state to a federal, state, or local regulatory authority that is available for his study; and

(b) cause reporting procedures, including forms, to conform to existing requirements of federal, state, and local regulatory authorities.

(5) Except as provided in subsection (2), nothing in this part requires the disclosure by a distributor of confidential information, trade secrets, or other facts of a proprietary nature.

CHAPTER NO. 218

AN ACT PROVIDING FOR OPEN-END LOANS BY THE HOLDER OF A SUPPLEMENTARY LICENSE UNDER THE MONTANA CONSUMER LOAN ACT.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Open-end loans.** (1) A holder of a supplementary license may make open-end loans up to the maximum amount permitted for other loans under this chapter and may contract for and receive charges at a rate not in excess of the rate set forth in 32-5-301(10) on unpaid balances outstanding from time to time for the actual time outstanding.

(2) A holder of a supplementary license may not compound charges by adding any unpaid charges authorized by this section to the unpaid principal balance of the borrower's account; however, the unpaid principal balance may include the fees paid to third parties as authorized by [section 4] and by 32-5-301(7).

Section 2. **Computation of charges.** (1) Charges authorized by [sections 1 through 6] shall be computed in each billing cycle by any of the following methods:

(a) by converting the monthly rate to a daily rate and multiplying such daily rate by the daily unpaid principal balance of the account; or

(b) by multiplying the monthly rate by the average daily unpaid principal balance of the account in the billing cycle, in which case the average daily unpaid principal balance is the sum of the amount unpaid each day during the cycle divided by the number of days in the cycle; or

(c) by multiplying the daily rate by the average daily unpaid principal balance of the account in the billing cycle.

(2) For purposes of [sections 1 through 6], "billing cycle" means the time interval between periodic billing dates. A billing cycle shall be considered monthly if the closing date of the cycle is the same date each month or does not vary by more than 4 days from such date.

(3) For all of the above methods of computation, the billing cycle shall be monthly and the unpaid principal balance on any day shall be determined by adding to any balance unpaid as of the beginning of that day all advances and other permissible amounts charged to the borrower and deducting all payments and other credits made or received that day.

Section 3. **Early payment.** The borrower may at any time pay all or any part of the unpaid balance in his account, or if the account is not in default, the borrower may pay the unpaid principal balance in monthly installments, subject to minimum payment requirements as determined by the licensee and set forth in the open-end loan agreement. Minimum monthly payments shall be in such amount as would result in the full repayment of the initial loan advance, exclusive of any charges, within the maximum term set forth for other loans of the same amount in 32-5-302(1).

Section 4. **Additional charges.** In addition to the charges permitted under [section 1], a holder of a supplementary license may contract for

HeinOnline -- 1981 vol. I 303 1981

and receive the fees, costs, and expenses permitted by this chapter on other loans, subject to all the conditions and restrictions set forth in the applicable provisions of this chapter with the following variations:

(1) If credit life or disability insurance is provided and if the insured dies or becomes disabled when there is an outstanding open-end loan indebtedness, the insurance must be sufficient to pay, in the case of credit life insurance, the total balance of the loan due on the date of the borrower's death or, in the case of credit disability insurance, all minimum payments that become due on the loan during the covered period of disability. The additional charge for credit life insurance or credit disability insurance shall be calculated in each billing cycle by applying the current monthly premium rate for such insurance, as such rate may be determined by the commissioner of insurance, to the unpaid balances in the borrower's account, using either of the methods specified in [section 2] for the calculation of loan charges.

(2) The amount, terms, and conditions of any insurance against loss or damage to property must be reasonable in relation to the character and value of the property insured and the maximum anticipated amount of credit to be extended.

Section 5. **Security.** A holder of a supplementary license may take a security interest in personal property to secure an open-end loan and may retain any such security interest until the open-end account is terminated. A holder of a supplementary license may take a security interest in real property to secure an open-end loan and may retain any such security interest until the open-end account is terminated; however, if there is no outstanding balance in the account and there is no commitment by the licensee to make additional advances, the licensee shall, within 10 days following written request by the borrower, deliver to the borrower a release of the mortgage or a request for reconveyance of the deed of trust or trust indenture on any real property taken as security for a loan.

Section 6. **Provisions not applicable.** The provisions of subsections (5) and (6) of 32-5-301 and the provisions of 32-5-304 do not apply to open-end loans.

Section 7. **Codification instruction.** Sections 1 through 6 are intended to be codified as an integral part of Title 32, chapter 5, and the provisions of Title 32, chapter 5, apply to sections 1 through 6.

Approved March 31, 1981.

A person who acquires an aircraft required to be registered under subsections (2) through (6) of 67-3-201 after *June 1* in any year shall register the aircraft within 30 days of acquiring it. Section 2. Section 67-3-201, MCA, is amended to read:

"67-3-201. Aircraft registration and licensing. (1) Except as provided in 67-3-102, a person may not operate or cause or authorize to be operated a civil aircraft within this state unless the aircraft has an appropriate effective license, certificate, or permit issued by the United States government which has been registered with the department and the registration with the department is in force.

HeinOnline -- 1981 vol. I 305 1981

(2) Aircraft customarily kept in this state shall be registered with the department, which may charge a fee therefor of not more than $10. The registration shall be renewed annually on or before *June 1* each year.

However, if the owner declares by affidavit that the aircraft is customarily kept at a landing facility in another county within the state, he may register the aircraft as property within such other county.

(5) Except as provided in 15-6-210, all aircraft shall be subject to all state, county, and school district tax levies and all other levies designated for aircraft- or airport-related uses. Such aircraft shall not be liable for other city tax levies.

CHAPTER NO. 224

AN ACT ADOPTING THE MULTISTATE HIGHWAY TRANSPORTATION AGREEMENT.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Multistate Highway Transportation Agreement — enactment and text.** The Multistate Highway Transportation Agreement is hereby enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

MULTISTATE HIGHWAY TRANSPORTATION AGREEMENT

Pursuant to and in conformity with the laws of their respective jurisdictions, the participating jurisdictions, acting by and through their officials lawfully authorized to execute this agreement, do mutually agree as follows:

Article I. Findings and Purposes

Section 1. **Findings.** The participating jurisdictions find that:

(a) the expanding regional economy depends on expanding transportation capacity;

(b) highway transportation is the major mode for movement of people and goods in the western states;

(c) uniform application in the West of more adequate vehicle size and weight standards will result in a reduction of pollution, congestion, fuel consumption, and related transportation costs, which are necessary to permit increased productivity;

(d) a number of western states, already having adopted substantially the 1964 bureau of public roads recommended vehicle size and weight standards, still find current federal limits more restrictive;

(e) the 1974 revision of federal law (23 U.S.C. 127) did not contain any substantial improvements for vehicle size and weight standards in the western states and deprives states of interstate matching money if vehicle weights and widths are increased, even though the interstate system is nearly 92% complete; and

(f) the participating jurisdictions are most capable of developing vehicle size and weight standards most appropriate for the regional economy and transportation requirements, consistent with and in recognition of principles of highway safety.

HeinOnline -- 1981 vol. I 310 1981

Section 2. **Purposes.** The purposes of this agreement are to:

(a) adhere to the principle that each participating jurisdiction should have the freedom to develop vehicle size and weight standards that it determines to be most appropriate to its economy and highway system;

(b) establish a system authorizing the operation of vehicles traveling between two or more participating jurisdictions at more adequate size and weight standards;

(c) promote uniformity among participating jurisdictions in vehicle size and weight standards on the basis of the objectives set forth in this agreement;

(d) secure uniformity, insofar as possible, of administrative procedures in the enforcement of recommended vehicle size and weight standards;

(e) provide means for the encouragement and utilization of research that will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in section 1 of this article.

Article II. Definitions

Section 1. As used in this agreement:

(a) "designated representative" means a legislator or other person authorized to represent the jurisdiction;

(b) "jurisdiction" means a state of the United States or the District of Columbia;

(c) "vehicle" means any vehicle as defined by statute to be subject to size and weight standards that operates in two or more participating jurisdictions.

Article III. General Provisions

Section 1. **Qualifications for membership.** Participation in this agreement is open to jurisdictions that subscribe to the findings, purposes, and objectives of this agreement and will seek legislation necessary to accomplish these objectives.

Section 2. **Cooperation.** The participating jurisdictions, working through their designated representatives, shall cooperate and assist each other in achieving the desired goals of this agreement pursuant to appropriate statutory authority.

Section 3. **Effect of headings.** Article and section headings contained herein may not be considered to govern, limit, modify, or in any manner affect the scope, meaning, or intent of the provisions of any article or section hereof.

Section 4. **Vehicle laws and regulations.** This agreement does not authorize the operation of a vehicle in any participating jurisdiction contrary to the laws or regulations thereof.

HeinOnline -- 1981 vol. I 311 1981

Section 5. **Interpretation.** The final decision regarding interpretation of questions at issue relating to this agreement shall be reached by unanimous joint action of the participating jurisdictions, acting through the designated representatives. Results of all such actions shall be placed in writing.

Section 6. **Amendment.** This agreement may be amended by unanimous joint action of the participating jurisdictions, acting through the officials thereof authorized to enter into this agreement, subject to the requirements of section 4, Article III. Any amendment shall be placed in writing and become a part hereof.

Section 7. **Restrictions, conditions, or limitations.** Any jurisdiction entering this agreement shall provide each other participating jurisdiction with a list of any restriction, condition, or limitation on the general terms of this agreement, if any.

Section 8. **Additional jurisdictions.** Additional jurisdictions may become members of this agreement by signing and accepting the terms of the agreement.

Article IV. Cooperating Committee

Section 1. Pursuant to section 2, Article III, the designated representatives of the participating jurisdictions shall constitute a committee that shall have the power to:

(a) collect, correlate, analyze, and evaluate information resulting or derivable from research and testing activities in relation to vehicle size and weight related matters;

(b) recommend and encourage the undertaking of research and testing in any aspect of vehicle size and weight or related matter when, in their collective judgment, appropriate or sufficient research or testing has not been undertaken;

(c) recommend changes in law or policy with emphasis on compatibility of laws and uniformity of administrative rules that would promote effective governmental action or coordination in the field of vehicle size and weight related matters.

Section 2. Each participating jurisdiction shall be entitled to one vote only. No action of the committee shall be binding unless a majority of the total number of votes cast by participating jurisdictions are in favor thereof.

Section 3. The committee shall meet at least once annually and shall elect, from among its members, a chairman, a vice-chairman, and a secretary.

Section 4. The committee shall submit annually to the legislature of each participating jurisdiction, no later than November 1, a report setting forth the work of the committee during the preceding year and including recommendations developed by the committee. The committee may submit such additional reports as it considers appropriate or desirable. Copies of all such reports shall be made available to the transportation committee

HeinOnline -- 1981 vol. I 312 1981

of the western conference, council of state governments, and to the western association of state highway and transportation officials.

Article V. Objectives of the Participating Jurisdictions

Section 1. **Objectives.** The participating jurisdictions hereby declare that:

(a) it is the objective of the participating jurisdictions to obtain more efficient and more economical transportation by motor vehicles between and among the participating jurisdictions by encouraging the adoption of standards that will, as minimums, allow the operation on all state highways, except those determined through engineering evaluation to be inadequate, with a single-axle weight not in excess of 20,000 pounds, a tandem-axle weight not in excess of 34,000 pounds, and a gross vehicle or combination weight not in excess of that resulting from application of the formula:

$$W = 500((LN/N - 1) + 12N + 36)$$

where W = maximum weight in pounds carried on any group of two or computed to nearest 500 pounds;

L = distance in feet between the extremes of any group of two or more consecutive axles;

N = number of axles in group under consideration;

(b) it is the further objective of the participating jurisdictions that in the event the operation of a vehicle or combination of vehicles according to the provisions of subsection (a) of this section would result in withholding or forfeiture of federal-aid funds pursuant to section 127, Title 23, U.S. Code, the operation of such vehicle or combination of vehicles at axle and gross weights within the limits set forth in subsection (a) of this section will be authorized under special permit authority by each participating jurisdiction that could legally issue such permits prior to July 1, 1956, provided all regulations and procedures related to such issuance in effect as of July 1, 1956, are adhered to;

(c) the objectives of subsections (a) and (b) of this section relate to vehicles or combinations of vehicles in regular operation, and the authority of any participating jurisdiction to issue special permits for the movement of any vehicle or combinations of vehicles having dimensions and/or weights in excess of the maximum statutory limits in each participating jurisdiction will not be affected;

(d) it is the further objective of the participating jurisdictions to facilitate and expedite the operation of any vehicle or combination of vehicles between and among the participating jurisdictions under the provisions of subsection (a) or (b) of this section, and to that end the participating jurisdictions hereby agree, through their designated representatives, to meet and cooperate in the consideration of vehicle size and weight related matters including but not limited to the development of uniform enforcement procedures; additional vehicle size and weight standards; operational standards; agreements or compacts to facilitate regional application and

HeinOnline -- 1981 vol. I 313 1981

administration of vehicle size and weight standards; uniform permit procedures; uniform application forms; rules for the operation of vehicles, including equipment requirements, driver qualifications, and operating practices; and such other matters as may be pertinent;

(e) in recognition of the limited prospects of federal revision of section 127, Title 23, U.S. Code, and in order to protect participating jurisdictions against any possibility of withholding or forfeiture of federal-aid highway funds, it is the further objective of the participating jurisdictions to secure congressional approval of this agreement and specifically of the vehicle size and weight standards set forth in subsection (a) of this section;

(f) in recognition of desire for a degree of national uniformity of size and weight regulations, it is the further objective to encourage development of broad, uniform size and weight standards on a national basis and further that procedures adopted under this agreement be compatible with national standards.

Article VI. Entry into Force and Withdrawal

Section 1. This agreement shall enter into force when enacted into law by any two or more jurisdictions. Thereafter, this agreement shall become effective as to any other jurisdiction upon its enactment thereof, except as otherwise provided in section 8, Article III.

Section 2. Any participating jurisdiction may withdraw from this agreement by canceling the same but no such withdrawal shall take effect until 30 days after the designated representative of the withdrawing jurisdiction has given notice in writing of the withdrawal to all other participating jurisdictions.

Article VII. Construction and Severability

Section 1. This agreement shall be liberally construed so as to effectuate the purposes thereof.

Section 2. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any participating jurisdiction or the applicability thereto to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement shall not be affected thereby. If this agreement shall be held contrary to the constitution of any jurisdiction participating herein, the agreement shall remain in full force and effect as to the jurisdictions affected as to all severable matters.

Article VIII. Filing of Documents

Section 1. A copy of this agreement, its amendments, and rules promulgated thereunder and interpretations thereof shall be filed in the highway department in each participating jurisdiction and shall be made available for review by interested parties.

Article IX. Existing Statutes Not Repealed

Section 1. All existing statutes prescribing weight and size standards and all existing statutes relating to special permits shall continue to be of force and effect until amended or repealed by law.

HeinOnline -- 1981 vol. I 314 1981

Article X. State Government Departments
Authorized to Cooperate With Cooperating Committee

Section 1. Within appropriations available therefor, the departments, agencies, and officers of the government of this state shall cooperate with and assist the cooperating committee within the scope contemplated by Article IV, subsections 1(a) and 1(b) of the agreement. The departments, agencies, and officers of the government of this state are authorized generally to cooperate with said cooperating committee.

Section 1. Section 67-10-402, MCA, is amended to read:

"67-10-402. Tax levy. (1) For the purpose of establishing, constructing, equipping, maintaining, and operating airports and landing fields under the provisions of this chapter, the county commissioners or the city or town council may each year assess and levy, in addition to the annual levy for general administrative purposes or the all-purpose levy authorized by 7-6-4451 and 7-6-4452, a tax of not to exceed 2 mills on the dollar of taxable value of the property of said county, city, or town.

(2) In the event of a jointly established airport or landing field, the county commissioners and the council or councils involved shall determine in advance the levy necessary for such purposes and the proportion each political subdivision joining in the venture must pay.

(3) No property within any political subdivision may be subject to a tax pursuant to this section at an annual rate in excess of 2 mills unless it is found that the levy is insufficient for the purposes enumerated. In such a case the commissioners and councils acting are authorized and empowered to contract an indebtedness on behalf of such county, city, or town, as the case may be, upon the credit thereof by borrowing money or issuing bonds for such purposes, provided that no bonds may be issued for such purpose until the proposition has been submitted to the qualified electors and a majority vote cast therefor, except as provided in subsection (4).

CHAPTER NO. 245

AN ACT TO ALLOW FAMILY MEMBERS THE RIGHT TO CONTINUE INDIVIDUAL FAMILY DISABILITY INSURANCE COVERAGE UPON THE DEATH OF THE NAMED INSURED OR THE DIVORCE, SEPARATION, OR ANNULMENT OF MARRIAGE OF THE SPOUSE FROM THE NAMED INSURED; AND TO ESTABLISH CONDITIONS AND REQUIREMENTS OF CONTINUED COVERAGE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** This [act] may be cited as the "Individual Family Disability Insurance Continuity of Coverage Act".

Section 2. **Purpose.** The purpose of this [act] is to provide for the right of covered family members under individual family disability insurance policies to continuity of coverage upon the death of the named insured, the divorce, annulment of marriage, or legal separation of the spouse from the named insured, or any other condition specifically stated in such disability insurance policies under which coverage would otherwise terminate as to the covered spouse or covered dependent children of the named insured.

Section 3. **Continuity of coverage.** (1) Subject to the requirements of this [act] and on the date specified in the policy under which coverage otherwise terminates as to covered family members, other than for nonpayment of premium, nonrenewal of the policy, or the expiration of the term for which the policy is issued, a covered person (other than one eligible for medicare or any other similar federal or state disability insurance program), including the spouse and any covered dependent child of the last-named insured or the representative of such child, has the right to continuation of coverage under provisions that, at the option of the carrier, are consistent with:

HeinOnline -- 1981 vol. I 346 1981

(a) the continuation of the policy with the person exercising the right of continuation designated as the named insured;

(b) the issuance of a converted policy with the person exercising the conversion right designated as the named insured; or

(c) both (a) and (b).

(2) When continuation of coverage or conversion is made in the name of the spouse of the named insured, the coverage may, at the option of the spouse, include covered dependent children for whom the spouse has the responsibility for care and support.

Section 4. **Form of coverage — requirements — evidence of insurability — preexisting conditions.** (1) Coverage continued through the issuance of a converted policy shall consist of the form of coverage then being offered by the carrier as a conversion policy in the jurisdiction where the person exercising the conversion right resides that most nearly approximates the coverage of the policy from which conversion is exercised. Continued and converted coverages, other than those provided through the exercise of continuation or conversion rights contained in optionally renewable or limited right of renewal contracts, must contain:

(a) provisions allowing the person exercising the continuation or conversion the right to renew the coverage until the attainment of the age of eligibility for medicare or any other similar federal or state disability insurance program, subject to the right of the carrier to nonrenew all such policies in this state as a class; or

(b) other renewal provisions that are not less favorable to the insured than those contained in the policy from which conversion is exercised.

(2) Coverage provided through continuation or conversion may not require additional evidence of insurability except as to overinsurance and may not impose any preexisting condition limitations or other contractual time limitations other than those remaining unexpired under the policy or contract from which continuation or conversion is exercised.

Section 5. **Notice.** The eligible covered family member exercising the continuation or conversion right must notify the carrier and make payment of the applicable premium within 31 days following the date such coverage otherwise terminates as specified in the policy or contract from which continuation or conversion is being exercised.

Section 6. **Nonduplication.** Benefits otherwise payable under a converted policy may be reduced:

(1) so they are not, during the first policy year of the converted policy, in excess of those benefits that would have been payable had the coverage under the policy from which conversion is exercised not terminated; and

(2) by the amount of benefits, if any, payable as to the same loss under the policy from which conversion is exercised.

Section 7. **Overinsurance.** The carrier is not required to issue a converted policy if at the time of application the applicant:

HeinOnline -- 1981 vol. I 347 1981

(1) (a) has coverage under other disability insurance policies, health service corporation contracts, or self-insured health benefit plans providing similar benefits;

(b) is eligible for coverage under a group policy or contract providing similar benefits;

(c) is provided with similar benefits required by any statute; or

(d) is covered under any national, state, or governmental plan; and

(2) has coverage under subsection (1) that, together with the converted policy, would result in overinsurance according to the carrier's underwriting standards.

Section 8. **Codification instruction.** This act is intended to be codified as an integral part of Title 33, chapter 22, part 3, and the provisions of Title 33 apply to this act.

Section 9. **Applicability.** The provisions of this act apply to individual family disability insurance policies providing hospital, surgical, and medical expense benefits or hospital confinement indemnity benefits and individual family health service corporation contracts delivered or issued for delivery in this state on and after [120 days after the effective date of this act]. This act does not apply to disability income policies, accidental death or dismemberment policies, or single-term, nonrenewable policies.

Approved April 2, 1981.

CHAPTER NO. 246

AN ACT TO SPECIFY THE DISCIPLINARY AUTHORITY OF LICENSING BOARDS IN THE DEPARTMENT OF PROFESSIONAL AND OCCUPATIONAL LICENSING.

WHEREAS, during its sunset review of licensing boards, the Legislative Audit Committee noted that disciplinary authority of some boards over licensees is not specified in the law and that consequently some boards are hesitant to take disciplinary action against licensees.

THEREFORE, it is the intent of this act to specify the disciplinary authority of the boards allocated to the Department of Professional and Occupational Licensing.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Disciplinary authority of boards — injunctions.** (1) Each licensing board allocated to the department has the authority, in addition to any other penalty or disciplinary action provided by law, to adopt rules specifying grounds for disciplinary action and rules providing for:

(a) revocation of a license;

HeinOnline -- 1981 vol. I 348 1981

(b) suspension of its judgment of revocation on terms and conditions determined by the board;

(c) suspension of the right to practice for a period not exceeding 1 year;

(d) placing a licensee on probation;

(e) reprimand or censure of a licensee; or

(f) taking any other action in relation to disciplining a licensee as the board in its discretion considers proper.

(2) Any disciplinary action by a board shall be conducted as a contested case hearing under the provisions of the Montana Administrative Procedure Act.

(3) Notwithstanding any other provision of law, a board may maintain an action to enjoin a person from engaging in the practice of the occupation or profession regulated by the board until a license to practice is procured. A person who has been enjoined and who violates the injunction is punishable for contempt of court.

Section 2. **Codification instruction.** Section 1 is intended to be codified as an integral part of Title 37, chapter 1, part 1.

Approved April 2, 1981.

(2) "Department" means the department of professional and occupational licensing provided for in Title 2, chapter 15, part 16.

(3) "Practice of nursing" embraces two classes of nursing service and activity, as follows:

(a) "Practice of professional nursing" means the performance for compensation of *services requiring substantial specialized knowledge of the*

HeinOnline -- 1981 vol. I 364 1981

biological, physical, behavioral, psychological, and sociological sciences and of nursing theory as a basis for the nursing process. The nursing process is the assessment, nursing analysis, planning, nursing intervention, and evaluation in the promotion and maintenance of health; the prevention, casefinding, and management of illness, injury, or infirmity; and the restoration of optimum function. The term also includes administration, teaching, counseling, supervision, delegation, and evaluation of nursing practice and the administration of medications and treatments prescribed by physicians, dentists, osteopaths, or podiatrists authorized by state law to prescribe medications and treatments. Each registered nurse is directly accountable and responsible to the consumer for the quality of nursing care rendered. As used in this subsection (3)(a):

(i) "nursing analysis" is the identification of those client problems for which nursing care is indicated and may include referral to medical or community resources;

(ii) "nursing intervention" is the implementation of a plan of nursing care necessary to accomplish defined goals.

(b) "Practice of practical nursing" means the performance for compensation *of services requiring basic knowledge of the biological, physical, behavioral, psychological, and sociological sciences and of nursing procedures. Practical nursing practice utilizes standardized procedures leading to predictable outcomes in the observation and care of the ill, injured, and infirm; in the maintenance of health; in action to safeguard life and health; and in the administration of medications and treatments prescribed by a physician, dentist, osteopath, or podiatrist authorized by state law to prescribe medications and treatments. These services are performed under the supervision of a registered nurse or a physician, dentist, osteopath, or podiatrist authorized by state law to prescribe medications and treatments.*

(4) "Nursing education program" means any board-approved school that prepares graduates for initial licensure under this chapter. Nursing education programs for:

(a) professional nursing may be a department, school, division, or other administrative unit in a senior or junior college or university;

(b) practical nursing may be a department, school, division, or other administrative unit in a vocational-technical center or junior college."

Section 5. Section 37-8-103, MCA, is amended to read:

"37-8-103. Exemptions — limitations on authority conferred. (1) No provisions of this law may be construed as prohibiting:

(a) gratuitous nursing by friends or members of the family;

(b) incidental care of the sick by domestic servants or persons primarily employed as housekeepers;

(c) nursing assistance in the case of an emergency;

(d) the practice of nursing by students enrolled in approved *nursing education programs*;

(e) the practice of nursing in this state by any legally qualified nurse of another state whose engagement requires the nurse to accompany and care for a patient temporarily residing in this state during the period of one such engagement not to exceed 6 months in length, provided that person does not represent or hold herself or himself out to be a nurse licensed to practice in this state;

(f) the practice of any legally qualified nurse of another state who is employed by the United States government or any bureau, division, or agency thereof while in the discharge of that nurse's official duties;

(g) nursing or care of the sick, with or without compensation, when done in connection with the practice of the religious tenets of any well-established religion or denomination by adherents thereof;

(h) nursing or care of a minor who is in the care of a licensed foster parent, to the same extent such care may be provided by a parent or guardian.

(2) This chapter may not be construed as conferring any authority to practice medicine, surgery, or any combination thereof; to confer any authority to practice any of the healing arts prescribed by law to be practiced in the state of Montana; or to permit any person to undertake the treatment of disease by any of the methods employed in those arts unless the licensee has been qualified under the applicable law or laws licensing the practice of those professions or healing arts in the state of Montana."

It shall cause the prosecution of persons violating this chapter and may incur necessary expenses for this.

(3) The board may adopt and the department shall publish forms for use by applicants and others, including license, certificate, and identity forms and other appropriate forms and publications convenient for the proper administration of this chapter, and the board may fix reasonable fees for incidental services, all within the subject matter delegated by this chapter.

(4) The board may participate in and pay fees to a national organization of state boards of nursing to assure interstate endorsement of licenses.

Specialty areas of nursing are those that require additional professional education beyond the basic nursing degree required of a registered nurse, which additional education is obtained in courses offered in a university setting or its equivalent and certified by the American nurses' association. Specialty areas of nursing include nurse practitioners, nurse-midwives, and nurse-anesthetists."

The administrator shall notify the auditor *by April 1 of each year* of the annual compensation paid to all active members during the preceding year, and the state's contribution shall be 14% of such compensation."

Section 2. Section 19-9-1007, MCA, is amended to read:

"19-9-1007. Supplement to certain pensions. (1) The payment for each fiscal year to the police officers, spouses, or minor children described in subsections (2)(a) through (2)(c) may be not less than one-half of the base salary paid in the previous calendar year in the appropriate city or town to newly confirmed police officers, except that for the fiscal year beginning July 1, 1979, all retirees and their beneficiaries who received a supplement to their retirement allowance on July 1, 1978, and are receiving an allowance on July 1, 1979, shall receive a 3% increase in their retirement allowance in lieu of any other increase.

These payments are to be made to reimburse the retirement account for funds advanced to implement this section.

(5) If more than one minor child is entitled to supplementary payments under this section by virtue of the death of a common parent police officer, the minimum payment to such minor children under this section shall be determined as if there were one such minor child and the supplementary payment shall be made to the minor children collectively."

CHAPTER NO. 276

AN ACT TO ELIMINATE USURY LIMITS UNDER THE MONTANA RETAIL INSTALLMENT SALES ACT; AMENDING SECTIONS 31-1-241 AND 31-1-243, MCA; PROVIDING AN IMMEDIATE EFFECTIVE DATE AND TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 31-1-241, MCA, is amended to read:

"31-1-241. Finance charge limitation. (1) Notwithstanding the provisions of any other law, the finance charge included in a retail installment contract shall *be at a rate agreed upon by the retail seller and the buyer.*

(2) Notwithstanding the provisions of any other law, the finance charge included in a retail charge account agreement shall be at a rate agreed upon by the retail seller and the buyer. The finance charge shall be computed from month to month (which need not be a calendar month) or other regular billing cycle period by using the ending balance of the account as of the last day of the billing cycle less the amount of purchases charged to the account during that billing cycle.

(a) A seller may change the terms of a revolving charge account whether or not the change is authorized by prior agreement. The seller shall give the buyer written notice of any change in the two billing cycles prior to the effective date of the change.

(b) If the retail seller increases his finance charge on a retail charge account agreement, then such increased rate may only be applied to the balance consisting of purchases on other charges incurred on or after the effective date of the increase.

(c) For purposes of determining the balance to which the increased rate applies, all payments may be considered to be applied to the balance existing prior to the change in rate until that balance is paid in full."

Section 2. Section 31-1-241, MCA, is amended to read:

"31-1-241. Finance charge limitation. (1) Notwithstanding the provisions of any other law, the finance charge included in a retail installment contract shall not exceed the following schedule:

(a) as to motor vehicles:

(i) class 1—any new motor vehicle designated by the manufacturer by a year model not earlier than the year in which the sale is made, $7 per $100 per year;

(ii) class 2—any new motor vehicle not in class 1 and any used motor vehicle designated by the manufacturer by a year model of the same or not more than 2 years prior to the year in which the sale is made, $9 per $100 per year;

HeinOnline -- 1981 vol. I 409 1981

(iii) class 3—any used motor vehicle not in class 2 and designated by the manufacturer by a year model more than 2 years prior to the year in which the sale is made, $11 per $100 per year;

(b) as to any industrial or construction equipment primarily designed for or used in construction, logging, mining, or other industrial business, the price of which is over $5,000, $9 per $100 per year. This subsection shall not apply to agricultural equipment.

(c) as to any manufactured structure or recreational vehicle, $9 per $100 per year;

(d) as to services and goods other than as provided under subsections (1)(a), (1)(b), and (1)(c) above:

(i) on so much of the principal balance as does not exceed $300, $11 per $100 per year;

(ii) if the principal balance exceeds $300 but is less than $1,000, $9 per $100 per year on that portion over $300;

(iii) if the principal balance exceeds $1,000, $7 per $100 per year on that portion over $1,000.

(2) Such finance charge shall be computed on the principal balance as determined under 31-1-231(5) on contracts payable in successive monthly payments substantially equal in amount from the date of the contract until the maturity of the final installment, notwithstanding that the total time balance thereof is required to be paid in installments. A minimum finance charge of $20 may be charged on any retail installment contract.

(3) When a retail installment contract provides for payment other than in equal successive monthly installments, the finance charge may be a rate which will provide the same yield as is permitted on monthly payment contracts under subsections (1) and (2) hereof, having due regard for the schedule of payments in the contract.

(4) Notwithstanding the provisions of any other law, a retail charge account agreement may provide for and the seller or holder may charge, collect, and receive a finance charge as specified herein for the privilege of paying in installments thereunder. The finance charge may be computed from month to month (which need not be a calendar month) or other regular billing cycle period by applying a rate not to exceed 1 ½% for each such monthly period to an amount (not including any unpaid finance charge) *by using* the ending balance of the account as of the last day of the billing cycle less the amount of purchases charged to the account during that billing cycle.

(a) A seller may change the terms of a revolving charge account whether or not the change is authorized by prior agreement. The seller shall give the buyer written notice of any change in the two billing cycles prior to the effective date of the change.

(b) If the retail seller increases his finance charge on a retail charge account agreement, within the permitted ceiling amount, then such increased rate may only be applied to the balance consisting of purchases on other charges incurred on or after the effective date of the increase.

(c) For purposes of determining the balance to which the increased rate applies, all payments may be considered to be applied to the balance existing prior to the change in rate until that balance is paid in full.

HeinOnline -- 1981 vol. I 410 1981

(5) If the finance charge so determined pursuant to (4) above for such monthly period is less than 50 cents, a maximum finance charge not in excess of 50 cents may be charged, received, and collected for such period."

Section 3. Section 31-1-243, MCA, is amended to read:

"31-1-243. Refinancing retail installment contract. The holder of a contract, upon request by the buyer, may extend the scheduled due date of all or any part of any installment or installments or defer payment or payments or renew or restate the unpaid time balance of such contract, the amount of the installments, and the time schedule therefor and may collect for such extension, deferment, renewal, or restatement a refinance charge. The holder may compute the refinance charge on the unpaid time balance to be extended, deferred, renewed, or restated by adding to such unpaid time balance the cost for any insurance and other benefits incidental to the refinancing plus any accrued delinquency and collection charges, after deducting any refund which may be due the buyer as for a prepayment pursuant to 31-1-242 at the rate of the finance charge specified in 31-1-241. If all unpaid installments are deferred for not more than 2 months, the holder may at his election charge and collect for such deferment an amount equal to the difference between the refund required for prepayment in full under 31-1-242 as of the scheduled due date of the first deferred installment and the refund required for prepayment in full as of 1 month prior to said date, times the number of months in which no scheduled payment is made."

Section 4. **Merchant finance.** A finance operation that finances transactions between merchants, as defined in 30-2-104, is also exempt from usury limits.

Section 5. **Effective date — termination.** (1) This act, except as provided in subsection (2), is effective on passage and approval and terminates on July 1, 1983.

(2) Section 2 is effective July 1, 1983.

Approved April 6, 1981.

The court shall examine, correct if necessary, and allow said expense account, and said amount so allowed shall constitute a lien against the real estate on which said building or structure is or was situated. If the amount thereof is not paid by the owner or other party in interest within 3 months after the account has been examined and approved by the court, the real estate upon which said building or structure is or was situated shall be sold under proper order of court by the sheriff of the county in which the same is situated in the manner provided by law for the sale of real estate upon execution, and the proceeds of said sale shall be paid into the treasury of the governmental unit which incurred the expenses. Be it enacted by the Legislature of the State of Montana:

Section 1. Section 30-10-201, MCA, is amended to read:

"30-10-201. Registration of broker-dealers, salesmen, and investment advisers. (1) It is unlawful for any person to transact business in this state as a broker-dealer or salesman, except in transactions exempt under 30-10-105, unless he is registered under parts 1 through 3 of this chapter.

(2) It is unlawful for a broker-dealer or issuer to employ a salesman to represent him in this state, except in transactions exempt under 30-10-105, unless the salesman is registered under parts 1 through 3 of this chapter.

(3) It is unlawful for any person to transact business in this state as an investment adviser unless:

(4) A broker-dealer or a salesman, acting as an agent for an issuer or as an agent for a broker-dealer in the offer or sale of securities for an issuer, or an investment adviser may apply for registration by filing with the commissioner an application in such form as the commissioner prescribes and payment of the fee prescribed in 30-10-209. Except for persons in the employ of brokerage firms governed by the regulations of the securities and exchange commission, all salesmen must be legal residents of this state and must have actually resided in this state for a period of at least 1 year next prior to the date of application for registration. The commissioner may, upon request and for good cause shown by an applicant, waive the residency requirement. A salesman acting as agent for an issuer or broker-dealer who is not currently in compliance with the financial responsibility requirements prescribed by the Securities Exchange Act of 1934 and by regulations adopted under it, may, in the discretion of the commissioner, be required to file with the commissioner a bond of a surety company duly authorized to transact business in this state. The bond shall be in an amount determined by the commissioner, payable to the state of Montana and conditioned upon the faithful compliance with the provisions of parts 1 through 3 of this chapter, and provide that upon failure to so comply, the salesman shall be liable to any and all persons who may suffer loss by reason thereof.

(5) The application shall contain whatever information the commissioner requires.

(6) *When the registration requirements are complied with, the commissioner shall approve the registration.*

(7) Registration of a broker-dealer, salesman, or investment adviser shall be effective until *December 31* following such registration *or such other time as the commissioner may by rule adopt* and may be renewed. The registration of a salesman is not effective during any period when he is not associated with an issuer or a registered broker-dealer specified in his application. When a salesman begins or terminates a connection with an issuer or registered broker-dealer, the salesman and the issuer or broker-dealer shall promptly notify the commissioner.

(8) Registration of a broker-dealer, salesman, or investment adviser may be renewed by filing with the commissioner prior to the expiration thereof an application containing such information as the commissioner may require to indicate any material change in the information contained in the original application or any renewal application for registration as a broker-dealer, salesman, or investment adviser filed with the commissioner by the applicant, payment of the prescribed fee, and, in the case of a broker-dealer, by filing a financial statement showing the financial condition of such broker-dealer as of a date within 90 days. A registered broker-dealer or investment adviser may file an application for registration of a successor, to become effective upon approval of the commissioner.

(9) Every registered broker-dealer and investment adviser shall make and keep such accounts and other records, except with respect to securities exempt under 30-10-104(1), as may be prescribed by the commissioner. All records so required shall be preserved for 3 years unless the commissioner prescribes otherwise for particular types of records. All the records of a

HeinOnline -- 1981 vol. I 414 1981

registered broker-dealer or investment adviser are subject at any time or from time to time to such reasonable periodic, special, or other examinations, within or without this state, by representatives of the commissioner, as the commissioner considers necessary or appropriate in the public interest or for the protection of investors.

(10) The commissioner may by order deny, suspend, or revoke registration of any broker-dealer, salesman, or investment adviser if he finds that the order is in the public interest and that the applicant or registrant or, in the case of a broker-dealer or investment adviser, any partner, officer, or director:

(a) has filed an application for registration under this section which, as of its effective date or as of any date after filing in the case of an order denying effectiveness, was incomplete in any material respect or contained any statement which was, in the light of the circumstances under which it was made, false or misleading with respect to any material fact;

(b) has willfully violated or willfully failed to comply with any provision of parts 1 through 3 of this chapter or a predecessor law or any rule or order under parts 1 through 3 of this chapter or a predecessor law;

(c) has been convicted of any misdemeanor involving a security or any aspect of the securities business or any felony;

(d) is permanently or temporarily enjoined by any court of competent jurisdiction from engaging in or continuing any conduct or practice involving any aspect of the securities business;

(e) is the subject of an order of the commissioner denying, suspending, or revoking registration as a broker-dealer, salesman, or investment adviser;

(f) is the subject of an order entered within the past 5 years by the securities administrator of any other state or by the federal securities and exchange commission denying or revoking registration as a broker-dealer, salesman, *or investment adviser* or the substantial equivalent of those terms as defined in parts 1 through 3 of this chapter or is the subject of an order of the federal securities and exchange commission suspending or expelling him from a national securities exchange or national securities association registered under the Securities Exchange Act of 1934 or is the subject of a United States post office fraud order, but:

(i) the commissioner may not institute a revocation or suspension proceeding under this subsection (f) more than 1 year from the date of the order relied on; and

(g) has engaged in dishonest or unethical practices in the securities business;

(h) is insolvent, either in the sense that his liabilities exceed his assets or in the sense that he cannot meet his obligations as they mature, but the

HeinOnline -- 1981 vol. I 415 1981

commissioner may not enter an order against a broker-dealer or investment adviser under this subsection (h) without a finding of insolvency as to the broker-dealer or investment adviser;

(i) has not complied with a condition imposed by the commissioner under this section or is not qualified on the basis of such factors as training, experience, or knowledge of the securities business; or

(j) has failed to pay the proper filing fee, but the commissioner may enter only a denial order under this subsection (j), and he shall vacate any such order when the deficiency has been corrected.

(11) Upon the entry of the order under subsection (10) of this section, the commissioner shall promptly notify the applicant or registrant, as well as the employer or prospective employer if the applicant or registrant is a salesman, that it has been entered and of the reasons therefor and that if requested by the applicant or registrant within 15 days after the receipt of the commissioner's notification the matter will be promptly set down for hearing. If no hearing is requested within 15 days and none is ordered by the commissioner, the order will remain in effect until it is modified or vacated by the commissioner. If a hearing is requested or ordered, the commissioner, after notice of and opportunity for hearing, may affirm, modify, or vacate the order.

(12) If the commissioner finds that any registrant or applicant for registration is no longer in existence or has ceased to do business as a broker-dealer, investment adviser, or salesman or is subject to an adjudication of mental incompetence or to the control of a committee, conservator, or guardian or cannot be located after reasonable search, the commissioner may by order cancel the registration or application."

Section 2. Section 30-10-202, MCA, is amended to read:

It is unlawful for any person to offer *or* sell any security in this state, except securities exempt under 30-10-104 or when sold in transactions exempt under 30-10-105, unless such security is registered by notification, coordination, or qualification under parts 1 through 3 of this chapter."

Section 4. Section 30-10-204, MCA, is amended to read:

"30-10-204. Registration by coordination. (1) Any security for which a registration statement has been filed under the Securities Act of 1933 or any securities for which filings have been made pursuant to regulation A or regulation E, and amendments thereto, of the general rules and regulations of the United States securities and exchange commission, adopted pursuant to subsection (b) of section 3 of said Securities Act of 1933, in connection with the same offering, may be registered by coordination. A registration statement under this section shall contain the following information and be accompanied by the following documents, in addition to payment of the registration fee prescribed in 30-10-209:

(a) three copies of the prospectus or offering circular and letter of notification filed under the Securities Act of 1933 or the general rules and regulations thereunder, together with all amendments thereto;

(b) the amount of securities to be offered in this state;

(c) the states in which a registration statement or similar document in connection with the offering has been or is expected to be filed;

(d) any adverse order, judgment, or decree previously entered in connection with the offering by any court or the securities and exchange commission;

(e) if the commissioner by rule or otherwise requires, a copy of the articles of incorporation and bylaws (or their substantial equivalents) currently in effect, a copy of any agreements with or among underwriters, a

copy of any indenture or other instrument governing the issuance of the security to be registered, and a specimen or copy of the security;

(f) if the commissioner requests, any other information, or copies of any other documents, filed under the Securities Act of 1933;

(g) an undertaking to forward promptly all amendments to the federal registration statement or offering circular and letter of notification, other than an amendment which merely delays the effective date;

(h) a consent to service of process meeting the requirements of 30-10-208; *and*

(i) such other information as the commissioner may require.

(2) A registration statement by coordination under this section automatically becomes effective at the moment the federal registration statement or other filing becomes effective if all the following conditions are satisfied:

(a) no stop order is in effect and no proceeding is pending under 30-10-207;

(b) the registration statement has been on file with the commissioner for at least 10 *business* days; and

(c) a statement of the maximum and minimum proposed offering prices and the maximum underwriting discounts and commissions has been on file for 2 business days or such shorter period as the commissioner permits by rule or otherwise and the offering is made within those limitations.

(3) The registrant shall promptly notify the commissioner of the date and time when the federal registration statement or other filings became effective and the content of the price amendment, if any, and shall promptly file a posteffective amendment containing the information and documents in the price amendment. "Price amendment" means the final federal amendment which includes a statement of the offering price, underwriting and selling discounts or commissions, amount of proceeds, conversion rates, call prices, and other matters dependent upon the offering price.

(4) Upon failure to receive the required notification and posteffective amendment with respect to the price amendment referred to in subsection (2) of this section, the commissioner may enter a stop order, without notice or hearing, retroactively denying effectiveness to the registration statement or suspending its effectiveness until compliance with subsection (2) of this section, if he promptly notifies the registrant of the issuance of the order. If the registrant proves compliance with the requirements as to notice and posteffective amendment, the stop order is void as of the time of its entry. The commissioner may by rule or otherwise waive either or both of the conditions specified in subsections (2)(b) and (2)(c) of this section. If the federal registration statement or other filing becomes effective before all these conditions are satisfied and they are not waived, the registration statement automatically becomes effective as soon as all conditions are satisfied. If the registrant advises the commissioner of the date when the federal registration statement or other filing is expected to become

HeinOnline -- 1981 vol. I 419 1981

effective the commissioner shall promptly advise the registrant whether all the conditions are satisfied and whether he then contemplates the institution of a proceeding under 30-10-207; but this advice by the commissioner does not preclude the institution of such a proceeding at any time."

Section 5. Section 30-10-205, MCA, is amended to read:

"30-10-205. Registration by qualification. (1) Any security may be registered by qualification. A registration statement under this section shall contain the following information and be accompanied by the following documents, in addition to payment of the registration fee prescribed in 30-10-209:

(o) a consent to service of process meeting the requirements of 30-10-208; *and*

(p) such other information as the commissioner may require.

(2) In the case of a nonissuer distribution, information may not be required under this section unless it is known to the person filing the registration statement or to the persons on whose behalf the distribution is to be made or can be furnished by them without unreasonable effort or expense.

(3) A registration statement by qualification under this section becomes effective when the commissioner so orders. The commissioner may require as a condition of registration under this section that a prospectus containing any designated part of the information specified in this section be sent or given to each person to whom an offer is made before or concurrently with:

(a) the first written offer made to him (otherwise than by means of a public advertisement) by or for the account of the issuer or any other person on whose behalf the offering is being made or by any underwriter or broker-dealer who is offering part of an unsold allotment or subscription taken by him as a participant in the distribution;

(b) the confirmation of any sale made by or for the account of any such person;

(c) payment pursuant to any such sale; or

(d) delivery of the security pursuant to any such sale, whichever first occurs, but the commissioner shall accept for use under any such requirement a current prospectus or offering circular regarding the same securities filed under the Securities Act of 1933 or regulations thereunder."

Section 6. Section 30-10-206, MCA, is amended to read:

"30-10-206. General provisions regarding registration of securities. (1) A registration statement may be filed by the issuer, any other person on whose behalf the offering is to be made, or a registered broker-dealer. Any document filed under parts 1 through 3 of this chapter or a predecessor law within 5 years preceding the filing of a registration statement may be incorporated by reference in the registration statement to the extent that the document is currently accurate. The commissioner may by rule or otherwise permit the omission of any item of information or document from any registration statement.

(2) (a) The commissioner may require as a condition of registration by qualification or coordination:

(i) that any security issued within the past 3 years or to be issued to a promoter for a consideration substantially different from the public offering price, or to any person for a consideration other than cash, be deposited in escrow; and

(ii) that the proceeds from the sale of the registered security in this state be impounded until the issuer receives a specified amount from the sale of the security either in this state or elsewhere.

(b) The commissioner may determine the conditions of any escrow or impounding required hereunder but he may not reject a depository solely because of location in another state.

HeinOnline -- 1981 vol. I 422 1981

(3) When securities are registered by notification, coordination, or qualification, they may be offered and sold by the issuer, any other person on whose behalf they are registered, or by any registered broker-dealer. Every registration shall remain effective *for a period of 1 year unless it is* revoked by the commissioner, terminated upon request of the registrant with the consent of the commissioner, *or renewed under 30-10-209(1)(b)*; however, said registration shall be automatically suspended upon a stop order or suspension proceedings being instituted by the securities and exchange commission relative to said securities and shall continue suspended so long as such proceedings are pending and until the registration or filing with the securities and exchange commission is effective. All outstanding securities of the same class as a currently registered security are considered to be registered for the purpose of any nonissuer transaction. A registration statement which has become effective may not be withdrawn for 1 year from its effective date if any securities of the same class are outstanding.

(4) The commissioner may require the person who filed the registration statement to file reports to keep reasonably current the information contained in the registration statement and to disclose the progress of the offering with respect to registered securities which:

(a) are issued by a face-amount certificate company or a redeemable security issued by an open-end management company or unit investment trust as those terms are defined in the Investment Company Act of 1940; or

(b) are being offered and sold directly by or for the account of the issuer.

(5) During the period *in which there is an* offering of securities registered under the provisions of parts 1 through 3 of this chapter, *and for which there is no exemption under 30-10-104 or 30-10-105,* financial data *for* the issuer's fiscal year *and such other statements as the commissioner may require* shall be filed with the commissioner annually, not less than 90 days after the end of each such year. If such statements are not certified, the commissioner may verify them by examining the issuer's books and records."

Section 7. Section 30-10-210, MCA, is amended to read:

"30-10-210. Examination costs. (1) Any issuer or broker-dealer who is examined in connection with a registration under parts 1 through 3 of this chapter shall reimburse the commissioner or any of his duly authorized agents, officers, or employees for actual travel expenses, a reasonable living expense allowance, and a per diem as compensation of examiners, as necessarily incurred on account of the examination, upon presentation of a detailed account of such charges and expenses by the commissioner or pursuant to his written authorization*; however, no reimbursement of expenses may be required for routine examinations performed in connection with an application for registration.* No person shall pay and no examiner shall accept any additional emolument on account of any such examination.

HeinOnline -- 1981 vol. I 423 1981

(2) The commissioner shall pay to the state treasurer to the credit of the general fund all moneys received hereunder. The commissioner may give written authorization for payment of the examination costs referred to in subsection (1) by the person examined directly to the examiner.

(3) If any issuer or broker-dealer fails to pay the charges and expenses referred to above, the same shall be paid out of the funds of the commissioner in the same manner as other disbursements of such funds. The amount so paid shall be a first lien upon all of the assets and property in this state of such issuer or broker-dealer and may be recovered by suit by the attorney general on behalf of the state of Montana and restored to the appropriate fund. Failure of such issuer or broker-dealer to pay such charges and expenses shall also work a forfeiture of his or its right to do business in this state under parts 1 through 3 of this chapter."

Section 8. **Coordination instruction.** If House Bill No. 380 as introduced in the 47th Legislature is not passed and approved, the reference in 30-10-206(3) to 30-10-209(1)(b) (as amended in section 6 of this act) shall be changed to 30-10-209(2).

Approved April 6, 1981.

CHAPTER NO. 280

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 30-10-301, MCA, is amended to read:

"30-10-301. Fraudulent and other prohibited practices. (1) It is unlawful for any person, in connection with the offer, sale, or purchase of any security, directly or indirectly, *in, into, or from this state,* to:

(a) employ any device, scheme, or artifice to defraud;

(b) make any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made, in the light of the circumstances under which they are made, not misleading; or

(c) engage in any act, practice, or course of business which operates or would operate as a fraud or deceit upon any person.

(2) It is unlawful for any person who receives any consideration from another person primarily for advising the other person as to the value of securities or their purchase or sale, whether through the issuance of analysis or reports or otherwise, to:

(a) employ any device, scheme, or artifice to defraud the other person; or

HeinOnline -- 1981 vol. I 424 1981

(b) engage in any act, practice, or course of business which operates or would operate as a fraud or deceit upon the other person.

(3) It is unlawful for any investment adviser to enter into, extend, or renew any investment advisory contract unless it provides that:

(a) the investment adviser shall not be compensated on the basis of a share of capital gains upon or capital appreciation of the funds or any portion of the funds of the client;

(b) no assignment of the contract may be made by the investment adviser without the consent of the other party to the contract; and

(c) the investment adviser, if a partnership, shall notify the other party to the contract of any change in the membership of the partnership within a reasonable time after the change. Subsection (a) does not prohibit an investment advisory contract which provides for compensation based upon the total value of a fund averaged over a definite period or as of definite dates or taken as of a definite date. "Assignment", as used in subsection (b), includes any direct or indirect transfer or hypothecation of an investment advisory contract by the assignor or of a controlling block of the assignor's outstanding voting securities by a security holder of the assignor; but if the investment adviser is a partnership, no assignment of an investment advisory contract is considered to result from the death or withdrawal of a minority of the members of the investment adviser having only a minority interest in the business of the investment adviser or from the admission to the investment adviser of one or more members who, after admission, will be only a minority of the members and will have only a minority interest in the business."

Section 2. Section 30-10-307, MCA, is amended to read:

"30-10-307. Civil liabilities. (1) Any person who offers or sells a security in violation of any provisions of 30-10-202 through 30-10-205 or offers or sells a security by means of fraud or misrepresentation is liable to the person buying the security from him, who may sue either at law or in equity to recover the consideration paid for the security, together with interest at *10%* per annum from the date of payment, costs, and reasonable attorneys' fees, less the amount of any income received on the security, upon the tender of the security, or for damages if he no longer owns the security. Damages are the amount that would be recoverable upon a tender less:

(a) the value of the security when the buyer disposed of it; and

(b) interest at *10%* per annum from the date of disposition.

(2) Every person who directly or indirectly controls a seller liable under subsection (1), every partner, officer, or director (or person occupying a similar status or performing similar functions) or employee of such a seller, and every broker-dealer or salesman who participates or materially aids in the sale is liable jointly and severally with and to the same extent as the seller if the nonseller knew, or in the exercise of reasonable care could have known, of the existence of the facts by reason of which the liability is alleged to exist. There shall be contribution among the several persons so liable.

HeinOnline -- 1981 vol. I 425 1981

(3) Any tender specified in this section may be made at any time before entry of judgment. A cause of action under this statute survives the death of any person who might have been a plaintiff or a defendant. No person may sue under this section:

(a) if the buyer has received a written offer, at a time when he owned the security, to refund the consideration paid, together with interest at *10%* per annum from the date of payment, less the amount of any income received on the security and he failed to accept the offer within 30 days of its receipt; or

(b) if the buyer has received a written offer at a time when he did not own the security in the amount that would be recoverable under subsection (1) upon a tender less:

(i) the value of the security when the buyer disposed of it; and

(ii) interest at *10%* per annum from the date of disposition.

(4) No person who has made or engaged in the performance of any contract in violation of any provision of parts 1 through 3 of this chapter or any rule or order hereunder or who has acquired any purported right under any such contract with knowledge of the facts by reason of which its making or performance was in violation may base any suit on the contract. Any condition, stipulation, or provision binding any person acquiring any security to waive compliance with any provision of parts 1 through 3 of this chapter or any rule or order hereunder is void as against public policy and in the public interest."

Approved April 6, 1981.

CHAPTER NO. 287

AN ACT TO PROVIDE A METHOD FOR ALLOCATING FUNDING FOR SECONDARY VOCATIONAL AND INDUSTRIAL ARTS PROGRAMS BASED UPON THE RELATIVE ADDITIONAL COSTS INCURRED BY HIGH SCHOOL DISTRICTS IN PROVIDING SUCH PROGRAMS; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Funding for secondary vocational education and industrial arts programs — application — rules.** (1) The superintendent of public instruction shall annually distribute money from the biennial appropriation for secondary vocational education and industrial arts. The money shall be allocated to high school districts providing approved secondary vocational education and industrial arts programs in accordance with [this act].

(2) A high school district providing secondary vocational education and industrial arts programs must apply to the superintendent of public instruction for funds available under [this act]. The superintendent of public instruction shall by rule prescribe the method for ANB determination, the form of the application, budget procedures, and accounting rules for the funds. The superintendent of public instruction may prescribe other requirements for the receipt of funding not inconsistent with Title 20, chapter 7, part 3.

(3) A secondary vocational education or industrial arts program or a course in such a program in a high school district may not be funded until that program or course has been offered by the school district for 1 school year.

(4) As used in [this act] the term "school district" means a district organized for the purpose of providing educational services for grades 9 through 12, but the term does not include postsecondary vocational education centers.

Section 2. **Distribution of secondary vocational education and industrial arts funds.** (1) The superintendent of public instruction shall

HeinOnline -- 1981 vol. I 430 1981

categorize secondary vocational programs into one of five weighted categories based upon the relative additional costs of those programs.

(2) The superintendent of public instruction shall determine the weighted category to be assigned industrial arts programs.

(3) The superintendent of public instruction shall adjust the weighted categories as necessary to assure that the procedures outlined in subsections (4) and (5) do not result in entitlements that exceed the amount appropriated.

(4) Funding shall be based upon the average number belonging (ANB) to secondary vocational education and industrial arts programs of the high school district in the year immediately preceding the year for which funding is requested. The ANB shall be computed for each separate secondary vocational education and industrial arts program.

(5) For secondary vocational education programs the ANB generated for each category established in subsection (1) shall be multiplied by the factor for that category, and the product thereof shall be multiplied by the applicable ANB dollar value established by 20-9-319. Industrial arts programs shall be funded at 50% of the category assigned. The high school district is entitled to receive for secondary vocational education and industrial arts, the total of all secondary vocational education and industrial arts categories so computed.

(6) The superintendent of public instruction shall annually distribute the funds allocated in this section by November 1. The money so received by the high school district must be deposited into the subfund of the miscellaneous program fund established by 20-9-507 and shall be expended only for approved secondary vocational education and industrial arts programs. The expenditure of the money so received shall be reported in the annual trustees' report as required by 20-9-213.

(4) "Medicare supplement policy" means a group or individual policy of disability insurance or a subscriber contract of a health service corporation that is advertised, marketed, or designed primarily as a supplement to reimbursements under medicare for the hospital, medical, or surgical expenses of persons eligible for medicare by reason of age. The term does not include:

(a) a policy or contract of one or more employers or labor organizations or of the trustees of a fund established by one or more employers or labor organizations, or combination thereof, for employees or former employees, or combination thereof, or for members or former members, or combination thereof, of the labor organizations; or

(b) a policy or contract of any professional, trade, or occupational association for its members or former or retired members, or combination thereof, if the association:

(i) is composed of individuals all of whom are actively engaged in the same profession, trade, or occupation;

(ii) has been maintained in good faith for purposes other than obtaining insurance; and

(iii) has been in existence for at least 2 years prior to the date of its initial offering of the policy or plan to its members;

(c) individual policies or contracts issued pursuant to a conversion privilege under a policy or contract of group or individual insurance when the group or individual policy or contract includes provisions that are inconsistent with the requirements of [this act] or policies issued to employees or members as additions to franchise plans in existence on [the effective date of this act].

Section 4. **Standards for policy provisions — rules.** (1) The commissioner shall adopt reasonable rules to establish specific standards for policy provisions of medicare supplement policies. The standards are in addition to and in accordance with applicable laws of this state, including the provisions of Title 33, chapter 22, and may cover but are not limited to:

(a) terms of renewability;

(b) initial and subsequent conditions of eligibility;

(c) nonduplication of coverage;

HeinOnline -- 1981 vol. I 445 1981

(d) probationary periods;

(e) benefit limitations, exceptions, and reductions;

(f) elimination periods;

(g) requirements for replacement;

(h) recurrent conditions; and

(i) definitions of terms.

(2) The commissioner may adopt reasonable rules that prohibit policy provisions not otherwise specifically authorized by statute that, in the opinion of the commissioner, are unjust, unfair, or unfairly discriminatory to any person insured or proposed for coverage under a medicare supplement policy.

(3) Notwithstanding any other provisions of the law, a medicare supplement policy may not deny a claim for losses incurred more than 6 months from the effective date of coverage for a preexisting condition. The policy may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within 6 months before the effective date of coverage.

Section 5. **Minimum standards for benefits — rules.** The commissioner shall issue reasonable rules to establish minimum standards for benefits for medicare supplement policies.

Section 6. **Loss ratio standards.** Medicare supplement policies are expected to return to policyholders benefits that are reasonable in relation to the premium charged. The commissioner shall adopt reasonable rules to establish minimum standards for loss ratios of medicare supplement policies on the basis of incurred claims experience and earned premiums for the entire period for which rates are computed to provide coverage and in accordance with accepted actuarial principles and practices. For purposes of rules adopted pursuant to this section, medicare supplement policies issued as a result of solicitations of individuals through the mail or mass media advertising, including both print and broadcast advertising, shall be treated as individual policies.

Section 7. **Disclosure standards — informational brochure — rules.** (1) In order to provide for full and fair disclosure in the sale of medicare supplement policies, a medicare supplement policy may not be delivered or issued for delivery in this state and a certificate may not be delivered pursuant to a group medicare supplement policy delivered or issued for delivery in this state unless an outline of coverage is delivered to the applicant at the time application is made.

(2) (a) The commissioner shall prescribe the format and content of the outline of coverage required by subsection (1).

(b) For purposes of this section, "format" means style, arrangements, and overall appearance, including such items as the size, color, and prominence of type and the arrangement of text and captions.

HeinOnline -- 1981 vol. I 446 1981

(c) The outline of coverage must include:

(i) a description of the principal benefits and coverage provided in the policy;

(ii) a statement of the exceptions, reductions, and limitations contained in the policy;

(iii) a statement of the renewal provisions including any reservation by the insurer of a right to change premiums;

(iv) a statement that the outline of coverage is a summary of the policy issued or applied for and that the policy should be consulted to determine governing contractual provisions.

(3) The commissioner may prescribe by rule a standard form and the contents of an informational brochure for persons eligible for medicare by reason of age, which is intended to improve the buyer's ability to select the most appropriate coverage and improve the buyer's understanding of medicare. Except in the case of direct response insurance policies, the commissioner may require by rule that the information brochure be provided to any prospective insureds eligible for medicare at the same time the outline of coverage is delivered. With respect to direct response insurance policies, the commissioner may require by rule that the prescribed brochure be provided upon request, but not later than the time of policy delivery, to any prospective insureds eligible for medicare by reason of age.

(4) The commissioner may adopt reasonable rules for captions or notice requirements, determined to be in the public interest and designed to inform prospective insureds that particular insurance coverages are not medicare supplement coverages, for all accident and sickness insurance policies sold to persons eligible for medicare by reason of age, other than:

(a) medicare supplement policies;

(b) disability income policies;

(c) basic, catastrophic, or major medical expense policies;

(d) single premium, nonrenewable policies; or

(e) other policies defined in [subsection (4) of section 3].

(5) The commissioner may further adopt reasonable rules to govern the full and fair disclosure of the information in connection with the replacement of accident and sickness policies, subscriber contracts, or certificates by persons eligible for medicare by reason of age.

Section 8. **Notice of free examination.** (1) Medicare supplement policies or certificates, other than those issued pursuant to direct response solicitation, must have a notice prominently printed on the first page of the policy or attached thereto stating in substance that the applicant has the right to return the policy or certificate within 10 days of its delivery and to have the premium refunded if, after examination of the policy or certificate, the applicant is not satisfied for any reason.

(2) Medicare supplement policies or certificates issued pursuant to a direct response solicitation to persons eligible for medicare by reason of

age must have a notice prominently printed on the first page or attached thereto stating in substance that the applicant has the right to return the policy or certificate within 30 days of its delivery and to have the premium refunded if, after examination, the applicant is not satisfied for any reason.

Section 9. **Administrative procedures.** Rules adopted pursuant to [this act] are subject to the provisions of 33-1-313 and Title 2, chapter 4.

Section 10. **Codification instruction.** This act is intended to be codified as a new part in Title 33, chapter 22, and the provisions of Title 33, apply to this act.

Section 11. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 12. **Effective date.** This act is effective on passage and approval.

CHAPTER NO. 302

AN ACT TO REQUIRE THE USE OF SIMPLIFIED LANGUAGE IN POLICIES, CONTRACTS, AND CERTIFICATES OF LIFE, DISABILITY, CREDIT LIFE, AND CREDIT DISABILITY INSURANCE; TO ESTABLISH MINIMUM STANDARDS FOR LANGUAGE USED IN THOSE FORMS; TO ADOPT THE FLESCH READING EASE TEST FOR READABILITY OR OTHER TESTS IN THE DISCRETION OF THE COMMISSIONER OF INSURANCE; AND GRANTING THE COMMISSIONER OF INSURANCE POWER TO APPROVE FORMS.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** This [act] may be cited as the "Life and Disability Insurance Policy Language Simplification Act".

Section 2. **Purpose.** (1) The purpose of this [act] is to establish minimum standards for language used in policies, contracts, and certificates of life, disability, credit life, and credit disability insurance delivered or issued for delivery in this state to facilitate ease of reading by insureds.

(2) This [act] is not intended to increase the risk assumed by insurance companies or other entities subject to this [act] or to supersede their obligation to comply with the substance of other insurance legislation applicable to life, disability, credit life, or credit disability insurance policies. This [act] is not intended to impede flexibility and innovation in the development of policy forms or content or to lead to the standardization of policy forms or content.

Section 3. **Definitions.** As used in this [act], the following definitions apply:

(1) "Company" or "insurer" means any life or disability insurance company, fraternal benefit society, nonprofit health service corporation, nonprofit hospital service corporation, nonprofit medical service corporation, prepaid health plan, dental care plan, vision care plan, pharmaceutical plan, health maintenance organization, and all similar types of organizations.

(2) "Policy" or "policy form" means any:

(a) policy, contract, plan, or agreement of life or disability insurance, including credit life and credit disability insurance, delivered or issued for delivery in this state by any company subject to this [act];

(b) certificate, contract, or policy issued by a fraternal benefit society; and

(c) certificate issued pursuant to a group insurance policy delivered or issued for delivery in this state.

Section 4. **Application — exceptions.** (1) This [act] applies to all policies delivered or issued for delivery in this state by any company on or after the date such forms must be approved under this [act], but nothing in this [act] applies to:

HeinOnline -- 1981 vol. I 450 1981

(a) a policy which is a security subject to federal jurisdiction;

(b) a group policy covering a group of 1,000 or more lives at date of issue, other than a group credit life insurance policy or a group credit disability insurance policy, but a certificate issued pursuant to a group policy delivered or issued for delivery in this state is not exempt;

(c) a group annuity contract which serves as a funding vehicle for pension, profit-sharing, or deferred compensation plans;

(d) a form used in connection with, as a conversion from, as an addition to, or in exchange pursuant to a contractual provision for a policy delivered or issued for delivery on a form approved or permitted to be issued prior to the dates such forms must be approved under this [act]; or

(e) the renewal of a policy delivered or issued for delivery prior to the dates such forms must be approved under this [act].

(2) This [act] provides the exclusive manner for determining language simplification standards for any policy forms.

(3) A non-English language policy delivered or issued for delivery in this state is in compliance with [section 5(1)(a)] if the insurer certifies that the policy is translated from an English language policy which complies with [section 5(1)(a)].

Section 5. **Minimum policy language simplification standards.** (1) In addition to any other requirements of law, no policy form, except as stated in [section 4], may be delivered or issued for delivery in this state on or after the date such form must be approved under this [act], unless:

(a) the text achieves a minimum score of 40 on the Flesch reading ease test or an equivalent score on any other comparable test as provided in subsection (3);

(b) it is printed, except for specification pages, schedules, and tables, in not less than 10-point type, 1-point leaded;

(c) the style, arrangement, and overall appearance of the policy give no undue prominence to any portion of the text of the policy or to any endorsements or riders; and

(d) it contains a table of contents or an index of the principal sections of the policy if the policy has more than 3,000 words printed on three or fewer pages of text, or if the policy has more than three pages regardless of the number of words.

(2) For the purposes of this section, a Flesch reading ease test score is measured by the following method:

(a) For policy forms containing 10,000 words or less of text, the entire form is analyzed. For policy forms containing more than 10,000 words, the readability of two 200-word samples per page may be analyzed instead of the entire form. The samples must be separated by at least 20 printed lines.

HeinOnline -- 1981 vol. I 451 1981

(b) The number of words and sentences in the text is counted and the total number of words is divided by the total number of sentences. The figure obtained is multiplied by a factor of 1.015.

(c) The total number of syllables is counted and divided by the total number of words. The figure obtained is multiplied by a factor of 84.6.

(d) The sum of the figures computed under (b) and (c) subtracted from 206.835 equals the Flesch reading ease score for the policy form.

(e) For the purposes of subsection (2)(b), (c), and (d), the following procedures are used:

(i) a contraction, hyphenated word, or numbers and letters, if separated by spaces, are counted as one word;

(ii) a unit of words ending with a period, semicolon, or colon, but excluding headings and captions, is counted as a sentence; and

(iii) a syllable means a unit of spoken language consisting of one or more letters of a word as divided by an accepted dictionary. If the dictionary shows two or more equally acceptable pronunciations of a word, the pronunciation containing fewer syllables may be used.

(f) The term "text" as used in this section includes all printed matter except the following:

(i) the name and address of the insurer; the name, number, or title of the policy; the table of contents or index; captions and subcaptions; specification pages, schedules, or tables; and

(ii) policy language which is drafted to conform to the requirements of a federal law, regulation, or agency interpretation; policy language required by a collectively bargained agreement; medical terminology; words which are defined in the policy; and policy language required by law or regulation. The insurer must identify the language or terminology excepted by this subsection and certify in writing that the language or terminology is entitled to be excepted by this subsection.

(3) Any other reading test may be approved by the commissioner for use as an alternative to the Flesch reading ease test if it is comparable in result to the Flesch reading ease test.

(4) Filings subject to this section must be accompanied by a certificate signed by an officer of the insurer stating that it meets the minimum reading ease score on the test used or stating that the score is lower than the minimum required but should be approved in accordance with [section 7]. To confirm the accuracy of any certification, the commissioner may require the submission of further information to verify the certification in question.

(5) At the option of the insurer, riders, endorsements, applications, and other forms made a part of the policy may be scored as separate forms or as part of the policy with which they may be used.

Section 6. **Construction — time period.** Nothing in this [act] may be construed to negate any law of this state permitting the issuance of any policy form after it has been on file for the time period specified.

HeinOnline -- 1981 vol. I 452 1981

Section 7. **Powers of the commissioner.** The commissioner may authorize a lower score than the Flesch reading ease score required in [section 5(1)(a)] whenever, in his sole discretion, he finds that a lower score:

(1) will provide a more accurate reflection of the readability of a policy form;

(2) is warranted by the nature of a particular policy form or type or class of policy forms; or

(3) is caused by certain policy language which is drafted to conform to the requirements of any state law, regulation, or agency interpretation.

Section 8. **Approval of forms.** A policy form meeting the requirements of [section 5(1)(a)] may be approved by the commissioner notwithstanding the provisions of other laws that specify content of policies if the approved policy form provides policyholders and claimants protection not less favorable than they would be entitled to under such laws.

Section 9. **Codification instruction.** This act is intended to be codified as an integral part of Title 33, chapter 15, and the provisions of Title 33, chapter 15, apply to this act.

Section 10. **Applicability.** (1) Except as provided in section 4, this act applies to all policy forms filed on or after July 1, 1983. No policy form may be delivered or issued for delivery in this state on or after July 1, 1986, unless approved by the commissioner or permitted to be issued under this act. Any policy form that has been approved or permitted to be issued prior to July 1, 1986, and that meets the standards set by this act need not be refiled for approval but may continue to be lawfully delivered or issued for delivery in this state upon the filing with the commissioner of a list of such forms identified by form number and accompanied by a certificate as to each such form in the manner provided in section 5(4).

(2) The commissioner may, in his sole discretion, extend the dates in subsection (1).

Approved April 8, 1981.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 33-1-501, MCA, is amended to read:

"33-1-501. Filing and approval of forms. (1) No insurance policy or annuity contract form, application form, printed rider or endorsement

HeinOnline -- 1981 vol. I 453 1981

form, or form of renewal certificate shall be delivered or issued for delivery in this state unless the form has been filed with and approved by the commissioner *of this state and the state of domicile of the insurer, where so required.* This provision shall not apply to surety bonds; specially rated inland marine risks; or policies, riders, endorsements, or form of unique character designed for and used with relation to insurance upon a particular subject or which relate to the manner of distribution of benefits or to the reservation of rights and benefits under life or disability insurance policies and are used at the request of the individual policyholder, contract holder, or certificate holder. As to forms for use in property, marine (other than ocean marine and foreign trade coverages), casualty, and surety insurance coverages, the filing required by this subsection may be made by rating organizations on behalf of its members and subscribers, but this provision shall not be deemed to prohibit any such member or subscriber from filing any such forms on its own behalf.

(2) Every such filing shall be made not less than *60* days in advance of any such delivery. Approval of any such form by the commissioner shall constitute a waiver of any unexpired portion of such waiting period. The commissioner may extend by not more than an additional *60* days the period within which he may so affirmatively approve or disapprove any such form by giving notice of such extension before expiration of the initial *60-day* period. The commissioner may at any time, after notice and for cause shown, withdraw any such approval.

(3) Any order of the commissioner disapproving any such form or withdrawing a previous approval shall state the grounds therefor and the particulars thereof in such details as reasonably to inform the insurer thereof.

(4) The commissioner may, by order, exempt from the requirements of this section for so long as he deems proper any insurance document or form or type thereof as specified in such order to which, in his opinion, this section may not practicably be applied or the filing and approval of which are, in his opinion, not desirable or necessary for the protection of the public.

(5) This section shall apply also to any such form used by domestic insurers for delivery in a jurisdiction outside this state, if the insurance supervisory official of such jurisdiction informs the commissioner that such form is not subject to approval or disapproval by such official, and upon the commissioner's order requiring the form to be submitted to him for the purpose. The applicable same standards shall apply to such forms as apply to forms for domestic use.

(6) This section and 33-1-502 shall not apply as to:

(a) reinsurance;

(b) policies or contracts not issued for delivery in this state or delivered in this state, except as provided in subsection (5);

(c) ocean marine and foreign trade insurances."

(2) As to surplus required for qualification to transact one or more kinds of insurance and thereafter to be maintained, domestic mutual insurers shall be governed by chapter 3, and domestic reciprocal insurers shall be governed by chapter 5.

(4) A life insurer may also grant annuities without additional capital or additional surplus."

Section 3. Section 33-2-110, MCA, is amended to read:

The amount of such surplus shall be included within the surplus required of newly authorized insurers pursuant to subsections (1) and (2) of this section."

Section 4. Section 33-2-116, MCA, is amended to read:

"33-2-116. Issuance or refusal of certificate of authority — state ownership of certificate. (1) If upon completion of its application the commissioner finds that the insurer has met the requirements for and is entitled thereto under this code, he shall issue to the insurer a proper certificate of authority. If he does not so find, the commissioner shall issue his order refusing such certificate. The commissioner shall act upon an application for a certificate of authority within *180* days after its completion.

(2) The certificate, if issued, shall specify the kind or kinds of insurance the insurer is authorized to transact in Montana. At the insurer's request, the commissioner may issue a certificate of authority limited to particular types of insurance or insurance coverages within the scope of a kind of insurance as defined in 33-1-205 through 33-1-212.

(3) Although issued to the insurer, the certificate of authority is at all times the property of the state of Montana. Upon any expiration, suspension, or termination thereof, the insurer shall promptly deliver the certificate of authority to the commissioner."

(2) The commissioner shall, after a hearing thereon, suspend or revoke an insurer's certificate of authority if he finds that the insurer:

(a) is in unsound condition or in such condition or using such methods or practices in the conduct of its business as to render its further transaction of insurance in Montana injurious or hazardous to its policyholders or to the public;

(b) has refused to be examined or to produce its accounts, records, and files for examination or if any of its officers have refused to give information with respect to its affairs, when required by the commissioner;

(c) has failed to pay any final judgment rendered against it in Montana within 30 days after the judgment became final;

HeinOnline -- 1981 vol. I 456 1981

(2) with an alien insurer, other than one qualified under (1) above, which has an established and effective trust fund of at least *$1 million* within the United States administered by a recognized financial institution and held for the benefit of all its policyholders in the United States or policyholders and creditors in the United States."

Section 7. Section 33-2-705, MCA, is amended to read:

"33-2-705. Report on premiums and other consideration — tax. (1) Each authorized insurer and each formerly authorized insurer with respect to premiums so received while an authorized insurer in this state shall file with the commissioner, on or before March 1 each year, a report (except as to wet marine and transportation insurance taxed under subsection (3) below) in form as prescribed by the commissioner showing total direct premium income, including policy, membership, and other fees, premiums paid by application of dividends, refunds, savings, savings coupons, and similar returns or credits to payment of premiums for new or additional or extended or renewed insurance, charges for payment of premium in installments, and all other consideration for insurance from all

HeinOnline -- 1981 vol. I 457 1981

kinds and classes of insurance whether designated as a premium or otherwise, received by it during the preceding calendar year on account of policies covering property, subjects, or risks located, resident, or to be performed in Montana, with proper proportionate allocation of premium as to such property, subjects, or risks in Montana insured under policies or contracts covering property, subjects, or risks located or resident in more than one state, after deducting from such total direct premium income applicable cancellations, returned premiums, the unabsorbed portion of any deposit premium, the amount of reduction in or refund of premiums allowed to industrial life policyholders for payment of premiums direct to an office of the insurer, all policy dividends, refunds, savings, savings coupons, and other similar returns paid or credited to policyholders with respect to such policies. As to title insurance, "premium" includes the *total* charge for such insurance. No deduction shall be made of the cash surrender values of policies. Considerations received on annuity contracts shall not be included in total direct premium income and shall not be subject to tax.

(2) Coincident with the filing of the tax report referred to in subsection (1) above, each such insurer shall pay to the commissioner a tax upon such net premiums. This tax may be computed in either of the following ways:

(a) (i) A domestic insurer may choose to compute its tax based on the percentage of its admitted assets invested in Montana securities according to the following schedule:

(A) 2 ¾ % of net premiums if the insurer has 0% of its admitted assets invested in Montana securities;

(B) 2 ¼ % of net premiums if the insurer has at least 25% of its admitted assets invested in Montana securities;

(C) 1 ¾ % of net premiums if the insurer has at least 50% of its admitted assets invested in Montana securities;

(D) 1 ¼ % of net premiums if the insurer has at least 75% of its admitted assets invested in Montana securities; and

(E) ¾ % of net premiums if the insurer has 100% of its admitted assets invested in Montana securities.

(ii) "Admitted assets" are those assets allowed in 33-2-501.

(iii) An insurer choosing this method of computation must itemize its Montana securities on a detailed schedule attached to its annual tax report.

(b) (i) If the method provided for in subsection (a) is not used, the insurer shall compute its tax at the rate of 2 ¾ % of the net premiums.

(ii) An insurer choosing this method and having not less than 50% of its paid-in capital stock invested in Montana securities is allowed to deduct whatever tax it may have already paid to the state of Montana and its political subdivisions, during the same calendar year as to which premium tax is being paid, from the amount otherwise due under this section.

(3) For the purpose of subsection (2):

HeinOnline -- 1981 vol. I 458 1981

(a) "paid-in capital stock" as to a mutual or reciprocal insurer shall be deemed to be an amount equal to 10% of the insurer's assets; and

(b) "Montana securities" shall be deemed to include only general obligations of the state of Montana or of its political subdivisions, mortgage loans secured by a first lien upon real estate located in Montana, and real estate located in Montana owned by the insurer, all if otherwise lawful investments of the insurer under this code.

(4) (a) On or before March 1 of each year each insurer shall file with the commissioner, on forms as prescribed and furnished or accepted by him, a report of its gross underwriting profit on wet marine and transportation insurance, as defined in 33-1-209, written in this state during the calendar year next preceding and shall at the same time pay to the commissioner a tax of ¾ of 1% of such gross underwriting profit.

(b) Such gross underwriting profit shall be ascertained by deducting from the net premiums (i.e., gross premiums less all return premiums and premiums for reinsurance) on such wet marine and transportation insurance contracts the net losses paid (i.e., gross losses paid less salvage and recoveries on reinsurance ceded) during such calendar year under such contracts. In the case of insurers issuing participating contracts, such gross underwriting profit shall not include for computation of the tax prescribed by this subsection (3) the amounts refunded, credited, or paid as participation dividends or savings by such insurers to the holders of such contracts.

(5) That portion of the tax paid hereunder by an insurer on account of premiums received for fire insurance shall be separately specified in the report as required by the commissioner, for apportionment as provided by law. Where insurance against fire is included with insurance of property against other perils at an undivided premium, the insurer shall make such reasonable allocation from such entire premium to the fire portion of the coverage as shall be stated in such report and as may be approved or accepted by the commissioner.

(6) With respect to authorized insurers the premium tax provided by this section shall be payment in full and in lieu of all other demands for any and all state, county, city, district, municipal, and school taxes, licenses, fees, and excises of whatever kind or character, excepting only those prescribed by this code, taxes on real and tangible personal property located in this state, and taxes payable under 50-3-109.

(7) The commissioner may suspend or revoke the certificate of authority of any insurer which fails to pay its taxes as required under this section."

(1) When by or pursuant to the laws of any other state or foreign country any taxes, licenses, and other fees, in the aggregate, and any fines, penalties, deposit requirements, or other material obligations, prohibitions, or restrictions are or would be imposed upon Montana insurers or upon the agents or representatives of such insurers which are in excess of such taxes, licenses, and other fees, in the aggregate, or which are in excess of the fines, penalties, deposit requirements, or other obligations, prohibitions, or

HeinOnline -- 1981 vol. I 461 1981

restrictions directly imposed upon similar insurers or upon the agents or representatives of such insurers of such other state or country under the statutes of this state, so long as such laws of such other state or country continue in force or are so applied, the same taxes, licenses, and other fees, in the aggregate, or fines, penalties, or deposit requirements or other material obligations, prohibitions, or restrictions of whatever kind shall be imposed by the commissioner upon the insurers or upon the agents or representatives of such insurers of such other state or country doing business or seeking to do business in Montana. (3) (a) For the purposes of this section the domicile of an alien insurer, other than insurers formed under the laws of Canada, shall be that state designated by the insurer in writing filed with the commissioner at time of admission to this state or within 6 months after January 1, 1961, whichever date is the later, and may be any one of the following states:

(i) that in which the insurer was first authorized to transact insurance;

The minimum amount of surplus must thereafter be maintained unimpaired and*

placed on deposit with the commissioner. The deposit is subject to the provisions of chapter 2, part 6, of this title and 33-2-111."

Section 11. Section 33-3-205, MCA, is amended to read:

"**33-3-205. Formation of mutual insurer — bond.** (1) Before soliciting applications for insurance *to raise surplus funds to qualify* for the original certificate of authority, the incorporators of the proposed insurer shall file with the commissioner a corporate surety bond in the penalty of *$50,000*, in favor of the state and for the use and benefit of the state and of applicant members and creditors of the corporation. The bond shall be conditioned as follows:

(a) for the prompt return to applicant members of all premiums collected in advance;

(b) for payment of all indebtedness of the corporation; and

(c) for payment of costs incurred by the state in event of any legal proceedings for liquidation or dissolution of the corporation, all in the event the corporation fails to complete its organization and secure a certificate of authority within 1 year after the date of its certificate of incorporation.

(2) In lieu of such bond, the incorporators may deposit with the commissioner *$50,000* in cash or United States government bonds, negotiable and payable to the bearer, with a market value at all times of not less than *$50,000*, to be held in trust upon the same conditions as required for the bond.

(3) Any such bond filed or deposit or remaining portion thereof held under this section shall be released and discharged upon settlement and termination of all liabilities against it."

Section 12. Section 33-3-432, MCA, is amended to read:

"**33-3-432. Impairment of capital or assets.** (1) If a stock insurer's capital, as represented by the aggregate par value of its outstanding capital stock, becomes impaired or the assets of a mutual insurer are less than its liabilities and the minimum amount of surplus required to be maintained by it under 33-3-204 for authority to transact the kinds of insurance being transacted, the commissioner shall at once determine the amount of deficiency and serve notice upon the insurer to make good the deficiency within 60 days after service of such notice.

(2) The deficiency may be made good in cash or in assets eligible under chapter 2, part 8, for the investment of the insurer's funds; if a stock insurer, by reduction of the insurer's capital to an amount not below the minimum required for the kinds of insurance thereafter to be transacted; or if a mutual insurer, by amendment of its certificate of authority to cover only such kind or kinds of insurance thereafter for which the insurer has sufficient surplus under this code.

(3) If the deficiency is not made good and proof thereof filed with the commissioner within such 60-day period, the insurer shall be deemed insolvent and the commissioner shall institute delinquency proceedings against it under chapter 2, part 9; except that if such deficiency exists because of

HeinOnline -- 1981 vol. I 463 1981

increased loss reserves required by the commissioner or because of disallowance by the commissioner of certain assets or reduction of the value at which carried in the insurer's accounts, the commissioner may, in his discretion and upon application and good cause shown, extend for not more than an additional 60 days the period within which such deficiency may be so made good and such proof thereof so filed."

Section 13. Section 33-7-405, MCA, is amended to read:

"33-7-405. Reserve valuation. (1) As a part of the annual statement required under 33-7-404, each society shall, on or before March 1, file with the commissioner a valuation of its certificates in force on December 31 last preceding, provided, the commissioner may, in his discretion for cause shown, extend the time for filing such valuation for not more than 2 calendar months.

(2) Such report of valuation shall show, as reserve liabilities, the difference between the present midyear value of the promised benefits provided in the certificates of such society in force and the present midyear value of the future net premiums as the same are in practice actually collected, not including therein any value for the right to make extra assessments and not including any amount by which the present midyear value of future net premiums exceeds the present midyear value of promised benefits on individual certificates. At the option of any society, in lieu of the above, the valuation may show the net tabular value. Such net tabular value as to certificates issued prior to January 1, 1962, shall be determined in accordance with the provisions of law applicable prior to January 1, 1961, and as to certificates issued on or after January 1, 1962, shall not be less than the reserves determined according to the commissioner's reserve valuation method as hereinafter defined. If the premium charged is less than the tabular net premium according to the basis of valuation used, an additional reserve equal to the present value of the deficiency in such premiums shall be set up and maintained as a liability. The reserve liabilities shall be properly adjusted in the event that the midyear or tabular values are not appropriate.

(3) Reserves according to the commissioners' reserve valuation method for the life insurance and endowment benefits of certificates providing for a uniform amount of insurance and requiring the payment of uniform premiums shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such certificates over the then present value of any future modified net premiums therefor. The modified net premiums for any such certificate shall be such uniform percentage of the respective contract premiums for such benefits that the present value, at the date of issue of the certificate, of all such modified net premiums shall be equal to the sum of the then present value of such benefits provided for by the certificate and the excess of (a) over (b), as follows:

(a) a net level premium equal to the present value, at the date of issue, of such benefits provided for after the first certificate year, divided by the present value, at the date of issue, of an annuity of one per annum payable on the first and each subsequent anniversary of such certificate on which

HeinOnline -- 1981 vol. I 464 1981

a premium falls due; provided, however, that such net level annual premium shall not exceed the net level annual premium on the 19-year premium whole life plan for insurance of the same amount at an age 1 year higher than the age at issue of such certificate; and

(b) a net 1-year term premium for such benefits provided for in the first certificate year.

(4) Reserves according to the commissioners' reserve valuation method for life insurance benefits for varying amounts of benefits or requiring the payment of varying premiums, annuity and pure endowment benefits, disability and accidental death benefits in all certificates and contracts, and all other benefits except life insurance and endowment benefits shall be calculated by a method consistent with the principles of subsection (3) above.

(5) The present value of deferred payments due under incurred claims or matured certificates shall be deemed a liability of the society and shall be computed upon mortality and interest standards prescribed in subsections (7) and (8) below.

(6) Such valuation and underlying data shall be certified by a competent actuary or, at the expense of the society, verified by the actuary of the department of insurance of the state of domicile of the society.

(7) The minimum standards of valuation for certificates issued prior to January 1, 1962, shall be those provided by the law applicable immediately prior to January 1, 1961, but not lower than the standards used in the calculating of rates for such certificates.

(8) The minimum standard of valuation for certificates issued after January 1, 1962, shall be 3 ½% interest and the following tables *(except that a society may value its certificates in accordance with valuation standards authorized by the laws of this state for the valuation of policies issued by life insurance companies)*:

(a) for certificates of life insurance, American men ultimate table of mortality, with Bowerman's or Davis' extension thereof; or with the consent of the commissioner, the commissioner's 1941 standard ordinary mortality table or the commissioner's 1941 standard industrial table of mortality;

(b) for annuity certificates, including life annuities provided or available under optional modes of settlement in such certificates, the 1937 standard annuity table;

(c) for disability benefits issued in connection with life benefit certificates, Hunter's disability table, which, for active lives, shall be combined with a mortality table permitted for calculating the reserves on life insurance certificates, except that the table known as class III disability table (1926) modified to conform to the contractual waiting period shall be used in computing reserves for disability benefits under a contract which presumes that total disability shall be considered to be permanent after a specified period;

(d) for accidental death benefits issued in connection with life benefit certificates, the intercompany double indemnity mortality table combined with a mortality table permitted for calculating the reserves for life insurance certificates; and

(e) for noncancelable accident and health benefits, the class III disability table (1926) with conference modifications or, with the consent of the commissioner, tables based upon the society's own experience.

(9) The commissioner may, in his discretion, accept other standards for valuation if he finds that the reserves produced thereby will not be less in the aggregate than reserves computed in accordance with the minimum valuation standard herein prescribed. The commissioner may, in his discretion, vary the standards of mortality applicable to all certificates of insurance on substandard lives or other extrahazardous lives by any society authorized to do business in this state. Whenever the mortality experience under all certificates valued on the same mortality table is in excess of the expected mortality according to such table for a period of 3 consecutive years, the commissioner may require additional reserves when deemed necessary in his judgment on account of such certificates.

(10) Any society, with the consent of the insurance supervisory official of the state of domicile of the society and under such conditions, if any, which he may impose, may establish and maintain reserves on its certificates in excess of the reserves required hereunder, but the contractual rights of any insured member shall not be affected thereby."

Section 14. Section 33-7-509, MCA, is amended to read:

"33-7-509. Nonforfeiture benefits, cash surrender values, certificate loans, and other options — value — term. (1) A society may grant paid-up nonforfeiture benefits, cash surrender values, certificate loans, and such other options as its laws may permit. As to certificates issued on and after January 1, 1961, a society shall grant at least one paid-up nonforfeiture benefit, except in the case of pure endowment, annuity or reversionary annuity contracts, reducing term insurance contracts, or contracts of term insurance of uniform amount of 15 years or less expiring before age 66.

(2) In the case of certificates other than those for which reserves are computed on the commissioner's 1941 standard ordinary mortality table, the 1941 standard industrial table, *or any more recent table made applicable to life insurance companies,* the value of every paid-up nonforfeiture benefit and the amount of any cash surrender value, loan, or other option granted shall not be less than the excess, if any, of (a) over (b) as follows:

(a) the reserve under the certificate determined on the basis specified in the certificates; and

(b) the sum of any indebtedness to the society on the certificate, including interest due and accrued, and a surrendered charge equal to 2 ½% of the face amount of the certificate, which, in the case of insurance on the lives of children, shall be the ultimate face amount of the certificate, if death benefits provided therein are graded.

HeinOnline -- 1981 vol. I 466 1981

(3) However, in the case of certificates issued on a substandard basis or in the case of certificates, the reserves for which are computed upon the American men ultimate table of mortality, the term of any extended insurance benefit granted including accompanying pure endowment, if any, may be computed upon the rates of mortality not greater than 130% of those shown by the mortality table specified in the certificate for the computation of the reserve.

(4) In the case of certificates for which reserves are computed on the commissioner's 1941 standard ordinary mortality table, the 1941 standard industrial table, *or any more recent table made applicable to life insurance companies,* every paid-up nonforfeiture benefit and the amount of any cash surrender value, loan, or other option granted shall not be less than the corresponding amount ascertained in accordance with the provisions of the laws of this state applicable to life insurers issuing policies containing like insurance benefits based upon such tables."

Section 15. Section 33-7-525, MCA, is amended to read:

"33-7-525. Agent defined. The term "insurance agent" as used in this chapter means any authorized or acknowledged agent of a society who acts as such in the solicitation, negotiation, or procurement or making of a life insurance, accident and health insurance, or annuity contract. The term "insurance agent" *does* not include any regular salaried officer or employee of a licensed society who devotes substantially all of his services to activities other than the solicitation of fraternal insurance contracts from the public and who receives for the solicitation of such contracts no commission or other compensation directly dependent upon the amount of business obtained."

Section 16. Section 33-7-526, MCA, is amended to read:

"33-7-526. Agent license required — penalty. (1) Agents of societies shall be *considered to be insurance agents and subject to the same licensing requirements as insurance agents under chapter 17 of this code, except that no examination is required of an individual lawfully licensed in this state as an agent for a fraternal benefit society as to the kind of insurance to be transacted as of or immediately prior to [the effective date of this act] and thereafter continuing to be so licensed.*

(2) No society doing business in this state shall pay any commission or other compensation to any person for any services in obtaining in this state any new contract of life, accident, or health insurance or any new annuity contract, except to a licensed insurance agent of such society.

(3) Any person who in this state acts as insurance agent for a society without having authority so to do by virtue of a license issued and in force pursuant to the provisions of this chapter shall be guilty of a misdemeanor."

Section 17. Section 33-15-101, MCA, is amended to read:

"33-15-101. Scope. This chapter shall not apply as to:

(1) reinsurance;

HeinOnline -- 1981 vol. I 467 1981

(2) policies or contracts not issued for delivery in this state or delivered in this state;

(3) ocean marine and foreign trade insurances;

(4) title insurance, except as to the following provisions: *33-15-102,* 33-15-103, *33-15-303,* 33-15-305, 33-15-306, *33-15-307,* 33-15-316, *and 33-15-411.*"

Section 18. Section 33-15-303, MCA, is amended to read:

"33-15-303. Contents of policies in general — identification. (1) Every policy shall specify:

(a) the names of the parties to the contract;

(b) the subject of the insurance;

(c) the risks insured against;

(d) the time when the insurance thereunder takes effect and the period during which the insurance is to continue;

(e) the premium;

(f) the conditions pertaining to the insurance.

(2) If under the policy the exact amount of premium is determinable only at stated intervals or termination of the contract, a statement of the basis and rates upon which the premium is to be determined and paid shall be included.

(3) Subsections (1) and (2) of this section shall not apply as to surety contracts or to group insurance policies.

(4) All policies and annuity contracts issued by insurers and the forms thereof filed with the commissioner shall have printed thereon an appropriate designating letter or figure or combination of letters or figures or terms identifying the respective forms of policies or contracts, together with the year of adoption of such form. Whenever any change is made in any such form, the designating letters, figures, or terms and year of adoption thereon shall be correspondingly changed."

Section 19. Section 33-18-210, MCA, is amended to read:

"33-18-210. Unfair discrimination and rebates prohibited — property, casualty, and surety insurances. (1) No title, property, casualty, or surety insurer or any employee, representative, agent, or solicitor thereof may, as an inducement to purchase insurance or after insurance has been effected, pay, allow, or give or offer to pay, allow, or give, directly or indirectly, any rebate, discount, abatement, credit, or reduction of the premium named in the insurance policy; any special favor or advantage in the dividends or other benefits to accrue thereon; or any valuable consideration or inducement not specified in the policy, except to the extent provided for in an applicable filing with the commissioner as provided by law.

(2) No insured named in a policy or any employee of the insured may knowingly receive or accept, directly or indirectly, any such rebate, discount, abatement, credit, or reduction of premium; special favor or advantage; or valuable consideration or inducement.

HeinOnline -- 1981 vol. I 468 1981

(3) No such insurer may make or permit any unfair discrimination in the premium or rates charged for insurance, in the dividends or other benefits payable thereon, or in any other of the terms and conditions of the insurance either between insureds or property having like insuring or risk characteristics or between insureds because of race, color, creed, religion, or national origin.

(4) Nothing in this section may be construed as prohibiting the payment of commissions or other compensation to duly licensed agents or solicitors or as prohibiting an insurer from allowing or returning lawful dividends, savings, or unabsorbed premium deposits to its participating policyholders, members, or subscribers.

(5) No such insurer may make or permit any unfair discrimination between individuals or risks of the same class and of essentially the same hazards by refusing to issue, refusing to renew, canceling, or limiting the amount of insurance coverage on a property or casualty risk because of the geographic location of the risk, unless:

(a) the refusal, cancellation, or limitation is for a business purpose which is not a mere pretext for unfair discrimination; or

(b) the refusal, cancellation, or limitation is required by law or regulatory mandate.

(6) No such insurer may make or permit any unfair discrimination between individuals or risks of the same class and of essentially the same hazards by refusing to issue, refusing to renew, canceling, or limiting the amount of insurance coverage on a residential property risk, or the personal property contained therein, because of the age of the residential property, unless:

(a) the refusal, cancellation, or limitation is for a business purpose which is not a mere pretext for unfair discrimination; or

(b) the refusal, cancellation, or limitation is required by law or regulatory mandate.

(7) No such insurer may refuse to insure, refuse to continue to insure, or limit the amount of coverage available to an individual because of the sex or marital status of the individual, but an insurer may take marital status into account for the purpose of defining persons eligible for dependents' benefits.

(8) No such insurer may terminate or modify coverage or refuse to issue or refuse to renew any property or casualty policy or contract of insurance solely because the applicant or insured or any employee of either is mentally or physically impaired; however, this subsection does not apply to accident and health insurance sold by a casualty insurer, and this subsection is not to be interpreted to modify any other provision of law relating to the termination, modification, issuance, or renewal of any insurance policy or contract."

Section 20. Section 33-22-111, MCA, is amended to read:

"33-22-111. Policies to provide for freedom of choice of practitioners — professional practice not enlarged. (1) All policies of

HeinOnline -- 1981 vol. I 469 1981

disability insurance, including individual, group, and blanket policies and all policies insuring the payment of compensation under the Workers' Compensation Act shall provide the insured shall have full freedom of choice in the selection of any duly licensed physician, osteopath, chiropractor, optometrist, chiropodist, or psychologist for treatment of any illness or injury within the scope and limitations of his practice. Whenever such policies insure against the expense of drugs, the insured shall have full freedom of choice in the selection of any duly licensed and registered pharmacist.

(2) Nothing in this section shall be construed as enlarging the scope and limitations of practice of any of the licensed professions enumerated in subsection (1); nor shall this section be construed as amending, altering, or repealing any statutes relating to the licensing or use of hospitals."

Section 21. Section 33-22-205, MCA, is amended to read:

"33-22-205. Time limit on certain defenses. (1) There shall be a provision as follows:

"Time Limit on Certain Defenses: (1) After *2* years from the date of issue of this policy no misstatements, except fraudulent misstatements, made by the applicant in the application for such policy shall be used to void the policy or to deny a claim for loss incurred or disability (as defined in the policy) commencing after the expiration of such *2-year* period.

(2) No claim for loss incurred or disability (as defined in the policy) commencing after *2* years from the date of issue of this policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this policy."

(2) Policy provision (1) of subsection (1) shall not be so construed as to affect any legal requirement for avoidance of a policy or denial of a claim during such initial *2-year* period or to limit the application of 33-22-222 through 33-22-226 in the event of misstatement with respect to age or occupation or other insurance.

(3) A policy which the insured has the right to continue in force subject to its terms by the timely payment of premium until at least age 50 or, in the case of a policy issued after age 44, for at least 5 years from its date of issue, may contain in lieu of policy provision (1) of subsection (1) the following provision (from which the clause in parentheses may be omitted at the insurer's option) under the caption "Incontestable":

"After this policy has been in force for a period of *2* years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application.""

Section 22. Section 33-22-232, MCA, is amended to read:

HeinOnline -- 1981 vol. I 470 1981

reserves the right to refuse renewal shall provide in substance in a provision thereof or in an endorsement thereon or rider attached thereto that subject to the right to terminate the policy upon nonpayment of premium when due, such right to refuse renewal may not be exercised so as to take effect before the renewal date occurring on or after and nearest each policy anniversary (or in the case of lapse and reinstatement, at the renewal date occurring on or after and nearest each anniversary of the last reinstatement), and that any refusal of renewal shall be without prejudice to any claim originating while the policy is in force. The parenthetic reference to lapse and reinstatement may be omitted at the insurer's option."

Section 23. Section 33-22-301, MCA, is amended to read:

"33-22-301. Coverage of newborn under family policy. (1) Each policy of disability insurance or certificate issued thereunder shall contain a provision granting immediate accident and sickness coverage, from and after the moment of birth, to each newborn infant of any insured.

(2) The coverage for newborn infants shall be the same as provided by the policy for the other covered persons; provided, however, that for newborn infants there shall be no waiting or elimination periods. A deductible or reduction in benefits applicable to the coverage for newborn infants is not permissible unless it conforms and is consistent with the deductible or reduction in benefits applicable to all other covered persons.

(3) No policy or certificate of insurance may be issued or amended in this state if it contains any disclaimer, waiver, or other limitation of coverage relative to the accident and sickness coverage or insurability of newborn infants of an insured from and after the moment of birth.

(4) If payment of a specific premium or subscription fee is required to provide coverage for a child, the policy or contract may require that notification of birth of a newly born child and payment of the required premium or fees must be furnished to the insurer or nonprofit service or indemnity corporation within 31 days after the date of birth in order to have the coverage continue beyond such 31-day period."

Section 24. Section 33-22-812, MCA, is amended to read:

"33-22-812. Policy forms to be approved — procedure — disapproval. (1) The forms of the policies, applications, certificates or other evidence of insurance coverage, and applicable premium rates relating thereto shall be filed with the commissioner. No such policy, contract, certificate or other evidence of insurance, application, or other form shall be sold, issued, or used and no endorsement shall be attached to or printed or stamped thereon unless the form thereof shall have been approved by the commissioner.

(2) The commissioner shall disapprove the forms for such insurance if he finds that they are unjust, unfair, inequitable, misleading, or deceptive or that the rates are by reasonable assumptions excessive in relation to the benefits provided.

(3) In determining whether such rates by reasonable assumptions are excessive in relation to the benefits provided, the commissioner shall give

HeinOnline -- 1981 vol. I 471 1981

due consideration to past and prospective claim experience, within and outside this state, and to fluctuations in such claim experience, to a reasonable risk charge, to contribution to surplus and contingency funds, to past and prospective expenses, both within and outside this state, and to all other relevant factors within and outside this state, including any differing operating methods of the insurers joining in the issue of the policy.

(4) In exercising the powers conferred upon him by this part, the commissioner shall not be bound by any other requirement of this code with respect to standard provisions to be included in disability policies or forms.

(5) The commissioner may, after hearing upon written notice, withdraw an approval previously given, upon such grounds as in his opinion would authorize disapproval upon original submission thereof. Any such withdrawal of approval after hearing shall be by notice in writing specifying the ground thereof and shall be effective at the expiration of such period, not less than 90 days after the giving of notice of withdrawal, as the commissioner shall in such notice prescribe."

Section 25. Section 33-24-102, MCA, is amended to read:

"33-24-102. Insuring improvements — insurance equal to true value. Whenever any policy of insurance shall be written to insure any improvements upon real property in this state against loss *or damage* and the property insured *is considered to be a total loss*, without criminal fault on the part of the insured or his assigns, the amount of insurance written in such policy shall be taken conclusively to be the true value of the property insured and the true amount of loss and measure of damages. The payment of money as a premium for insurance shall be prima facie evidence that the party paying such insurance premium is the owner of the property insured; provided, that any insurance company may set up fraud in obtaining the policy as a defense to a suit thereon."

Section 26. Section 33-24-103, MCA, is amended to read:

"33-24-103. Specific valuation — loss equal to insured value. (1) This section applies to policies, except motor vehicle insurance policies, which insure specific listed items of personal property against any loss or damage.

(2) If the insurer places specific valuations upon particular items of covered property and bases the premium charge on these valuations, then he shall compute any *total* loss or total damage to the property, when covered, at the stated valuation with no deductions or offsets."

Section 27. Section 33-25-102, MCA, is amended to read:

"33-25-102. Rates filed with commissioner. (1) Every title insurer shall file with the commissioner a complete schedule of rates to be charged by it for title insurance as to property located in this state. *The rates shall be all-inclusive of the total charge for such insurance as specified in the policy and shall be accompanied by supporting data.*

(2) No such rate shall be excessive, inadequate, or unreasonably discriminatory.

HeinOnline -- 1981 vol. I 472 1981

(3) No title insurer shall charge any rate for such insurance other than the applicable rate previously filed by it with the commissioner."

Section 28. Section 33-30-1001, MCA, is amended to read:

"33-30-1001. Newborn infants covered by insurance by health service corporation. No disability insurance plan or group disability insurance plan issued by a health service corporation may be issued or amended in this state if it contains any disclaimer, waiver, or other limitation of coverage relative to the accident and sickness coverage or insurability of newborn infants of the persons insured from and after the moment of birth. Each such policy shall contain a provision granting immediate accident and sickness coverage, from and after the moment of birth, to each newborn infant of any insured person. *If payment of a specific premium or subscription fee is required to provide coverage for a child, the policy or contract may require that notification of birth of a newly born child and payment of the required premium or fees must be furnished to the insurer or nonprofit service or indemnity corporation within 31 days after the date of birth in order to have the coverage continue beyond such 31-day period."*

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-7-401, MCA, is amended to read:

"20-7-401. Definitions. In this title, unless the context clearly indicates otherwise, the following definitions apply:

(1) "Appropriate public education" means the provision of regular or special education and related aids and services that are designed to meet individual educational needs of handicapped persons as adequately as the needs of nonhandicapped are met.

(2) "Deaf" means a hearing impairment which is so severe that the child's hearing is nonfunctional for the purpose of educational performance.

(3) "Emotionally disturbed" means a condition exhibiting one or more of the following characteristics to a marked degree and over a long period of time: an inability to learn which cannot be explained by intellectual, sensory, or health factors; an inability to build or maintain satisfactory interpersonal relationships with peers and teachers; inappropriate types of behavior or feelings under normal circumstances; a general pervasive mood of unhappiness or depression; or a tendency to develop physical symptoms, pains, or fears associated with personal or school problems. The term does

HeinOnline -- 1981 vol. I 487 1981

not include children who are socially maladjusted. The emotionally disturbed category may include students who also may have been diagnosed by appropriate specialists as autistic, psychotic, sociopathic, or schizophrenic. An emotionally disturbed child's disorders are not primarily the result of problems with visual acuity, hearing impairment, physical handicaps, cultural or instructional factors, or mental retardation. "Emotionally disturbed" refers to a person who has been identified, based on a comprehensive evaluation, as having observable behavioral patterns which seriously inhibit the academic and social or emotional growth of the individual or the educational rights of others to the point that supportive services are required. These behavioral patterns may include:

(a) excessive physical or verbal aggression toward oneself or others and a lack of response to regular educational intervention;

(b) high frequency of persistent inattention to academic or social tasks associated with regular classroom performance; and

(c) persistent withdrawal from peer or adult interactions associated with the expected social development in a regular educational environment.

(4) "Handicapped child" means a child evaluated as being mentally retarded, hard-of-hearing, deaf, speech-impaired, visually handicapped, emotionally disturbed, orthopedically impaired, other health-impaired, or as having specific learning disabilities, who because of those impairments needs special education and related services.

(5) "Hard-of-hearing" means a hearing impairment, whether permanent or fluctuating, which adversely affects a child's educational performance but which is not included within the definition of deaf.

(6) "Mentally retarded" means significantly subaverage general intellectual functioning existing concurrently with deficits in adaptive behavior and manifested during the developmental period, which adversely affects a child's educational performance.

(7) "Orthopedically impaired" means a severe orthopedic impairment which adversely affects a child's educational performance. The term includes but is not limited to impairment caused by congenital anomaly (e.g., clubfoot or absence of some member), impairments caused by disease (e.g., poliomyelitis, bone tuberculosis), and impairments from other causes (e.g., fractures or burns which cause contractures, amputation, cerebral palsy).

(8) "Other health-impaired" means limited strength, vitality, or alertness due to chronic or acute health problems such as a heart condition, tuberculosis, rheumatic fever, nephritis, asthma, sickle-cell anemia, hemophilia, epilepsy, lead poisoning, leukemia, or diabetes.

(9) "Special education" means specially designed instruction, given at no cost to the parents or guardians, to meet the unique needs of a handicapped child, including but not limited to classroom instruction, instruction in physical education, home instruction, and instruction in hospitals and institutions. The term includes but is not limited to speech pathology, audiology, occupational therapy, and physical therapy.

HeinOnline -- 1981 vol. I 488 1981

(10) "Specific learning disability" means a disorder in one or more of the basic psychological processes involved in understanding or in using language, spoken or written, which may manifest itself in an imperfect ability to listen, think, speak, read, write, spell, or do mathematical calculations. The term includes but is not limited to such conditions as perceptual handicaps, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia. The term does not include children who have learning problems which are primarily the result of visual, hearing, or motor handicaps; mental retardation; or environmental, cultural, or economic disadvantages.

(11) "Speech/language impaired" means a communication disorder such as stuttering, impaired articulation, or a language or voice impairment which adversely affects a child's interpersonal relationships or educational performance.

(12) "Visually handicapped" means a visual impairment which, after correction, adversely affects a child's educational performance. The term includes both partially seeing and blind children."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-9-303, MCA, is amended to read:

"20-9-303. Definition of foundation program and its proportion of the maximum-general-fund-without-a-voted-levy schedule amount — nonisolated school foundation program financing — special education funds. (1) As used in this title, the term "foundation program" shall mean the minimum operating expenditures, as established herein, that are sufficient to provide for the educational program of a school. The foundation program relates only to those expenditures authorized by a district's general fund budget and shall not include expenditures from any other fund. It shall be financed by:

(a) county equalization moneys; *and*

(b) state equalization aid.

(2) The dollar amount of the foundation program shall be 80% of the maximum-general-fund-budget-without-a-voted-levy limitation as set forth in the schedules in 20-9-316 through 20-9-321. (3) Funds provided to support the special education accounting budget may be expended only for special education purposes as approved by the superintendent of public instruction in accordance with the special education budgeting provisions of this title. Expenditures for special education shall be accounted for separately from the balance of the school district general fund. Transfers between items within the special education budget for accounting purposes may be made at the discretion of the board of trustees in accordance with the financial administration part of this title. The unexpended balance of the special education accounting budget shall carry over to the next year to reduce the amount of funding required to finance the district's ensuing year's maximum-budget-without-a-vote for special education."

The superintendent of public instruction has authority to spend such appropriation, together with the earmarked revenues provided in subsection (3), as required for foundation program purposes throughout the biennium.

(3) The following shall be paid into the earmarked revenue fund for state equalization aid to public schools of the state:

(a) 25% of all moneys received from the collection of income taxes under chapter 30 of Title 15;

(b) 25% of all moneys, except as provided in 15-31-702, received from the collection of corporation license taxes under chapter 31 of Title 15, as provided by 15-1-501;

(c) 10% of the moneys received from the collection of the severance tax on coal under chapter 35 of Title 15;

(d) 62 ½% of the moneys received from the treasurer of the United States as the state's shares of oil, gas, and other mineral royalties under the federal Mineral Lands Leasing Act, as amended;

(e) interest and income moneys described in 20-9-341 and 20-9-342;

(f) income from the local impact and education trust fund account; and

(g) in addition to these revenues, the surplus revenues collected by the counties for foundation program support according to 20-9-331 and 20-9-333 shall be paid into the same earmarked revenue fund.

(4) Any surplus revenue in the state equalization aid account in the second year of a biennium may be used to reduce the appropriation required for the next succeeding biennium or may be transferred to the state permissive account if revenues in that fund are insufficient to meet the state's permissive amount obligation."

Section 3. Section 20-9-351, MCA, is amended to read:

"20-9-351. Funding of deficiency in state equalization aid. If the estimated state equalization level made under the provisions of 20-9-348 is less than 100%, it shall be the duty of the *superintendent of public instruction to request the budget director to submit a request for a supplemental appropriation in the second year of the biennium that would be sufficient to complete the funding of the foundation program of the elementary or secondary schools, or both, for the current biennium."*

Section 4. Section 20-9-352, MCA, is amended to read:

"20-9-352. Permissive amount and permissive levy. (1) Whenever the trustees of any district shall deem it necessary to adopt a general

fund budget in excess of the foundation program amount but not in excess of the maximum general fund budget amount for such district as established by the schedules in 20-9-316 through 20-9-321, the trustees shall adopt a resolution stating the reasons and purposes for exceeding the foundation program amount. Such excess above the foundation program amount shall be known as the "permissive amount", and it shall be financed by a levy on the taxable value of all taxable property within the district as prescribed in 20-9-141, supplemented with *any biennial appropriation by the legislature for this purpose.*

(2) The district levies to be set for the purpose of funding the permissive amount are determined as follows:

(a) For each elementary school district, the county commissioners shall annually set a levy not exceeding 9 mills on all the taxable property in the district for the purpose of funding the permissive amount of the district. The permissive levy in mills shall be obtained by multiplying the ratio of the permissive amount to the maximum permissive amount by 9 or by using the number of mills which would fund the permissive amount, whichever is less. If the amount of revenue raised by this levy is not sufficient to fund the permissive amount in full, the amount of the deficiency shall be paid to the district from the earmarked revenue fund, permissive account, according to the provisions of subsections (3) and (4) of this section.

(b) For each high school district, the county commissioners shall annually set a levy not exceeding 6 mills on all taxable property in the district for the purpose of funding the permissive amount of the district. The permissive levy in mills shall be obtained by multiplying the ratio of the permissive levy to the maximum permissive amount by 6 or by using the number of mills which would fund the permissive amount, whichever is less. If the amount of revenue raised by this levy is not sufficient to fund the permissive amount in full, the amount of the deficiency shall be paid to the district from the earmarked revenue fund, permissive account, according to the provisions of subsections (3) and (4) of this section.

(3) *The superintendent of public instruction shall, if the appropriation by the legislature for the permissive account for the biennium is insufficient, request the budget director to submit a request for a supplemental appropriation in the second year of the biennium. Such appropriation shall provide* enough revenue to fund the permissive deficiency of the elementary and high school districts of the state. The proceeds of this *appropriation* shall be deposited to the earmarked revenue fund, permissive account, and shall be distributed to the elementary and high school districts in accordance with their entitlements as determined by the superintendent of public instruction according to the provisions of subsections (1) and (2) of this section.

(4) Such distribution shall be made in two payments. The first payment shall be made at the same time as the first distribution of state equalization aid is made after January 1 of the fiscal year. The second payment shall be made at the same time as the last payment of state equalization aid is made for the fiscal year. If the *appropriation* is not sufficient to finance the deficiencies of the districts as determined according

HeinOnline -- 1981 vol. I 498 1981

to subsection (2), each district will receive the same percentage of its deficiency. Surplus revenue in the permissive account *in the second year of the biennium may* be used to reduce the *appropriation* required for the next succeeding *biennium or may be transferred to the state equalization aid earmarked revenue fund if revenues in that fund are insufficient to meet foundation program requirements.*"

CHAPTER NO. 325

AN ACT TO DELETE THE REQUIREMENT THAT SERVICES FOR MEDICAL AID AND HOSPITALIZATION FURNISHED BY A COUNTY TO INDIGENTS BE APPROVED BY THE DEPARTMENT OF HEALTH AND ENVIRONMENTAL SCIENCES AND PRIVATE ASSOCIATIONS; AMENDING SECTION 53-3-103, MCA.

WHEREAS, during its sunset review of medical licensing boards the Legislative Audit Committee noted that services for medical aid and hospitalization furnished by a county to indigents must be approved by the Department of Health and Environmental Sciences and private associations; and

WHEREAS, this gives the Department of Health and Environmental Sciences and private associations a veto power over a county's choice of services; and

WHEREAS, the law provides that services for medical aid and hospitalization provided by counties must be furnished by licensed practitioners.

THEREFORE, it is the intent of this act to delete the requirement that services for medical aid and hospitalization furnished indigents by the counties be approved by the Department of Health and Environmental Sciences and private associations.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 53-3-103, MCA, is amended to read:

"53-3-103. Medical aid and hospitalization for indigent. (1) Except as provided in other parts of this title, medical aid and hospitalization for county residents and nonresidents within the county unable to provide these necessities for themselves are the legal and financial responsibility of the county commissioners and are payable from the county poor fund. The county commissioners shall make provisions for competent and

skilled medical or surgical services. "Medical" or "medicine" as used in this section refers to the healing art as practiced by licensed practitioners.

(2) The board, in arranging for medical care for those unable to provide it for themselves, may have the care provided by physicians appointed by the board who shall be known as county physicians or deputy county physicians and may fix a rate of compensation for the furnishing of the medical attendance.

(3) The department may promulgate rules to determine under what circumstances persons in the county are unable to provide medical aid and hospitalization for themselves, including the power to define the term "medically needy". However, the definition may not allow payment by a county for general assistance—medical for persons whose income exceeds 300% of the limitation for obtaining regular county general relief assistance or for persons who are eligible for medicaid in accordance with Title 53, chapter 6, part 1, or for persons who have the right or are entitled to medical aid and hospitalization from the federal government or any agency thereof.

(4) In any case where the county or state pays medical expenses or hospitalization for an individual, the county or state is subrogated to the claims of the physician or hospital to the extent of payment. To the extent necessary for reimbursement of medical benefits paid to or on behalf of an individual, the county or state is subrogated to the rights of the individual to recover from a third party who may be liable to pay the medical expenses. The provisions of 53-2-612 which relate to medical benefits provided under Title XIX or XX of the Social Security Act apply to medical benefits provided for in this section."

Approved April 10, 1981.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Repurchase agreements — bidding.** (1) After qualifying as provided in subsection (5), a financial institution may contract with a local governing body to establish a repurchase agreement.

(2) A repurchase agreement is a contract that specifies the minimum and maximum of public money that the local governing body will invest under the contract in securities that the financial institution will sell to the local governing body and that the financial institution will repurchase on mutually agreeable terms.

(3) A repurchase agreement is not a demand account.

HeinOnline -- 1981 vol. I 519 1981

(4) The local governing body shall maintain in the same financial institution contracting for the repurchase agreement a demand account into which each business day shall be deposited a sum equal to the day's disbursements, and that deposit will be the proceeds of the redemption by the financial institution of securities previously purchased by the local governing body under the provisions of the repurchase agreement, so that the balance of the demand account at the close of each day's business will be zero.

(5) The local governing body shall call for bids as provided in 7-6-206 to contract for a repurchase agreement from all financial institutions chartered to do business in its jurisdiction that are authorized to accept demand deposits and to buy and sell securities. The call for bids shall specify the minimum acceptable rate of interest, effective date of the repurchase agreement and the period of duration, security pledge requirements and range of funds to be invested.

Section 2. Section 7-6-201, MCA, is amended to read:

"7-6-201. Deposit of public funds in financial institutions. (1) Except as provided in 7-6-202, 7-6-206(3), 7-6-2701, it shall be the duty of all county and city treasurers and town clerks to deposit all public money in their possession and under their control in any solvent banks, building and loan associations, or savings and loan associations located in the county, city, or town of which such treasurer is an officer, subject to national supervision or state examination as the local governing body may designate, and no other.

(2) Said local governing body is hereby authorized to deposit such public money not necessary for immediate use by such county, city, or town in a savings or time deposit with any bank, building and loan association, or savings and loan association authorized above *or in a repurchase agreement as authorized in [section 1].*

(3) The treasurer or town clerk shall take from such bank, building and loan association, or savings and loan association such security as the local governing body may prescribe, approve, and deem fully sufficient and necessary to insure the safety and prompt payment of all such deposits, together with the interest on any time or savings deposits.

(4) All such deposits shall be subject to withdrawal by the treasurer or town clerk in such amounts as may be necessary from time to time. No deposit of funds shall be made or permitted to remain in any bank, building and loan association, or savings and loan association until the security for such deposits shall have been first approved by the local governing body and delivered to the treasurer or town clerk."

Section 3. Section 7-6-206, MCA, is amended to read:

"7-6-206. Time deposits — repurchase agreement. (1) Such public money not necessary for immediate use by such county, city, or town which is not invested in direct obligations of the United States government as authorized in 7-6-202 may be placed in time or savings deposits with any bank or savings and loan association in the county, city, or town *or placed in repurchase agreements as authorized in [section 1],*

HeinOnline -- 1981 vol. I 520 1981

and money placed in repurchase agreements is subject to subsections (2) and (3).

(2) When more than one bank or savings and loan association is available in any county for the *time or savings* deposit of such county funds or in any city or town for the *time or savings* deposit of such city or town funds, such funds may be distributed ratably among all of such banks and savings and loan associations qualifying therefor and substantially in proportion to the total property taxes paid during the preceding year in such county or the county in which such city or town is located and the corporation license taxes paid by each bank or savings and loan association willing to receive such time or savings deposits under the terms of this part.

(3) In lieu of a ratable distribution among banks and savings and loan associations within the county, city, or town, the local governing body may solicit bids without advertising from any bank or savings and loan association in a county having at least two such financial institutions. Such institutions may request in writing that they be listed for solicitation on bids for public money not necessary for immediate use by the unit of local government. In counties having less than two such institutions, the local governing body may solicit bids from and deposit public money in such institutions in neighboring counties unless the local financial institution agrees to pay the same rate of interest bid by the neighboring financial institutions. The governing body may solicit bids by notice sent by mail to the investment institutions whose names are listed as provided herein. The provisions of this subsection shall be considered as meeting the requirements of subsection (2)."

WHEREAS, the Legislative Audit Committee in its sunset reviews determined that a few professions and occupations require citizenship as a qualification for licensure; and

WHEREAS, a number of courts, including the United States Supreme Court, have found citizenship qualifications for licensure unconstitutional.

THEREFORE, it is the intent of this act to delete citizenship requirements as a qualification for licensure by those boards presently having a citizenship requirement.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 32-1-322, MCA, is amended to read:

(1) The affairs of the bank shall be managed by a board of directors, not less than 3 or more than 11 in number, all of whom shall be stockholders of the bank and of whom at least two-thirds must be residents of this state. A person who has been convicted of a crime against the banking laws of the United States or of any state may not be elected a director.

(2) The directors shall be elected for a term of 1 year at the annual meeting of the stockholders, which shall be held on any Tuesday up to and

HeinOnline -- 1981 vol. I 538 1981

including the second Tuesday in April of each calendar year. Every director shall take and subscribe an oath that he will diligently and honestly perform his duty in the office, that he will not knowingly violate or permit a violation of any of the provisions of this chapter, and that he is the owner in good faith of the required number of shares of stock in the bank standing in his name on the books of the bank. (2) The fee for an examination shall be set by the board at a figure commensurate with costs, which fee may in the discretion of the board be returned to applicants not taking the examination. On again making payment of the fee, an applicant who fails is entitled to take the next succeeding examination free of charge.

(3) The fee for registration by reciprocity is $200.

(4) To be entitled to examination as a pharmacist, the applicant shall be of good moral character and a graduate of the school of pharmacy of the university of Montana or of a college or school of pharmacy recognized and approved by or a member of the American association of colleges of pharmacy; but the applicant may not receive a registered pharmacist's license until he has complied with the internship requirements established by the board. Instead of the certificates of graduation, an applicant for examination may, with like effect, furnish an affidavit that he has practiced optometry exclusively for a period of at least 6 years in some other state or states.

(4) A person desiring to be examined in optometry shall file an application, in the manner prescribed by the board, at least 4 weeks before the examination is held, and a fee of $25 shall accompany the application.

AN ACT TO CONFORM THE PROVISIONS APPLICABLE TO PROTECTIVE SERVICES FOR DEVELOPMENTALLY DISABLED AND ELDERLY PERSONS TO MONTANA'S GUARDIANSHIP AND CONSERVATOR LAW; AMENDING SECTIONS 53-20-402 THROUGH 53-20-406, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 53-20-402, MCA, is amended to read:

"53-20-402. Legislative findings and directives. (1) In recognition of the need to provide supervision and protection from exploitation for the developmentally disabled and in acknowledgment of the desirability of providing such services outside the state institutions, the legislature hereby finds and declares that a program should be established by the department to provide protective services for the developmentally disabled. Such a program should be designed to provide the services set forth in this part for developmentally disabled persons.

(2) The director of the department shall adopt rules for the administration of this part. The department shall develop a statewide system of protective service in accordance with regulations and standards established by the department with respect to this program. The department may:

(a) provide direct services;

(b) enter into a contract with any responsible agency, public or private, for provision of protective service by the agency;

(c) accept appointment by any district court as guardian, *conservator,* trustee, protector, or trustee and protector of a mentally retarded or other developmentally disabled person. *However, this subsection does not relieve*

HeinOnline -- 1981 vol. I 545 1981

the department of the duty to comply with the requirements of Title 72, chapter 5, for the appointment of a guardian or conservator or the requirements of 53-20-406."

Section 2. Section 53-20-403, MCA, is amended to read:

"53-20-403. Application for protective services. (1) Protective services may be provided on a voluntary basis for any developmentally disabled person who requests them for himself or at the request of any interested person, when the department determines that such person is a developmentally disabled person who would benefit from services provided in this part and that the department is currently able to supply services to such person. A parent may name the department as guardian of the developmentally disabled person in his will. A parent may also name the department as guardian or trustee of the developmentally disabled person to assume such duties during the parents' lifetime. Voluntary services may be discontinued upon the written request of the ward or any personal representative of the ward. *Any appointment of the department as guardian by the parent of a developmentally disabled person, either by will or by appointment during the parent's lifetime, must comply with and is governed by the requirements of Title 72, chapter 5, part 3.*

(2) Application for protective services under this part shall be made to the designated field staff of the department or other designated state agency in the county in which the applicant resides, and the application shall be transmitted promptly to the department. Such application shall be in writing or reduced to writing in the manner and upon the form prescribed by the department and shall contain the name, age, and residence of the applicant and such other information as may be required by the rules of the department. The rules of the department shall simplify the application process in order that protective services may be furnished as soon as possible. Adequate safeguards shall be established by the department to insure that only eligible persons receive protective services under this part. The department shall notify the applicant and the designated field staff of the department or other designated state agency in writing of its decision concerning eligibility for protective services."

Section 3. Section 53-20-404, MCA, is amended to read:

"53-20-404. Petition to make developmentally disabled person ward of department. (1) Any developmentally disabled person may be made a ward of the department by a judicial proceeding which shall be initiated when any reputable person, including the potential ward, or the department shall file in the district court of the county in which the respondent resides or is physically present a verified petition alleging that the respondent is a developmentally disabled person, describing the nature and extent of the respondent's disability, and alleging that it will be in the best interests of the respondent that he be made a ward of the department. The petition shall be accompanied by a report of the findings of an evaluation team composed of but not limited to a physician, a psychologist, and a social worker and expressing the belief that the respondent is developmentally disabled to an extent which would cause the respondent to benefit from the protective services provided for in this part.

HeinOnline -- 1981 vol. I 546 1981

(2) Upon the filing of such verified petition and team evaluation statement, the court shall issue an order fixing the time and place of a hearing on such petition, which time shall be no earlier than 7 days or later than 14 days after the filing thereof. Such order shall appoint an attorney for the respondent, whose duty shall be to make such investigation as is necessary to protect the rights of the respondent and to attend all hearings in the matter. Such order shall also advise the respondent of his right to appear at the hearing and shall give the address and telephone number of the attorney. Personal service shall be made on the respondent, the department, the county attorney, and attorney at least 5 days prior to the hearing date. The department, the county attorney, and the attorney may waive service.

(3) Upon hearing, the petitioner shall present the evidence to the court. When the court is fully advised, it shall determine whether the respondent is a developmentally disabled person who would benefit from the protective services provided for in this part and whether it is in the best interest of the respondent that he be made a ward of the department and, if it is so found, the court shall enter an order that the respondent is made the ward of the department; otherwise, the petition shall be dismissed.

(4) *If in addition to seeking authorization for the department to provide protective services the petition seeks to impose any legal disabilities on the ward, the petition shall be treated as a petition to create a guardianship or, if appropriate, a conservatorship and the provisions of Title 72, chapter 5, part 3, or, if appropriate, Title 72, chapter 5, part 4, apply.*

(5) Every proceeding under this part shall be civil in nature and shall be entitled "In the interest of ...., respondent" or "In the interest of ...., ward", as the case may be."

Section 4. Section 53-20-405, MCA, is amended to read:

"53-20-405. Protective and supportive services provided. (1) The department shall provide, in the manner set forth, for each of its wards those protective and supportive services which the department believes necessary to help the ward function to the extent of his capabilities as an independent, self-sufficient member of society. Services under this part may include but shall not be limited to assistance in obtaining:

(a) housing, clothing, and food;

(b) education and training for living in society and, where possible, for employment;

(c) employment;

HeinOnline -- 1981 vol. I 547 1981

(i) participation in cultural and recreational activities.

(2) Services under this part may also include but shall not be limited to assistance in preventing exploitation of the ward by others and in preventing injury to the ward and injury by the ward to others.

(3) The provision of protective services pursuant to this part does not create a guardianship relationship between the department and the developmentally disabled person unless a guardianship is created in accordance with the requirements of Title 72, chapter 5, part 3."

Section 5. Section 53-20-406, MCA, is amended to read:

"53-20-406. Department as conservator of small estate of person adjudicated developmentally disabled. The department may be appointed as conservator of the estate of any person adjudicated developmentally disabled if the department is providing protective services for such person and if it shall appear to the court that the value of the assets of such person does not exceed $10,000 and that there is no other person or institution whose appointment in such capacity would be more appropriate. The department shall report annually to the court which appointed it on the discharge of its duties as conservator of an estate under this section and shall otherwise be subject to the requirements of *Title 72, chapter 5, part 4. Any appointment of the department as conservator of the estate of a developmentally disabled person made pursuant to this section is governed by and must comply with the requirements of Title 72, chapter 5, part 4."*

Section 6. **Department to compile list of qualified visitors.** The department shall compile and provide to each district court within the state a list of professional persons within the region where the district court is located who possess competencies in the evaluation and habilitation of persons with developmental disabilities and who may be available to the court to act as visitors or to otherwise provide evaluation services in guardianship proceedings involving developmentally disabled persons, together with an indication of the particular competencies the professional person possesses.

Section 7. **Protective services not creating guardianship or conservatorship.** The provision of protective services does not create a guardianship or conservatorship relationship between the department and the aged person unless a guardianship or conservatorship is created in accordance with the requirements of Title 72, chapter 5, part 3 or 4.

Section 8. **Codification instruction.** (1) Section 6 is intended to be codified as an integral part of Title 53, chapter 20, part 4, and the provisions of Title 53, chapter 20, part 4, apply to section 6.

(2) Section 7 is intended to be codified as an integral part of Title 53, chapter 5, part 2, and the provisions of Title 53, chapter 5, part 2, apply to section 7.

Approved April 13, 1981.

Section 2. **Purpose and basis for guardianship.** Guardianship for an incapacitated person may be used only as is necessary to promote and protect the well-being of the person. The guardianship must be designed to encourage the development of maximum self-reliance and independence in the person and may be ordered only to the extent that the person's actual mental and physical limitations require it. An incapacitated person for whom a guardian has been appointed is not presumed to be incompetent and retains all legal and civil rights except those that have been expressly limited by court order or have been specifically granted to the guardian by the court.

Section 3. Section 72-5-312, MCA, is amended to read:

"72-5-312. Who may be guardian — priorities. (1) Any competent person or a suitable institution, *association, or nonprofit corporation or any of its members* may be appointed guardian of an incapacitated person.

(2) Persons who are not disqualified have priority for appointment as guardian in the following order:

(a) a person, association, or private nonprofit corporation nominated by the incapacitated person, if the court specifically finds that at the time of the nomination the incapacitated person had the capacity to make a reasonably intelligent choice;

(b) the spouse of the incapacitated person;

(c) an adult child of the incapacitated person;

(d) a parent of the incapacitated person, including a person nominated by will or other writing signed by a deceased parent;

HeinOnline -- 1981 vol. I 549 1981

(e) any relative of the incapacitated person with whom he has resided for more than 6 months prior to the filing of the petition;

(f) a relative or friend who has demonstrated a sincere, longstanding interest in the welfare of the incapacitated person;

(g) a private association or nonprofit corporation with a guardianship program for incapacitated persons, a member of such private association or nonprofit corporation approved by the association or corporation to act as a guardian for the incapacitated person, or a person included on an official list of such association or organization as willing and suitable to act as guardian of incapacitated persons;

(h) a person nominated by the person who is caring for him or paying benefits to him.

(3) The priorities established in subsection (2) are not binding, and the court shall select the person, association, or nonprofit corporation that is best qualified and willing to serve.

(4) Except as provided in subsection (5), the court may not appoint a person, institution, association, or nonprofit corporation to be the guardian of an incapacitated person if the person, institution, association, or nonprofit corporation:

(a) provides or is likely to provide during the guardianship substantial services to the incapacitated person in the professional or business capacity other than in the capacity of guardian;

(b) is or is likely to become during the guardianship period a creditor of the incapacitated person, other than in the capacity of guardian;

(c) has or is likely to have during the guardianship period interests that may conflict with those of the incapacitated person; or

(d) is employed by a person, institution, association, or nonprofit corporation who or which would be disqualified under subsections (4)(a) through (4)(c).

(5) If the court determines that there is no qualified person willing and able to serve as guardian, the court may appoint an agency of the state or federal government that is authorized or required by statute to provide services to the person or to persons suffering from the kind of disability from which the incapacitated person is suffering or a designee of the agency, notwithstanding the provisions of subsection (4). Whenever an agency is appointed guardian, the court may also appoint a limited guardian to represent a specified interest of the incapacitated person. Whenever a limited guardian is appointed pursuant to this subsection, the specified interest of the incapacitated person is the sole responsibility of the limited guardian and is removed from the responsibility of the agency."

Section 4. Section 72-5-313, MCA, is amended to read:

"72-5-313. Visitor in guardianship proceedings defined. A visitor is, with respect to guardianship proceedings, a person who is trained

in law, nursing, social work, *medical care, mental health care, pastoral care, education, or rehabilitation* and is an officer, employee, or special appointee of the court with no personal interest in the proceedings."

Section 5. **Request for notice — interested person.** (1) Any interested person who desires to be notified before any order is made in a guardianship proceeding may file with the clerk a request for notice upon payment of any fee required by statute or court rule. The clerk shall mail a copy of the demand to the guardian, if one has been appointed.

(2) A request is not effective unless it contains a statement showing the interest of the person making it and his address or that of his attorney and is effective only as to matters occurring after the filing. Any governmental agency paying or planning to pay benefits to the alleged incapacitated person is an interested person in guardianship proceedings.

Section 6. **Contents of petition for appointment of guardian.** (1) The petition for appointment of a guardian shall contain:

(a) the name, residence, and mailing address of the petitioner, his relationship to the alleged incapacitated person, and his interest in the matter;

(b) the name, residence, and mailing address of the alleged incapacitated person;

(c) the nature and degree of the alleged incapacity;

(d) if the petition in any way affects the management of the property of the alleged incapacitated person, the approximate value and description of his property, including any compensation, pension, insurance, or allowance to which he may be entitled;

(e) whether there is, in any state, a full guardian or limited guardian for the person or estate of the incapacitated person or a conservator of his property;

(f) the name, residence, and mailing address of the person whom the petitioner seeks to have appointed guardian;

(g) the names, residences, and nature of relationship, so far as is known or can reasonably be ascertained, of the persons most closely related by blood or marriage to the alleged incapacitated person;

(h) the name and residence of the person or institution having the care and custody of the alleged incapacitated person;

(i) the reasons why the appointment of a guardian is sought and whether a limited guardianship or full guardianship is requested;

(j) the facts supporting the allegations of incapacity and the need for a guardian;

(k) the specific areas of protection and assistance requested and the limitation of rights requested to be included in the order of appointment;

(l) in the case of a petition for limited guardianship, the particular powers and areas of authority that the petition seeks to have vested in the

HeinOnline -- 1981 vol. I 551 1981

limited guardian as provided in [section 7] and the term for which the limited guardianship is requested;

(m) in the case of a petition for full guardianship, the length of time the guardianship is expected to last.

(2) The petition may also include a request for temporary guardianship as provided in 72-5-317 if the petitioner believes that the requisites of that section are met and that the appointment of a temporary guardian, pending the completion of guardianship proceedings, is necessary to protect the welfare of the alleged incapacitated person. The facts requiring appointment of a temporary guardian shall be stated with specificity.

Section 7. **Purposes for establishment of limited guardianship.** A petition seeking the establishment of a limited guardianship shall specify the particular powers that the limited guardian is proposed to exercise and the particular areas of protection and assistance required. The purposes for which a limited guardian may be appointed include:

(1) to care for and maintain the alleged incapacitated person;

(2) to assert and protect the rights and best interests of the alleged incapacitated person;

(3) to provide timely and informed consent to necessary medical procedures and procedures implemented in connection with habilitation and training programs;

(4) to assist in the acquisition of necessary training, habilitation, and education for the incapacitated person;

(5) to exercise any other powers, duties, or limitations in regard to the care of the incapacitated person or the management of his property that the petition shall explicitly specify and which may be no greater than the powers a full guardian can exercise.

Section 8. Section 72-5-315, MCA, is amended to read:

"72-5-315. Procedure for court appointment of guardian — hearing — examination — interview — procedural rights. (1) The incapacitated person or any person interested in his welfare, including the county attorney, may petition for a finding of incapacity and appointment of a guardian.

(2) Upon the filing of a petition, the court shall set a date for hearing on the issues of incapacity. The allegedly incapacitated person may have counsel of his own choice or the court may, in the interest of justice, appoint an appropriate official or attorney to represent him in the proceeding, who shall have the powers and duties of a guardian ad litem.

(3) The person alleged to be incapacitated shall be examined by a physician appointed by the court who shall submit his report in writing to the court and be interviewed by a visitor sent by the court. *Whenever possible, the court shall appoint as visitor a person who has particular experience or expertise in treating, evaluating, or caring for persons with the kind of disabling condition that is alleged to be the cause of the incapacity.*

HeinOnline -- 1981 vol. I 552 1981

The visitor shall *also* interview the person *who appears to have caused the petition to be filed and the person who is nominated to serve as guardian* and visit the present place of abode of the person alleged to be incapacitated and the place it is proposed that he will be detained or reside if the requested appointment is made and submit his report in writing to the court. *Whenever possible without undue delay or expense beyond the ability to pay of the alleged incapacitated person, the court, in formulating the judgment, shall utilize the services of any public or charitable agency that offers or is willing to evaluate the condition of the allegedly incapacitated person and make recommendations to the court regarding the most appropriate form of state intervention in his affairs.*

(4) The person alleged to be incapacitated is entitled to be present at the hearing in person and to see or hear all evidence bearing upon his condition. He is entitled to be present by counsel, to present evidence, to cross-examine witnesses, including the court-appointed physician and the visitor, and to trial by jury. The issue may be determined at a closed hearing without a jury if the person alleged to be incapacitated or his counsel so requests."

Section 9. Section 72-5-316, MCA, is amended to read:

"72-5-316. Findings — order of appointment. *(1) If the court is satisfied that the person for whom a guardianship is sought is incapacitated and that judicial intervention in his personal freedom of action and decision is necessary to meet essential requirements for his physical health or safety, it may appoint a full guardian having the powers described in 72-5-321 or a limited guardian having the powers described in the order. If the court is satisfied that the allegedly incapacitated person could handle the essential requirements for physical health or safety if his financial resources were managed by another, it shall order that the petition be treated as a petition for a protective order under part 4 of this chapter and proceed accordingly. Alternatively, the court may dismiss the proceeding or enter any other appropriate order that is not inconsistent with the specific provisions of this part. In issuing its order the court shall make specific findings of fact.*

(2) The court may not invest a guardian with powers or duties beyond those sought in the petition and may, upon petition for a full guardianship, create a limited guardianship or conservatorship when the court determines that a limited guardianship or conservatorship is all that is required for the care and protection of the incapacitated person. The order shall specify whether a full or limited guardianship is being created. In the case of a limited guardianship, the order shall specify the particular powers and duties vested in the limited guardian, and the period for which the limited guardianship is created.

(3) No incapacitated person may be limited in the exercise of any civil or political rights except those that are clearly inconsistent with the exercise of the powers granted to the guardian unless the court's order specifically provides for such limitations. The order shall state that all rights not specifically limited are retained by the incapacitated person."

Section 10. Section 72-5-317, MCA, is amended to read:

HeinOnline -- 1981 vol. I 553 1981

"72-5-317. Temporary guardians. (1) If an incapacitated person has no guardian and an emergency exists, the court may exercise the power of a guardian pending notice and hearing.

(2) If an appointed guardian is not effectively performing his duties *or if there is no appointed guardian* and the court further finds that the welfare of the incapacitated person requires immediate action, it may, with or without notice, appoint a temporary guardian for the incapacitated person for a specified period not to exceed 6 months. *The court may appoint either a full or a limited temporary guardian, depending on the needs and circumstances of the incapacitated person. The court may not invest a temporary guardian with more powers than are required by the circumstances necessitating the appointment. The order of appointment of a temporary guardian shall state whether a full or limited temporary guardianship is being created and, in the case of a limited temporary guardian, the specific powers and duties of the limited temporary guardian.*

(3) In case there is no person available and willing to act as temporary guardian for an incapacitated person who is in need of a temporary guardian except a person or entity who is ineligible to act as guardian pursuant to the provisions of 72-5-312(4), the court may appoint as temporary guardian a person or entity who would otherwise be ineligible under that provision to act as guardian. This subsection does not permit the appointment of a person or entity who has an actual conflict of interest in regard to the purpose for which the temporary guardianship is sought. A temporary guardian who is otherwise ineligible shall serve until a person or entity who is not ineligible to serve as guardian and who is otherwise qualified to be guardian is appointed by the court to act as temporary guardian, but in no case may he serve for longer than 6 months.

(4) A temporary *full* guardian is entitled to the care and custody of the ward, and the authority of any permanent guardian previously appointed by the court is suspended so long as a temporary guardian has authority. *A temporary limited guardian is entitled to exercise such powers as are specifically granted to him in the order of appointment, and the power of any permanent guardian previously appointed by the court to exercise those powers is suspended so long as the temporary limited guardian has authority. The court by specific order may suspend all authority of the permanent guardian upon appointment of a temporary limited guardian.* A temporary guardian may be removed at any time. A temporary guardian shall make any report the court requires. In other respects the provisions of this code concerning guardians apply to temporary guardians."

Section 11. Section 72-5-321, MCA, is amended to read:

"72-5-321. Powers and duties of guardian of incapacitated person. *(1) The powers and duties of a limited guardian are those specified in the order appointing the guardian. The limited guardian is required to report the condition of the incapacitated person and of the estate that has been subject to his possession and control, as required by the court or by court rule.*

HeinOnline -- 1981 vol. I 554 1981

(2) A *full* guardian of an incapacitated person has the same powers, rights, and duties respecting his ward that a parent has respecting his unemancipated minor child, except that a guardian is not liable to third persons for acts of the ward solely by reason of the parental relationship. In particular and without qualifying the foregoing, a *full* guardian has the following powers and duties, except as *limited* by order of the court:

(a) To the extent that it is consistent with the terms of any order by a court of competent jurisdiction relating to detention or commitment of the ward, he is entitled to custody of the person of his ward and may establish the ward's place of abode within or without this state.

(b) If entitled to custody of his ward, he shall make provision for the care, comfort, and maintenance of his ward and whenever appropriate arrange for his training and education. Without regard to custodial rights of the ward's person, he shall take reasonable care of his ward's clothing, furniture, vehicles, and other personal effects and commence protective proceedings if other property of his ward is in need of protection.

(c) A *full* guardian may give any consents or approvals that may be necessary to enable the ward to receive medical or other professional care, counsel, treatment, or service.

(d) If no conservator for the estate of the ward has been appointed, *a full guardian* may:

(i) institute proceedings to compel any person under a duty to support the ward or to pay sums for the welfare of the ward to perform his duty;

(ii) receive money and tangible property deliverable to the ward and apply the money and property for support, care, and education of the ward; but he may not use funds from his ward's estate for room and board which he, his spouse, parent, or child have furnished the ward unless a charge for the service is approved by order of the court made upon notice to at least one of the next of kin of the incompetent ward, if notice is possible. He must exercise care to conserve any excess for the ward's needs.

(e) A *full* guardian is required to report the condition of his ward and of the estate which has been subject to his possession or control, as required by the court or court rule.

(f) If a conservator has been appointed, all of the ward's estate received by the *full* guardian in excess of those funds expended to meet current expenses for support, care, and education of the ward must be paid to the conservator for management as provided in this code, and the *full* guardian must account to the conservator for funds expended.

(3) Any *full* guardian of one for whom a conservator also has been appointed shall control the custody and care of the ward. *A limited guardian of a person for whom a conservator has been appointed shall control those aspects of the custody and care of the ward over which he is given authority by the order establishing the limited guardianship. The full guardian or limited guardian* is entitled to receive reasonable sums for his services and for room and board furnished to the ward as agreed upon

HeinOnline -- 1981 vol. I 555 1981

between him and the conservator, provided the amounts agreed upon are reasonable under the circumstances. The *full* guardian *or limited guardian authorized to oversee such aspects of the incapacitated person's care* may request the conservator to expend the ward's estate by payment to third persons or institutions for the ward's care and maintenance.

(4) No full guardian or limited guardian may involuntarily commit for mental health treatment or for treatment of a developmental disability or for observation or evaluation a ward who is himself unwilling or unable to give informed consent to such commitment, except as provided in 72-5-322, unless the procedures for involuntary commitment set forth in Title 53, chapters 20 and 21, are followed. This chapter does not abrogate any of the rights of mentally disabled persons provided for in Title 53, chapters 20 and 21."

Section 12. **Codification instruction.** Sections 1, 2, 5, 6, and 7 are intended to be codified as an integral part of Title 72, chapter 5, part 3, and the provisions of Title 72, chapter 5, part 3, apply to sections 1, 2, 5, 6, and 7.

Approved April 13, 1981.

CHAPTER NO. 345

AN ACT TO AUTHORIZE AND REQUIRE LICENSING BOARDS WITHIN THE DEPARTMENT OF PROFESSIONAL AND OCCUPATIONAL LICENSING TO ESTABLISH FEE SCHEDULES THAT SET FEES REASONABLY COMMENSURATE WITH THE COSTS INCURRED IN ADMINISTERING THE VARIOUS PROGRAM AREAS WITHIN THEIR JURISDICTION; AND AMENDING SECTIONS 37-3-308, 37-3-313, 37-4-303, 37-4-306, 37-4-307, 37-4-403, 37-4-404, 37-4-406, 37-5-302, 37-5-307, 37-6-302 THROUGH 37-6-304, 37-7-302, 37-7-303, 37-7-321, 37-8-406, 37-8-407, 37-8-418, 37-8-431, 37-9-304, 37-10-302, 37-10-307, 37-11-307 THROUGH 37-11-309, 37-12-302, 37-12-305, 37-12-307, 37-12-323, 37-13-302 THROUGH 37-13-306, 37-14-303, 37-14-305, 37-15-307, 37-16-402, 37-16-405, 37-16-407, 37-17-307, 37-18-307, 37-18-403, 37-18-405, 37-19-301, 37-19-303, 37-19-304, 37-19-306, 37-19-403, 37-30-307, 37-30-404, 37-30-423, 37-30-424, 37-31-312, 37-31-322, 37-31-323, 37-32-305, 37-33-302, 37-33-305, 37-33-306, 37-40-303, 37-40-304, 37-51-311, 37-67-303, 37-67-315, AND 37-68-310, MCA.

WHEREAS, most fees set by professional and occupational licensing boards are specified or limited in amount by law; and

WHEREAS, such limitations are not necessarily serving the purpose intended in that the fees are not related to costs incurred and board revenues are insufficient in some cases and excessive in others.

HeinOnline -- 1981 vol. I 556 1981

THEREFORE, it is the intent of this act to authorize and require such licensing boards to set fees reasonably related to the costs of administering the various programs under their jurisdiction.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Licensing boards to establish fees commensurate with costs.** All licensing boards allocated to the department shall set fees reasonably related to the respective program area costs. Unless otherwise provided by law, each board within the department may establish fees including but not limited to fees for program areas such as application, examination, renewal, reciprocity, late renewal, and continuing education. Board costs not related to a specific program area may be equitably distributed to program areas as determined by the board. Each board shall maintain records sufficient to support the fees charged for each program area.

Section 2. Section 37-3-308, MCA, is amended to read:

"37-3-308. Examination and application fees — further tax forbidden. (1) An applicant for a license to practice medicine to be issued on the basis of an examination by the board shall pay an examination fee as set by the board. The board shall set the fee, and it shall be reasonable and commensurate with the costs of the examination and related costs. Such examination fee shall be in addition to the application fee.

(2) All applicants, *including applicants for a temporary license, shall pay an initial application fee as prescribed by the board.*

(3) No license tax shall be imposed upon physicians by a municipality or any other subdivision of the state."

Section 3. Section 37-3-313, MCA, is amended to read:

"37-3-313. Annual registration fees — failure to pay — limiting authority to impose registration fees. (1) In addition to the license fees required of applicants, a licensed physician actively practicing medicine in this state shall pay each year to the department an annual registration fee as prescribed by the board. If a person licensed to practice medicine absents himself from the state for a period of 1 or more years or does not engage in active practice in this state, he may continue his license in good standing by payment each year of a fee prescribed by the board or, at the discretion of the board, he may be reinstated on the payment of a fee *prescribed by the board* for each year of absence or inactive practice.

(2) The annual payments for registration shall be made prior to April 1, and a receipt acknowledging payment of the annual registration fee shall be issued by the department. The department shall mail registration notices at least 60 days before the registration is due.

(3) In case of default in the payment of the annual registration fee by a person licensed to practice medicine who is actively practicing medicine in this state, his underlying certificate to practice medicine may be

HeinOnline -- 1981 vol. I 557 1981

revoked by the board on 30 days' notice given to the delinquent of the time and place of considering the revocation. A registered or certified letter addressed to the last-known address of the person failing to comply with the requirements of annual registration, as the address appears on the records of the department, constitutes sufficient notice of intention to revoke his underlying certificate. No certificate may be revoked for nonpayment if the person authorized to practice medicine, and notified, pays the annual registration fee before or at the time fixed for consideration of revocation, together with a delinquency penalty *prescribed by the board.* The department may collect the dues by an action at law.

(4) No registration or license fee may be imposed on a licensee under this chapter by a municipality or any other subdivision of the state."

Section 4. Section 37-4-303, MCA, is amended to read:

"37-4-303. Certificate to be registered in county where practicing — replacing lost certificate. (1) The certificate under this chapter entitles the holder to practice dentistry in any county in this state if the certificate is first filed for registration and registered in the office of the county clerk and recorder of the county in which the holder desires to practice. This chapter does not permit a holder of a certificate to practice in a county in this state unless the certificate has been first registered in the office of the clerk and recorder of the county. A holder of a certificate may practice in more than one or in any number of counties in this state on having the certificate registered in each of the counties in which the holder desires to practice.

(2) The department shall, on proof satisfactory to the board of the loss of a certificate issued under this chapter, issue a duplicate certificate, and a fee *as prescribed by the board* shall be charged for issuing the certificate."

Section 5. Section 37-4-306, MCA, is amended to read:

"37-4-306. Admission of dentists from other states — reciprocity. (1) A dentist who has been lawfully licensed to practice in another state or territory which has and maintains a standard for the practice of dentistry or dental surgery which in the opinion of the board is equal to that at the time maintained in this state, is a graduate of an accredited 4-year high school or has actual scholastic credits equivalent to a 4-year high school course, is a graduate of a recognized dental school or college, has been lawfully and continuously engaged in the practice of dentistry for 5 years or more immediately before filing his application to practice in this state, and deposits in person with the department an attested certificate from the examining board of the state or territory in which he is registered or licensed, certifying to the fact of his registration and license and of his being a person of good moral character and of professional attainments, may, on the payment of a fee *as prescribed by the board,* and after satisfactory practical examination demonstrating his proficiency, be granted a license to practice dentistry in this state without being required to take an examination in theory.

(2) However, no license may be issued to an applicant without an examination in theory unless the state or territory from which the certificate has been granted to the applicant extends a like privilege to engage

HeinOnline -- 1981 vol. I 558 1981

in the practice of dentistry to dentists licensed by this state who move to the other state. The board may enter into reciprocal relations with similar boards of other states whose laws are practically identical with this chapter."

Section 6. Section 37-4-307, MCA, is amended to read:

"37-4-307. Annual renewal fee — absent registered dentist — default. (1) A licensed dentist practicing within this state shall annually pay to the department before March 1, as a renewal fee for the year, a sum set by the board. Notice of the change in the amount of renewal fees shall be given to each dentist registered in this state by the department.

(2) If a registered dentist absents himself from the state for a period of 1 or more years or does not engage in active practice within this state, he may continue his license in good standing by a payment set by the board each year or at the discretion of the board, he may be reinstated on the payment of a fee *prescribed by the board* for each year's absence. The annual payments shall be made prior to March 1 of each year, and a receipt or certificate shall be issued by the department.

(3) In case of default in payment of the annual renewal fee by a dentist, his license shall be revoked by the board on 30 days' notice given to the delinquent of the time and place of considering the revocation. A registered or certified letter addressed to the last-known address of the party failing to comply with this requirement, as the address appears on the records of the department, constitutes sufficient notice of revocation of license, but no license may be revoked for nonpayment if the dentist notified pays the renewal fee plus a late payment penalty *prescribed by the board* before or at the time fixed for consideration of revocation. The department may maintain in the name of this state a suit to collect renewal fees and penalties applicable and to recover from the delinquent dentist the cost of the action, including reasonable attorneys' fees.

(4) No license fee or tax may be imposed on dentists by a municipality or any other subdivision of the state."

Section 7. Section 37-4-403, MCA, is amended to read:

"37-4-403. Issuance of certificate — fee. An applicant who successfully passes the examination prescribed by the board shall, on the payment of a fee *prescribed by the board*, be granted a license as a dental hygienist and shall be registered in a record kept by the department and shall receive a certificate, signed by the members of the board, in a form prescribed by the board."

Section 8. Section 37-4-404, MCA, is amended to read:

"37-4-404. Admission of dental hygienists from other states — reciprocity. (1) On the payment of a fee *prescribed by the board* and after satisfactory practical examination demonstrating his proficiency, a dental hygienist may be granted a license to practice dental hygiene in this state without being required to take an examination in theory if he:

HeinOnline -- 1981 vol. I 559 1981

(a) has been lawfully licensed to practice in another state or territory which has and maintains a standard for the practice of dental hygiene which, in the opinion of the board, is equal to that at the time maintained in this state;

(b) has been lawfully and continuously engaged in the practice of dental hygiene for a period of 1 year or more immediately before filing his application to practice in this state; and

(c) deposits in person with the department an attested certificate from the examining board of the state or territory in which he is registered or licensed, certifying to the fact of his registration and license and of his being a person of good moral character and of professional attainments.

(2) Except as provided in subsection (3) of this section, no license may be issued without an examination in theory to the applicant unless the state or territory from which the certificate has been granted extends a like privilege to engage in the practice of dental hygiene to dental hygienists licensed by this state who have moved to the other state.

(3) A dental hygienist who has been lawfully licensed to practice in another state or territory not having reciprocity with this state but which has and maintains a standard for the practice of dental hygiene which, in the opinion of the board, is equal to that at the time maintained in this state and who deposits in person with the department an attested certificate from the examining board of the state or territory in which he is registered or licensed, certifying to the fact of his registration and license and his being a person of good moral character and of professional attainment, may, on the payment of a fee *as prescribed by the board*, be granted a temporary license authorizing the person to practice dental hygiene from the time of the granting of the license until the time of the next regular examination for dental hygiene set by the board. No additional fee for the examination may be charged.

(4) The board may enter into reciprocity agreements with other states or territories, the standards of which as to the practice of dental hygiene are, in the opinion of the board, equal to those of this state."

Section 9. Section 37-4-406, MCA, is amended to read:

"37-4-406. Annual renewal fee — revocation of license. (1) Before March 1 of each year, a licensed dental hygienist shall pay to the department a renewal fee set by the board. In default of payment, the board may, after hearing and on 30 days' notice, revoke the license of the hygienist in default; but the payment of the renewal fee on or before the time of hearing, with an additional sum set by the board excuses the default. The department may collect the fee by suit.

(2) The board may likewise revoke or suspend the license of a dental hygienist for violating this chapter."

Section 10. Section 37-5-302, MCA, is amended to read:

"37-5-302. Examination — examination fee. (1) A person commencing the practice of osteopathy in this state, in any of its branches, shall apply to the department for a license to do so, and the applicant, at

HeinOnline -- 1981 vol. I 560 1981

the time and place designated by the board, shall submit to an examination in the following subjects: anatomy, physiology, chemistry, pathology, bacteriology, gynecology, obstetrics, and theory and practice of osteopathy and other subjects taught in well-regulated and recognized schools of osteopathy and considered advisable by the board and shall present evidence of having actually attended, as required in 37-5-301, a legally authorized and regularly conducted school of osteopathy recognized by the board, except as otherwise provided in 37-5-201.

(2) Examination papers on subjects peculiar to osteopathy shall be graded by the department, subject to 37-1-101. The examination shall be scientific and practical, but of sufficient severity to test the candidate's fitness to practice osteopathy.

(3) After examination the department shall issue a license to practice osteopathy in this state to applicants who pass the examination, which license shall be granted by not less than two members of the board, attested by the board's seal.

(4) The fee for the examination and license *shall be prescribed by the board.*"

Section 11. Section 37-5-307, MCA, is amended to read:

"**37-5-307. Renewal fee.** (1) A person holding a certificate to practice under this chapter and who is in active practice in this state shall before April 1 of each year pay a renewal fee *prescribed by the board* to the department, and a person holding a certificate to practice under this chapter who is not in active practice shall before April 1 of each year pay a renewal fee *prescribed by the board* to the department. The department shall before March 15 of each year send a notice to each person holding a valid certificate to practice under this chapter and from whom a fee is due stating that the fee is due.

(2) The certificate to practice under this chapter automatically becomes void when the renewal fee is not paid at the time named. However, the board may reinstate a practitioner whose certificate has lapsed on payment of back renewal fees or on payment of *a maximum fee prescribed by the board* if the lapsed fees exceed *the maximum fee.*"

Section 12. Section 37-6-302, MCA, is amended to read:

"**37-6-302. Qualifications for licensure — exemptions from examination.** (1) Examinations shall be held at places and times the board directs. Persons who wish to begin the practice of podiatry in this state shall make application, on a form authorized by the state board of podiatry examiners and furnished by the department, for a license to practice podiatry. The license may be granted to applicants after they have furnished satisfactory proof of good moral character, of having attained high school graduation or its equivalent, of having at least 4 years or equivalent time in quarter or semester hours of instruction in an accredited college of podiatry recognized as being in good standing by the board and have successfully passed the examination.

(2) A license without written examination may be granted to podiatrists of other states maintaining equal statutory requirements for the

HeinOnline -- 1981 vol. I 561 1981

practice of podiatry and extending the same reciprocal privilege to this state if they have had a valid license and practiced for at least 2 preceding years in that state prior to filing for reciprocal privilege and by payment of *a fee prescribed by the board* to the department.

(3) A license may be granted, at the discretion of the board and upon payment of *a fee prescribed by the board* to the department, if the applicant has successfully completed the national podiatry board examination and after a personal interview by the board."

Section 13. Section 37-6-303, MCA, is amended to read:

"37-6-303. Examination — subjects — fees — reexamination. (1) A person not exempt from examination under 37-6-302 and desiring a license to practice podiatry shall be examined in the following subjects: anatomy, chemistry, dermatology, diagnosis, materia medica, pathology, physiology, therapeutics, clinical and orthopedic podiatry, histology, bacteriology, pharmacy, neurology, surgery (minor), podiatry, foot orthopedica, shoe therapy, physiotherapy, roentgenology, hygiene and sanitation, ethics, and culture, limited in their scope to the treatment of the human foot, and, if qualified, shall receive a license. The minimum requirements for a license are a general average of 75% in all the subjects involved and not less than 50% in any one subject.

(2) An examination and license fee *prescribed by the board* shall be paid to the department.

(3) An applicant failing the examination and being refused a license is entitled within 6 months of the refusal to a reexamination, but one reexamination exhausts his privilege under the original examination."

Section 14. Section 37-6-304, MCA, is amended to read:

"37-6-304. Designations on license — recording — annual renewal fee — display. (1) A license issued under this chapter shall be designated as a "registered podiatrist's license" and may not contain any abbreviations thereof or any other designation or title, except that a statement of limitation shall be contained in the license referring to the licensee as a "registered podiatrist—practice limited to the foot" so as not to mislead the public with respect to his right to treat other portions of the body.

(2) Licenses shall be recorded by the department the same as other medical licenses. The person receiving the license shall have it recorded in the office of the county clerk in the county in which he resides, and the record shall be endorsed on it. If the person licensed moves to another county to practice, he shall record the license in the same manner in the county into which he moves, and the county clerk is entitled to charge and receive the usual fee for making this record.

(3) A license renewal fee set by the board shall be paid annually on July 1 of each year, and if not paid within 3 months, the license shall be revoked and may be reissued only on original application and payment of *an additional fee prescribed by the board.*

HeinOnline -- 1981 vol. I 562 1981

(4) Licenses shall be conspicuously displayed by podiatrists at their offices or other places of practice."

Section 15. Section 37-7-302, MCA, is amended to read:

"37-7-302. Examination — qualifications — fees — reciprocity. (1) The department shall give reasonable notice of examinations by mail to known applicants. The department shall record the names of persons examined, together with the grounds on which the right of each to examination was claimed, and also the names of persons registered by examination or otherwise.

(2) The fee for an examination shall be set by the board at a figure commensurate with costs, which fee may in the discretion of the board be returned to applicants not taking the examination. On again making payment of the fee, an applicant who fails is entitled to take the next succeeding examination free of charge.

(3) The fee for registration by reciprocity *shall be prescribed by the board.*

(4) To be entitled to examination as a pharmacist, the applicant shall be a citizen of the United States, of good moral character, and a graduate of the school of pharmacy of the university of Montana or of a college or school of pharmacy recognized and approved by or a member of the American association of colleges of pharmacy; but the applicant may not receive a registered pharmacist's license until he has complied with the internship requirements established by the board. During this period, if the applicant has passed the examination, he shall be licensed as an intern only.

(5) The board may in its discretion authorize the department to grant registration without examination to a pharmacist licensed by a board of pharmacy or a similar board of another state which accords similar recognition to licensees of this state if the requirements for registration in the other state are, in the opinion of the board, equivalent to the requirements of this chapter.

(6) Every person licensed and registered under this chapter shall receive from the department an appropriate certificate attesting the fact, which shall be conspicuously displayed at all times in his place of business. If the holder is entitled to manage or conduct a pharmacy in this state for himself or another, the fact shall be set forth in the certificate."

Section 16. Section 37-7-303, MCA, is amended to read:

"37-7-303. Annual renewal fee. (1) A person licensed and registered by the department shall annually pay to the department before June 30 a renewal of registration fee *prescribed by the board.* A default in the payment of a renewal fee for a period of 30 days after the date it is due increases the renewal fee *as prescribed by the board.* It is unlawful for a person who refuses or fails to pay the renewal fee to practice pharmacy in this state. A certificate and renewal expires at the time prescribed, not later than 1 year from its date. A defaulter in a renewal fee may be reinstated within 1 year of the default without examination on payment of the arrears and compliance with the continuing education provisions of this chapter.

HeinOnline -- 1981 vol. I 563 1981

(2) The board may charge an additional fee for such license renewal to be used in administering the continuing education provisions of this chapter."

Section 17. Section 37-7-321, MCA, is amended to read:

"37-7-321. Store license — certified pharmacy license — suspension or revocation. (1) The department shall, on application on forms prescribed by the board and on the payment of an annual fee *prescribed by the board*, license stores other than pharmacies in which are sold ordinary household or medicinal drugs prepared in sealed packages or bottles by a manufacturer qualified under the laws of the state in which the manufacturer resides. The name and address of the manufacturer shall appear conspicuously on each package sold by the licensee. It is unlawful for a store to sell, deliver, or give away household medicinal drugs without first having secured a license and thereafter keeping it in force by proper renewal. This subsection does not prevent a vendor from selling a patent or proprietary medicine in the original package when plainly labeled or nonmedical articles usually sold by vendors.

(2) The board shall provide for the original certification and annual renewal by the department of every pharmacy doing business in this state. On presentation of evidence satisfactory to the board and on application on a form prescribed by the board and on the payment of an original certification fee *prescribed by the board*, the department shall issue a license to a pharmacy as a certified pharmacy. However, the license may be granted only to pharmacies operated by registered pharmacists or registered interns qualified under this chapter. The annual renewal fee for a pharmacy shall be set by the board. Any default in the payment of such renewal fee for a period of 30 days after the date the same is due shall increase the renewal fee *as prescribed by the board*. The license must be displayed in a conspicuous place in the pharmacy for which it is issued and expires on June 30 following the date of issue. It is unlawful for a person to conduct a pharmacy, use the word "pharmacy" to identify his business, or use the word "pharmacy" in advertising unless a license has been issued and is in effect.

(3) The board may suspend, revoke, or refuse to renew a store or pharmacy license:

(a) obtained by false representation or fraud;

(b) when the pharmacy for which the license is issued is kept open for the transaction of business without a pharmacist in charge;

(c) when the person to whom the license is granted has been convicted of:

(i) a violation of parts 1 through 3 of this chapter;

(ii) a felony; or

(iii) a violation of the Federal Food, Drug, and Cosmetic Act of June 25, 1938, (52 Stats. 1040 through 1059);

(d) when the person to whom the license is granted is a natural person whose pharmacist or intern license has been revoked; or

HeinOnline -- 1981 vol. I 564 1981

(e) when the store or pharmacy is conducted in violation of parts 1 through 3 of this chapter.

(4) Before a license can be revoked, the holder is entitled to a hearing by the board."

Section 18. Section 37-8-406, MCA, is amended to read:

"37-8-406. Professional nursing — examination — fee. An applicant for a license to practice professional nursing is required to pass a written examination in subjects the board, acting under the professional nursing administration, determines. A written examination may be supplemented by an oral or practical examination. On successfully passing the examination, the department shall issue to the applicant a license to practice nursing as a registered professional nurse. The applicant shall pay a fee *prescribed by the board* at the time the application is submitted, which shall be returned to the applicant if the application is withdrawn not later than 5 days prior to the date of examination or if the examination is not taken, subject to deduction by the department of *an amount prescribed by the board* per subject of the examination which shall be retained by the department."

Section 19. Section 37-8-407, MCA, is amended to read:

"37-8-407. Reciprocity — professional nursing. (1) The board—professional nursing administration may issue without examination a license to practice nursing as a registered professional nurse to an applicant who has been licensed or registered as a professional nurse under the laws of another state or territory if in the opinion of the board the applicant meets the qualifications required of registered nurses in this state at the time the applicant graduated from a school of nursing. The applicant shall pay a fee *prescribed by the board* at the time the application is submitted, which shall be returned to the applicant if the application is withdrawn not later than 5 days prior to final submission of the application to the board, subject to deduction of *an amount prescribed by the board* to be retained by the department.

(2) An applicant may, pending licensure as a professional nurse under subsection (1) of this section, practice professional nursing as an employee of a health care agency for a period not longer than 3 months from the date the department acknowledges receiving from the nurse a completed statement, on a form provided by the department, of intention to practice. The statement shall consist of an affidavit by the nurse and an affidavit by the employer where the nurse intends to practice professional nursing. The affidavit of the nurse and the affidavit of the employer shall contain the information deemed by the board necessary for the statement.

(3) Subsection (2) does not permit the nurse to practice for more than a 3-month period or in any event after being notified by the board through the department that the application for a license has been denied or in all cases after being notified by the board through the department to cease and desist this practice. Notice shall be given by registered or certified mail to the address of the applicant as it appears in the statement of the applicant."

HeinOnline -- 1981 vol. I 565 1981

Section 20. Section 37-8-418, MCA, is amended to read:

"37-8-418. Licensed practical nursing — application fee. An applicant for a license to practice as a licensed practical nurse shall pay a fee *prescribed by the board* to the department at the time the application is submitted, which fee shall be returned to the applicant if the application is withdrawn not later than 5 days prior to the date of examination or the final submission to the board of application for endorsement without examination, subject to a deduction of *an amount prescribed by the board* to be retained by the department."

Section 21. Section 37-8-431, MCA, is amended to read:

"37-8-431. Renewal of license. (1) The license of a person licensed under this chapter must be annually renewed. Before December 1 of each year, the department shall mail an application form for renewal of license to every person to whom a license was issued or renewed during the year. The applicant shall carefully complete and subscribe the application form and return it to the department with a renewal fee *prescribed by the board* before January 1.

(2) The board may increase or decrease the annual license fee so as to maintain in the earmarked revenue fund at all times an adequate amount to be used for the purpose of administering, policing, and enforcing the provisions of this chapter. On receipt of the application and fee, the department shall verify the accuracy of the application against its record and from other sources the board considers reliable and issue to the applicant a certificate of renewal for the current year beginning January 1 and expiring December 31 following. The certificate of renewal renders the holder a legal practitioner of nursing for the period stated in the certificate of renewal.

(3) A licensee who allows his license to lapse by failing to renew the license may be reinstated by the board on satisfactory explanation for the failure to renew license and on payment of the current renewal fee prescribed by the board.

(4) A person practicing nursing during the time following the date his license has expired is an illegal practitioner and is subject to the penalties provided for violations of this chapter."

Section 22. Section 37-9-304, MCA, is amended to read:

"37-9-304. Fees. (1) Each person who applies for licensure, whether by waiver, examination, or reciprocation, shall be required to pay a fee *prescribed by the board* at the time of application.

(2) Each person licensed as a nursing home administrator shall be required to pay a license fee in an amount to be fixed by the board. A license shall expire on December 31 in the year for which it is issued and shall be renewable annually upon timely payment of the license fee.

(3) Each person registered as an inactive nursing home administrator shall be required to pay a registration fee in the amount *fixed by the board*. An inactive registration shall expire on December 31 in the year for

HeinOnline -- 1981 vol. I 566 1981

which it is issued and shall be renewable annually upon timely payment of the inactive registration fee.

(4) The fee for issuing a duplicate license shall be *fixed by the board.*"

Section 23. Section 37-10-302, MCA, is amended to read:

"37-10-302. Examination — qualifications — application — issuance of certificate. (1) The board shall adopt rules relative to and governing the qualifications of applicants for certificates of registration as optometrists. If the applicant does not meet the requirements of the rules, he is not eligible to take an examination to practice optometry in this state. If the applicant meets the requirements of the rules, he must pass an examination given by the department, subject to 37-1-101. Examinations shall be practical in character and designed to ascertain the applicant's fitness to practice the profession of optometry and shall be conducted in the English language. The department shall publish and distribute the examination requirements for a certificate to practice optometry in this state. The board may accept the grades an applicant has received in the written examinations given by the national board of examiners in optometry.

(2) No person is eligible to take the examination unless he is 18 years of age, a citizen of the United States, and of good moral character.

(3) No person is eligible to take the examination unless he has certificates of graduation from an accredited high school and from a school of optometry in which the practice and science of optometry is taught in a course of study covering 8 semesters or 4 years of actual attendance and which is accredited by the international association of boards of examiners in optometry. Instead of the certificates of graduation, an applicant for examination may, with like effect, furnish an affidavit that he has practiced optometry exclusively for a period of at least 6 years in some other state or states.

(4) A person desiring to be examined in optometry shall file an application, in the manner prescribed by the board, at least 4 weeks before the examination is held, and a fee *prescribed by the board* shall accompany the application.

(5) A person successfully passing the examination shall be registered in a register which shall be kept by the department, and on the payment of a fee *prescribed by the board* shall receive a certificate of registration signed by the members of the board."

Section 24. Section 37-10-307, MCA, is amended to read:

"37-10-307. Annual renewal — fee. A registered optometrist who desires to continue the practice of optometry in this state shall annually before July 2 of each year pay to the department a renewal fee *prescribed by the board* in return for which a renewal of registration shall be issued. If a person fails or neglects to procure his annual renewal of registration, his certificate of registration shall be revoked by the board; however, no certificate of registration may be revoked without 90 days' notice having

HeinOnline -- 1981 vol. I 567 1981

been given to the delinquent, who within this period may renew his certificate of registration on the payment of the renewal fee with a penalty *prescribed by the board.*"

Section 25. Section 37-11-307, MCA, is amended to read:

"37-11-307. Applicants licensed in other states. The board may, in its discretion, authorize the department to license as a physical therapist, without examination, on the payment of the required fee as established by the board, an applicant for license who is a physical therapist licensed under the laws of another state or territory if the requirements for a license for physical therapists in the state or territory in which the applicant was licensed were at the date of his license substantially equal to the requirements in force in this state. However, the board may require a written, oral, or practical examination."

Section 26. Section 37-11-308, MCA, is amended to read:

"37-11-308. Annual renewal of license — fee. A licensed physical therapist shall, during January, apply to the department for a renewal of his license and pay a fee which shall be set by board rule. A license that is not renewed before April every year automatically lapses. The board may, in its discretion, revive and renew a lapsed license on the payment of all past unpaid renewal fees or a late renewal fee."

Section 27. Section 37-11-309, MCA, is amended to read:

"37-11-309. Temporary license. (1) On payment to the department of a fee which shall be set by board rule and the submission of a written application on forms provided by it, the department shall issue, without examination, a temporary license to practice physical therapy in this state for a period not to exceed 1 year to a person who meets the qualifications set forth in 37-11-303, on submission by the person of evidence satisfactory to the board that he is in this state on a temporary basis to assist in a case of medical emergency or to engage in a special physical therapy project.

(2) On the submission of a written application on forms provided by it, the department shall issue a temporary license to a person who has applied for a license under this chapter and who is, in the judgment of the board, eligible to take the examination provided for in 37-11-303. This temporary license is available to an applicant only with respect to his first application for a license under 37-11-307, or to a foreign-trained physical therapist, and the license expires when the board makes a final determination with respect to the application."

(2) On or before December 1 of each calendar year, the secretary of the board shall notify each licensee by letter, addressed to his last place of residence as the same appears on the records of the board, that his license will expire on December 31 following the date of notice unless application for renewal, accompanied by the annual renewal fee, is received by the board on or prior to that date.

(3) Immediately following December 31 of each calendar year, the secretary shall notify all licensees from whom requests for renewal, accompanied by the renewal fee, have not been received that their licenses have expired and that they will be cancelled and revoked upon the records of the board unless a request for renewal and reinstatement, accompanied by the renewal fee and an additional fee *prescribed by the board*, shall be in the hands of the secretary prior to February 1 following the expiration date.

(4) Immediately following February 1 of each calendar year, the secretary of the board shall cancel and revoke upon its records all licenses which have not been renewed or reinstated as provided by this chapter and shall notify the licensees whose licenses are so revoked of such action.

"37-16-405. Temporary license. (1) An applicant who fulfills the requirements of 37-16-402 and who has not previously applied to take the examination under 37-16-403 may apply to the department for a temporary license.

(2) On receiving an application under subsection (1) of this section, accompanied by a fee *prescribed by the board*, the department shall issue a temporary license which entitles the applicant to practice the fitting and dispensing of hearing aids for a period ending 30 days after the conclusion of the next examination given after the date of issue.

(3) No temporary license may be issued by the department unless the applicant shows to the satisfaction of the board that he is or will be supervised and trained by a person who holds a valid license issued under this chapter.

(4) If a person who holds a temporary license does not take the next examination given after the date of issue, the temporary license may not be renewed except for a good cause shown to the satisfaction of the board.

HeinOnline -- 1981 vol. I 572 1981

(5) If a person who holds a temporary license takes and fails to pass the next examination given after the date of issue, the board may authorize the department to renew the temporary license for a period ending 30 days after the results of the next examination given after the dates of renewal are announced. In no event may more than two renewals be permitted. The fee for renewal *shall be prescribed by the board.*"

Section 42. Section 37-16-407, MCA, is amended to read:

"**37-16-407. Renewal of license — fee.** A person who practices the fitting of hearing aids shall annually pay to the department a fee as set by the board for a renewal of his license. The fee shall be increased 10% for each month or major portion thereof that the payment of the renewal fee is delayed after the expiration date. The maximum fee for a delayed renewal shall not exceed twice the normal renewal fee as set by the board. A person applying for renewal whose license was suspended for failure to renew is not required to submit to an examination as a condition of renewal for a 3-year period after suspension."

Section 43. Section 37-17-307, MCA, is amended to read:

"**37-17-307. Fees — deposit of fees.** (1) The department shall collect the following fees, none of which is refundable:

(a) application fee;

(b) examination fee, an amount commensurate with the charge of the professional examination service and administrative costs of the department and as set by the board;

(c) certificate fee;

(d) renewal fee.

(2) Renewal certificates shall be secured annually and dated January 2.

(3) Fees received by the department shall be deposited in the earmarked revenue fund for the use of the board, subject to 37-1-101(6)."

Section 44. Section 37-18-307, MCA, is amended to read:

"**37-18-307. Renewal — fee — continuing education — automatic renewal for military personnel.** (1) A person licensed to practice veterinary medicine in this state shall procure from the department before July 1 annually his certificate of registration. The certificate shall be issued by the department on the payment of a fee to be fixed annually by the board and the presentation of evidence satisfactory to the board that the licensee, in the year preceding the application for renewal, attended an educational program approved by the board. However, the board may authorize the department to issue renewals, but not consecutive renewals, on a showing satisfactory to the board that attendance at the educational programs was unavoidably prevented; and new licensees who secure licenses by examination during the 6 months preceding July 1 shall be granted renewals without attending the educational programs. The certificate is prima facie evidence of the right of the holder to practice veterinary medicine in this state during the time for which it is issued.

HeinOnline -- 1981 vol. I 573 1981

(2) Failure of a person licensed to procure a certificate of registration before July 1, annually, constitutes a forfeiture of the license held by the person. A person who has thus forfeited his license may have it restored to him by making written application for restoration within 1 year of the forfeiture, setting forth the reasons for failure to procure the certificate of registration at the time specified and accompanied by payment of the registration fee provided for in this section and an additional restoration fee as the board requires and by presentation of evidence satisfactory to the board that he has fulfilled the continuing educational requirements of all licensees recited above. The person making application for restoration of license within 1 year of its forfeiture is not required to submit to examination.

(3) Notwithstanding any other provisions in this chapter, a person licensed who enters or is called to active duty by a branch of the armed services of the United States is entitled to receive automatic registration of his license during the period of his duty with the armed services. However, within 1 year after release or discharge from duty in the armed services he shall procure a certificate of renewal from the department and pay the regular fee. Failure to procure the certificate of renewal within 1 year after release or discharge is the equivalent of a failure to procure a certificate of registration before July 1 of any year, and the same forfeiture and restoration requirements apply.

(4) A person licensed shall at all times have his residence and office address on file with the department."

Section 45. Section 37-18-403, MCA, is amended to read:

"37-18-403. Licensure without examination. A person who can produce satisfactory evidence that he has been employed as a veterinary technician in the office of a regularly licensed veterinarian in the state of Montana for 2 or more years prior to March 25, 1975, may, upon payment of a fee *prescribed by the board*, be granted a certificate to practice by the board of veterinarians; provided that if the board in its discretion finds that animal health and the public interest so require, the board may require the applicant to pass a practical examination in veterinary technology. A certificate must be secured before such person may continue practice as a veterinary technician."

Section 46. Section 37-18-405, MCA, is amended to read:

"37-18-405. Renewal — board to be kept informed of employer. (1) Each licensed veterinary technician shall annually on or before July 1 procure from the board a certificate of annual registration. The fee for annual registration shall be fixed by the board. Failure of a licensee to procure a certificate of registration on or before July 1 shall constitute a forfeiture of the license.

(2) Each licensed veterinary technician shall keep the board informed of his address, the name and address of the licensed veterinarian or of the state department which is his employer, and such other information as the board may by rule require."

Section 47. Section 37-19-301, MCA, is amended to read:

HeinOnline -- 1981 vol. I 574 1981

"37-19-301. Funeral director's license — renewal — fee. The practice of funeral directing by anyone who does not hold a funeral director's license or a mortician's license issued by the department is prohibited. A person licensed to practice funeral directing on June 1, 1963, is entitled to an annual renewal of his license on payment of a renewal fee to the department on July 1 of each year. The amount of the annual renewal license fee shall be set by the board. A funeral director's license may not be issued to a person who is not licensed by the board of embalmers and funeral directors to practice funeral directing on June 1, 1963."

Section 48. Section 37-19-303, MCA, is amended to read:

"37-19-303. Mortician's license — application fee. A person possessing the necessary qualifications may apply to the department for a license and on payment of an application fee, as set by the board, may take the examination prescribed by the board. The examination shall be held on the second Wednesday of July each year in Helena and at such other times and places as the board considers necessary."

Section 49. Section 37-19-304, MCA, is amended to read:

"37-19-304. Issuance of intern's license — license fee — issuance of mortician's license on completion of internship. An applicant who passes the examination, upon payment of a license fee *prescribed by the board*, shall be granted an intern mortician's license to practice mortuary science under the supervision of a mortician in a licensed mortuary in Montana and, upon completion of 1 year's internship and payment of the annual license fee, may apply for and receive a mortician's license."

Section 50. Section 37-19-306, MCA, is amended to read:

"37-19-306. Annual renewal of mortician's license — fee — suspension for nonrenewal. (1) The annual license fee for a mortician's license must be postmarked before July 1 of the assessment year. The amount of the annual renewal fee shall be set by the board.

(2) Failure to pay the annual renewal fee results in automatic suspension of the license. The license may be reinstated by the payment of unpaid renewal fees plus a penalty *prescribed by the board.*"

Section 51. Section 37-19-403, MCA, is amended to read:

"37-19-403. Power of board to set standards — inspection. (1) The board may adopt rules prescribing reasonable standards for operating mortuaries, including minimum requirements for drainage, ventilation, and instruments, and may inspect the premises of a mortuary establishment to determine if such rules are complied with. Such inspection or inspections shall be made at the discretion of the board and may be without notice.

(2) The board may charge the operator an inspection fee to be set at the discretion of the board."

Section 52. Section 37-30-307, MCA, is amended to read:

"37-30-307. Fees — handicapped persons exempted — other fees prohibited. (1) The fee to be paid by an apprentice for an apprentice examination and an apprentice card *shall be prescribed by the board.*

HeinOnline -- 1981 vol. I 575 1981

(2) The fee to be paid by an applicant for an examination to determine his fitness to receive a certificate of registration to practice barbering and for the issuance of the certificate *shall be prescribed by the board.*

(3) A person registered as a barber or barber apprentice shall, before July 1 of each year, pay a license fee, set by the board based on clerical and administrative costs, for the renewal of his certificate of registration. If a barber fails to have the certificate renewed before July 1 of each year, the barber shall on renewal of the certificate of registration pay a penalty *prescribed by the board* in addition to the regular renewal fee. If a certificate of registration is not renewed within 1 year after the date of expiration, the barber is not entitled to have the certificate of registration renewed or a new certificate of registration issued without first applying for and taking the examination and paying the fees provided for in this section.

(4) However, physically handicapped persons trained for the barber profession by the department of social and rehabilitation services and certified by that department as having successfully completed a 9-month course in a reputable barber college are not required to pay fees and are for a period of 1 year immediately following their training exempt from all except the sanitary provisions of this chapter.

(5) No other or additional license or fee may be imposed on barbers or barber apprentices by a municipality or other subdivision of this state."

Section 53. Section 37-30-404, MCA, is amended to read:

"37-30-404. Barber schools — operator — license fee — patrons. (1) A barber school or college operating in this state must have in charge a person who has had 10 years' continuous experience as a barber.

(2) The owner of the school or college shall first secure a permit to operate granted by the board and issued by the department, on payment of an annual license fee *prescribed by the board*, and shall keep the permit prominently displayed.

(3) The owner shall, before commencing business, file with the secretary of state a bond to this state, which shall be approved by the attorney general, in the sum of $2,000, conditioned on the faithful compliance of the barber school or college with this chapter and the payment of judgments that may be obtained against the school, college, or owner on account of fraud, misrepresentation, or deceit practiced by them or by their agents.

(4) Barber schools or barber colleges may not charge patrons for barbering services and materials rendered.

(5) All barber schools or colleges shall keep prominently displayed a substantial sign as a barber school or barber college.

(6) On receiving students, all barber schools or colleges shall immediately apply to the department for student permits on blank forms prescribed by the board."

Section 54. Section 37-30-423, MCA, is amended to read:

HeinOnline -- 1981 vol. I 576 1981

"37-30-423. Initial inspection fee — renewal. (1) In addition to the fees and charges provided by law on March 11, 1939, barbershops established prior to that date and which had been under the inspection of the board shall pay an annual license fee set by the board based on clerical and administrative costs. Barbershops established after March 11, 1939, shall pay an initial inspection fee *prescribed by the board* for the first year or portion thereof and shall pay an annual license fee set by the board.

(2) Barbershop, school, or college licenses expire on July 1 of each year following the issuance of the license, and an owner or manager of a barbershop, school, or college which continues in active operation shall annually, before July 1, renew his barbershop, school, or college license and pay the required fee. A barbershop which fails to have the license renewed before July 1 of each year shall, on renewal, pay a penalty *prescribed by the board*, and a barber school or college which fails to have the license renewed before July 1 of each year shall, on renewal, pay a penalty *prescribed by the board.*"

Section 55. Section 37-30-424, MCA, is amended to read:

"37-30-424. Fee for advanced barber training program, clinic, or seminar. Any person conducting in this state any advanced barber training program, clinic, or seminar for barbers as defined in this chapter shall pay an annual license fee *prescribed by the board* to the department or a 10-day license fee *prescribed by the board* and display the license while operating. Any such advanced barber training program, clinic, or seminar may be inspected by the department at reasonable times during operation."

Section 56. Section 37-31-312, MCA, is amended to read:

"37-31-312. Inspection. (1) The department shall appoint one or more inspectors who are licensed to practice under this chapter, each of whom shall devote his time to inspecting beauty parlors and performing other duties as the department may direct. The inspectors may enter a beauty parlor or school of cosmetology during business hours for the purpose of inspection, and the refusal of a licensee to permit the inspection during business hours is cause for revocation of the license.

(2) Upon application for a license, any cosmetological establishment must pay an initial inspection fee *prescribed by the board.*

(3) The board may authorize the department to grant to a cosmetological establishment, upon payment of the initial inspection fee, a temporary permit authorizing the cosmetological establishment to operate for a period of not to exceed 90 days or until the inspector is able to make the inspection, whichever event occurs first. This temporary permit is not renewable."

Section 57. Section 37-31-322, MCA, is amended to read:

"37-31-322. Renewal — continuing education — delinquency fee. (1) Licenses and certificates may be issued for no longer than 1 year unless otherwise provided by rule. Licenses and certificates expire on December 31 unless otherwise provided by rule or renewed for the next

HeinOnline -- 1981 vol. I 577 1981

year or renewal period. Licenses and certificates may be renewed by application made prior to December 31 of each year, unless otherwise provided, and the payment of a required renewal fee. Expired licenses and certificates may be renewed under rules made by the board, but the right to renew an expired license or certificate terminates after 10 years of nonpayment. The board may provide by rule for a change in the renewal date and renewal period for the manager-operator and salon owner category. The renewal fee may not exceed twice the fee for a 2-year renewal or three times the fee for a 3-year renewal and shall be as set by the board.

(2) In addition to the foregoing requirements for renewal, persons applying for the renewal of teachers' licenses must have fulfilled the following additional requirements:

(a) During each year, an active teacher, either full-time or part-time, must have successfully completed 30 hours' professional teacher training at a school approved by the board.

(b) A person holding a teacher's license but not actively engaged either full-time or part-time in teaching cosmetology during the preceding year may renew the license by paying the required fee. A person holding a teacher's license but not actively engaged in teaching cosmetology either full-time or part-time for the preceding year or longer and wishing to resume active teaching of cosmetology must successfully complete 30 hours' professional teacher training at a school approved by the board before resuming active teaching. However, the foregoing provisions do not prevent the board, under rules it adopts, from permitting a person holding a teacher's license and not actively engaged either full-time or part-time in teaching cosmetology from teaching as a substitute for an active teacher.

(3) A fee *prescribed by the board* shall be charged, in addition to other fees fixed by law, for renewal applications of licenses and certificates made after December 31 of each year or other predetermined renewal deadline. The department shall notify license and certificate holders of the expiration date of licenses and certificates not less than 30 days before the expiration date and call attention to the penalty imposed for failure to renew a license or certificate by the date of expiration."

Section 58. Section 37-31-323, MCA, is amended to read:

"37-31-323. Fees. (1) Fees for licenses and certificates of registration shall be paid to the department *in* amounts prescribed by the board.

Section 59. Section 37-32-305, MCA, is amended to read:

"37-32-305. Fees — renewal — deposit of moneys collected. (1) The fee for an original electrologist license shall *be* set by the board. The renewal shall be automatic, unless revoked or suspended for cause, and the renewal fee shall be set by the board.

HeinOnline -- 1981 vol. I 578 1981

(2) The fee for an original electrologist salon license shall be the same as that for cosmetology salons. The renewal fee shall be the same as that for cosmetology salons.

(3) All licenses issued under this chapter expire on December 31 and shall be renewed annually. Failure to renew on or before December 31 shall cause a late renewal fee *prescribed by the board* to be added to the regular renewal fee. The right to renew by payment of the late renewal fee expires after 3 years of nonpayment.

(4) All fees or moneys collected by the department under this chapter shall be deposited in the earmarked revenue fund for the use of the board in administration of the chapter."

Section 60. Section 37-33-302, MCA, is amended to read:

"37-33-302. Application — qualifications — fee. (1) A person wishing to engage in the occupation of a massage therapist in this state shall make application to the department on the form and in the manner prescribed by the board at least 15 days prior to a meeting of the board. Each applicant shall hold a diploma or credentials issued by a recognized, approved school of massage therapy certifying not less than 1,000 hours of study satisfactory to the school. Application shall be in writing and sworn to by some officer authorized to administer oaths and shall recite the history of the applicant's educational qualifications, how long he has studied massage therapy, from what school he holds a certificate, and the length of time he has engaged in the occupation of massage therapy, accompanying this with proof by a diploma or certificate and with satisfactory evidence of good character and reputation.

(2) There shall be paid to the department by an applicant for a license a fee *prescribed by the board* which shall accompany the application. An applicant failing to pass the requirements is entitled, within 6 months, to a reexamination on payment of an additional fee *prescribed by the board* but on a third failure may not reapply for a period of 1 year."

Section 61. Section 37-33-305, MCA, is amended to read:

"37-33-305. Admission of licensees from other states. Upon payment of the fee *prescribed by the board* as herein provided, persons licensed to engage in the occupation of massage therapist under the laws of any other state having equal requirements to this chapter may, in the discretion of the board, be issued a license to engage in the occupation of massage therapist in this state without examination."

Section 62. Section 37-33-306, MCA, is amended to read:

"37-33-306. Renewal. (1) A license expires on December 31 of each year and shall be renewed then or thereafter, by the department, on payment of a renewal fee as set by the board.

(2) Any licensee who fails to renew on or before December 31 of each year shall be required to pay, in addition to the renewal fee, a late renewal fee in an amount *prescribed by the board.* Failure to renew within 30 days following December 31 shall be cause for suspension or revocation of the license."

HeinOnline -- 1981 vol. I 579 1981

Section 63. Section 37-40-303, MCA, is amended to read:

"37-40-303. Licensing sanitarians from other states. The department shall issue a license without examination to a person who applies to the department, pays a fee *prescribed by the board*, and submits satisfactory proof to the board that:

(1) he is of good moral character; and

(2) he is registered or licensed as a sanitarian in a state which has requirements comparable to those in this state."

Section 64. Section 37-40-304, MCA, is amended to read:

"37-40-304. Fees — renewal. (1) An applicant for a license shall pay a fee set by the board in an amount commensurate with examination and administrative costs.

(2) A registered sanitarian may renew his license by paying an annual fee set by the board.

(3) Renewal fees are due July 1 of the renewal year. If the renewal fee is not paid, the license expires. Licenses which have lapsed for failure to pay renewal fees may be reissued under rules adopted by the board."

Section 65. Section 37-51-311, MCA, is amended to read:

"37-51-311. Fees — deposit of fees. (1) The fees *prescribed by the board* shall be charged by the department and paid into the earmarked revenue fund for the use of the board, subject to 37-1-101(6).

(2) The board shall charge *an* annual fee from a licensee who wishes to be placed in an inactive status. A licensee who is placed in an inactive status by the board and who has paid the required fee need not file a bond with the department as provided in 37-51-304.

(3) The board shall adopt a schedule of fees. However, a fee once set for one of the items for which a fee is charged cannot be increased or decreased until at least 1 year has passed since the fee for that particular item was last increased or decreased."

Section 66. Section 37-67-303, MCA, is amended to read:

"37-67-303. Application — contents — fees. (1) Applications for registration shall be on forms prescribed by the board and furnished by the department, shall contain statements made under oath showing the applicant's education and a detailed summary of his technical work, and shall contain not less than five references, of whom three or more shall be engineers or land surveyors having personal knowledge of his engineering or land surveying experience.

(2) The fee for engineer-in-training is as prescribed by the board *and* shall accompany the application and shall include the cost of one examination. No additional fee is required for issuance of a certificate.

(3) The application fee for registration as a professional engineer is as prescribed by the board for those holding an engineer-in-training certificate validated for Montana. For those holding a valid engineer-in-training

HeinOnline -- 1981 vol. I 580 1981

certificate from some other state, the application fee is as prescribed by the board which includes cost of transfer of engineer-in-training certification and one examination. Upon approval of application for registration as a professional engineer, an additional fee equal to the existing renewal fee must be paid before issuance of a certificate as a professional engineer.

(4) The department, subject to approval by the board, may, on application and payment of a fee as prescribed by the board issue a certificate of registration as a professional engineer to a person who holds a certificate of qualification or registration issued to him by the committee on national engineering certification of the national council of engineering examiners or by a state, territory, or possession of the United States or by another country if the applicant's qualifications meet the requirements of this chapter and the rules of the board.

(5) The fee for land surveyor-in-training is as prescribed by the board which shall accompany the application and shall include the cost of one examination. No additional fee is required for issuance of a certificate.

(6) The application fee for registration as a land surveyor is as prescribed by the board for those holding a land surveyor-in-training certificate validated in Montana. For those holding a valid land surveyor-in-training certificate from some other state, the application fee is as prescribed by the board which includes cost of transfer of the certification. No additional fee is required for issuance of a certificate. Upon approval of application for registration as a land surveyor, an additional fee equal to the existing renewal fee must be paid before issuance of a certificate as a land surveyor.

(7) The application fee for registration as both a professional engineer and land surveyor is as prescribed by the board for those holding engineer-in-training and land surveyor-in-training certificates validated in Montana. For those holding valid engineer-in-training and land surveyor-in-training certificates from another state, the application fee is as prescribed by the board. The fee shall accompany the application. Upon approval of application for registration as a professional engineer and land surveyor, an additional fee equal to the existing renewal fee must be paid before issuance of a certificate.

(8) If the board denies issuance of a certificate of registration to any applicant, the initial fee deposited shall be retained as an application fee."

Section 67. Section 37-67-315, MCA, is amended to read:

"37-67-315. Annual renewal — fee — verification of competency. (1) Certificates of registration expire on December 31 of the appropriate year and become invalid on that date unless renewed. The department shall notify every person registered under this chapter of the date of the expiration of his certificate and the amount of the fee required for its renewal for 2 years. This notice shall be mailed at least 1 month in advance of the date of the expiration of the certificate. Renewal may be made during the month of December of the appropriate year by the payment of a fee as set by the board for either a professional engineer or land surveyor, or both.

HeinOnline -- 1981 vol. I 581 1981

(2) No certificate may be renewed unless the registrant submits a verified statement to the effect and the board is satisfied that he has maintained competency by:

(a) the continued practice of engineering or land surveying; or

(b) engaging in other activities that provide for the maintenance of competency as prescribed by board rule.

(3) Failure on the part of a registrant to renew his certificate biennially in the month of December of the appropriate year does not deprive him of the right of renewal; however, a registrant who fails to pay the renewal fee for an additional renewal period shall be considered a new applicant and is required to submit a new application."

Section 68. Section 37-68-310, MCA, is amended to read:

"37-68-310. Annual renewal. Licenses of residential electricians, journeyman electricians, or master electricians, unless they have been suspended or revoked by the board, shall be renewed for a period of 1 year by the department on application for renewal made to the department prior to July 15 of the year in which the prior license expired and on the payment of an annual renewal fee. If application for renewal is not made prior to July 15, an additional fee *prescribed by the board* shall be paid on account of the delinquency in renewal. All applications for renewal must be made prior to August 15 of that year, otherwise the license is forfeited and the applicant is required to pass the examination and pay the fees required of applicants for original licenses."

Section 69. **Codification instruction.** Section 1 is intended to be codified as an integral part of Title 37, chapter 1.

Approved April 13, 1981.

CHAPTER NO. 347

AN ACT TO PROVIDE THAT THE TRUSTEES OF A SCHOOL DISTRICT OPERATING AN ELEMENTARY SCHOOL OF LESS THAN 10 ANB OR A HIGH SCHOOL OF LESS THAN 25 ANB FOR 2 CONSECUTIVE YEARS SHALL APPLY TO HAVE THE SCHOOL CLASSIFIED AS AN ISOLATED SCHOOL; AMENDING SECTIONS 20-9-302 AND 20-9-303, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-9-302, MCA, is amended to read:

"**20-9-302. School isolation.** (1) The trustees of any district operating an elementary school of less than 10 ANB or a high school of less than 25 ANB *for 2 consecutive years* shall apply to have the school classified as an isolated school. The application shall be submitted by the trustees to the county superintendent by May 1 *of the second consecutive* year *that enrollment falls below the amount specified in this subsection.* Such application shall include:

(a) the name of each pupil who will attend the school during the ensuing school fiscal year with the distance the pupil resides from the nearest county road or highway;

(b) a description of conditions affecting transportation such as poor roads, mountains, rivers, or other obstacles to travel, the distance the school is from the nearest open school having room and facilities for the pupils of such school, or any other condition that would result in an unusual hardship to the pupils of the school if they were transported to another school; and

(c) any other information prescribed by the superintendent of public instruction.

(2) The county superintendent shall submit the applications to the board of county commissioners (budget board) for their consideration on or before May 15. The budget board shall approve or disapprove the application on the basis of the criteria established by the superintendent of public instruction. The budget board also may approve an application

because of the existence of other conditions which would result in an unusual hardship to the pupils of such school if they were transported to another school.

(3) When an application is approved, the county superintendent shall submit such application to the superintendent of public instruction before June 1. The superintendent of public instruction shall approve or disapprove such application for isolated classification by the fourth Monday of June on the basis of the information supplied by the application or objective information the superintendent of public instruction may collect on his own initiative. No elementary or high school shall be considered an isolated school until the approval of the superintendent of public instruction has been received."

Section 2. Section 20-9-303, MCA, is amended to read:

Definition of foundation program and its proportion of the maximum-general-fund-without-a-voted-levy schedule amount — nonisolated school foundation program financing — special education funds. (1) As used in this title, the term "foundation program" shall mean the minimum operating expenditures, as established herein, that are sufficient to provide for the educational program of a school. The foundation program relates only to those expenditures authorized by a district's general fund budget and shall not include expenditures from any other fund. It shall be financed by:

(a) county equalization moneys;

(b) state equalization aid; and

(c) when required, moneys from an additional state levy for a state deficiency.

Their functions are continued in the department of labor and industry provided for in Title 2, chapter 15, part 17. Unless inconsistent with this act, any reference in the MCA to "division of employment security", "division" (of employment security), or any bureau of the division of employment security, including "Montana state employment service bureau" or "unemployment insurance bureau", is changed to "department of labor and industry" or "department" (of labor and industry). Consistent with the intent of this section and without changing the meaning, the code commissioner shall remove any redundancies caused by such name changes.

Section 2. Section 39-51-307, MCA, is amended to read:

"39-51-307. Department to create employment service. (1) The *department* shall establish and maintain free public employment offices in such number and in such places as may be necessary for the proper administration of this chapter and for the purpose of performing such duties as are within the purview of the act of congress entitled, "An act to provide for the establishment of a national employment system and for cooperation with the states in the promotion of such system, and for other purposes", approved June 6, 1933 (48 Stat. 113; U.S.C. Title 29, Sec. 49 (c)), as amended.

(2) The *department* shall be charged with the duty to cooperate with any official or agency of the United States having power or duties under the provisions of the act of congress, as amended, and to do and perform all things necessary to secure to this state the benefits of the act of congress, as amended, in the promotion and maintenance of a system of public employment offices.

HeinOnline -- 1981 vol. I 586 1981

(3) The provisions of the act of congress, as amended, are hereby accepted by this state in conformity with section 4 of said act, and this state will observe and comply with the requirements thereof. The *department* is hereby designated and constituted the agency of this state for the purpose of said act.

(4) For the purpose of establishing and maintaining free public employment offices, the *department* is authorized to enter into agreements with any political subdivisions of this state or with any private, nonprofit organization and as a part of any such agreement the *department* may accept money, services, or quarters as a contribution to the employment service account."

Section 3. Section 39-51-503, MCA, is amended to read:

Any money received by the *department* from the railroad retirement board or any other governmental agency with respect to the establishment, maintenance, and use of employment service facilities shall be paid into and credited the proper division of the unemployment insurance administration fund set up and established under 39-51-406 and 39-51-407."

Section 4. Section 39-51-2410, MCA, is amended to read:

"39-51-2410. Finality of board's decision — judicial review. (1) Any decision of the board in the absence of an appeal therefrom as herein provided shall become final 30 days after the date of notification or mailing thereof, except in the case of the *department* when such decision becomes final 20 days following the board's decision, and judicial review thereof shall be permitted only after any party claiming to be aggrieved thereby has exhausted his remedies before the board. The *department* shall be deemed to be a party to any judicial action involving any such decision and may be represented in any such action by an attorney employed by the *department* or at the *department's* request, by the attorney general.

(2) Within 30 days after the date of notification or mailing of the decision of the board, any party aggrieved thereby may secure judicial review thereof by commencing an action in the district court of the county in which said party resides and in which action any other party to the proceeding before the board shall be made a defendant. In such action a petition, which need not be verified but which shall state the grounds upon which a review is sought, shall be served upon the *commissioner of labor and industry or his* designee and such service shall be deemed completed service on all parties, but there shall be left with the party so served as

HeinOnline -- 1981 vol. I 587 1981

many copies of the petition as there are defendants and the *department* shall forthwith mail one such copy to each such defendant.

The board may also in its discretion certify to such court questions of law involved in any decision by it.

(4) Whenever the *department* seeks review of a decision of the board, all interested parties shall be served with a copy of its petition together with all documents filed with the court.

(5) In any judicial proceeding under 39-51-2406 through 39-51-2410, the findings of the board as to the facts, if supported by evidence and in the absence of fraud, shall be conclusive and the jurisdiction of said court shall be confined to questions of law. Such action and the questions so certified shall be heard in a summary manner and shall be given precedence over all other civil cases except cases arising under the workers' compensation law of this state.

(6) An appeal may be taken from the decision of the district court to the supreme court of Montana in the same manner, but not inconsistent with the provisions of this chapter, as is provided in civil cases. It shall not be necessary in any judicial proceeding under this section to enter exceptions to the rulings of the board and no bond shall be required for entering such appeal. Upon the final determination of such judicial proceeding, the *department* shall enter an order in accordance with such determination."

Section 5. **Repealer.** Sections 2-15-1703 and 39-51-306, MCA, are repealed.

Approved April 13, 1981.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 90-4-101, MCA, is amended to read:

"**90-4-101. Purpose.** The purposes of this part are to stimulate research, development, demonstration, *and commercialization* of energy sources which are harmonious with ecological stability by virtue of being renewable, thereby to lessen that reliance on nonrenewable energy sources which conflicts with the goal of long-range ecological stability and to provide for the funding and administration of such research. *Furthermore it is the purpose of this part to allow the department to make loans through financial institutions in Montana for commercialization of alternative renewable energy.*"

Section 2. Section 90-4-104, MCA, is amended to read:

"**90-4-104. General powers of department.** The department may:

(1) employ a staff adequate to administer this part;

(2) retain professional consultants and advisors;

(4) adopt rules governing applications for and administration and awarding of loans;

"90-4-106. Criteria for grant awards. The department may award grants *or loans* to applicants under 90-4-105 in accordance with the following criteria:

(1) A grant may cover a period not exceeding 1 year, and the department may not commit itself to spending funds anticipated to be available more than 1 year after the grant period begins. The department may give an applicant a statement of intent to renew its support of his work, subject to the availability of funds and such other conditions as the department may express.

(2) The department may give preference to projects which are also supported by *funding* from the federal government or other persons provided the *projects* are consistent with the other objectives of the department. The purpose of this preference is to use the alternative energy research development and demonstration account for matching moneys in order to support more substantial research *or commercialization.*

(3) The department may give preference to research centers unattached to existing educational institutions where several investigators can share supporting services. However, this shall not be interpreted to prohibit the department from awarding grants *or loans* to existing educational institutions.

(4) The department may give preference to research centers which make information available to individuals, small businesses, and small communities seeking the use of renewable energy sources in their homes, plants, places of business, and small communities.

(5) All information resulting from such research shall be made available to the public and shall not become the private property of or under the exclusive control of any one company or person.

CHAPTER NO. 357

AN ACT GENERALLY REVISING AND CLARIFYING THE APPROPRIATION AND PERMIT PROVISIONS OF TITLE 85, CHAPTER 2, PARTS 1 AND 3, MCA; PROVIDING FOR AN EXCEPTION TO PERMIT REQUIREMENTS WHENEVER APPROPRIATION OF GROUNDWATER IS BY MEANS OF A WELL OR DEVELOPED SPRING WITH A MAXIMUM APPROPRIATION OF LESS THAN 100 GALLONS PER MINUTE; PROVIDING FOR A REVIEW OF A NOTICE OF COMPLETION PRIOR TO THE ISSUANCE OF A CERTIFICATE OF WATER RIGHT; ESTABLISHING A PROCEDURE FOR FILING A NOTICE OF COMPLETION ON GROUNDWATER APPROPRIATIONS FIRST PUT TO BENEFICIAL USE BETWEEN JANUARY 1, 1962, AND JULY 1, 1973, IF NO NOTICE OF COMPLETION HAD BEEN FILED; PROVIDING THAT A NOTICE OF APPLICATION BE SERVED BY FIRST-CLASS MAIL; PROVIDING FOR ACTION ON AN APPLICATION IF OBJECTIONS HAVE BEEN RECEIVED; PROVIDING THAT AN APPLICANT HAS THE BURDEN OF PROOF; ESTABLISHING A NEW WATER RIGHT APPROPRIATION ACCOUNT; PROVIDING A PROPORTIONATE FEE FOR AN ENVIRONMENTAL IMPACT STATEMENT ON AN APPLICATION FOR A RESERVATION OF WATER; AMENDING SECTIONS 85-2-306, 85-2-307, 85-2-310, 85-2-311, AND 85-2-316, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 85-2-306, MCA, is amended to read:

"85-2-306. Exceptions to permit requirements. (1) Outside the boundaries of a controlled groundwater area, a permit is not required before appropriating groundwater by means of a well *or developed spring* with a maximum *appropriation* of less than 100 gallons *per* minute. Within 60 days of completion of the well *or developed spring* and appropriation of the groundwater for beneficial use, the appropriator shall file *a* notice of completion *with the department* on a form provided by the department at its offices and at the offices of the county clerk and recorders. Upon receipt of the notice, the department shall *review the notice and may, before issuing a certificate of water right, return a defective notice for correction or completion, together with the reasons for returning it. A notice does not lose priority of filing because of defects, if the notice is corrected, completed, and refiled with the department within 30 days or within a further time as the department may allow, not to exceed 6 months. If a notice is not corrected and completed within the time allowed, the priority date of appropriation shall be the date of refiling a correct and complete notice with the department. A certificate of water right may not be issued until a correct and complete notice has been filed with the department.* The original of the certificate shall be sent to the county clerk and recorder in the county where the point of diversion or place of use is located for recordation. The department shall keep a copy of the certificate in its office in Helena. After recordation, the clerk and

HeinOnline -- 1981 vol. I 595 1981

recorder shall send the certificate to the appropriator. The date of filing of the notice of completion is the date of priority of the right.

(2) An appropriator of groundwater by means of a well or developed spring, first put to beneficial use between January 1, 1962, and July 1, 1973, who did not file a notice of completion, as required by laws in force prior to [the effective date of this act], with the county clerk and recorder shall file a notice of completion, as provided in subsection (1) of this section, with the department to perfect the water right. The priority date of the appropriation shall be the date of the filing of a notice as provided in subsection (1) of this section. An appropriation under this subsection is an existing right, and a permit is not required; however, the department shall acknowledge the receipt of a correct and complete filing of a notice of completion, except that for an appropriation of less than 100 gallons per minute, the department shall issue a certificate of water right.

(3) A permit is not required before constructing an impoundment or pit and appropriating water for use by livestock if the maximum capacity of the impoundment or pit is less than 15 acre-feet and the appropriation is from a source other than a perennial flowing stream. As used in this subsection, a perennial flowing stream means a stream which historically has flowed continuously at all seasons of the year, during dry as well as wet years. However, before constructing the impoundment or pit, the appropriator shall apply for a permit as prescribed by this part. If the department determines after processing the application that the rights of other appropriators have been or will be adversely affected, it may require the applicant to modify the construction of the impoundment or pit and issue the permit subject to such terms, conditions, restrictions, or limitations it considers necessary to protect the rights of other appropriators.

(4) A person may also appropriate water without applying for or prior to receiving a permit under rules adopted by the board under 85-2-113."

Section 2. Section 85-2-307, MCA, is amended to read:

"85-2-307. Notice of application. (1) Upon receipt of a proper application for a permit, the department shall prepare a notice containing the facts pertinent to the application and shall publish the notice in a newspaper of general circulation in the area of the source once a week for 3 consecutive weeks. Before the last date of publication, the department shall also serve the notice by *first-class* mail upon an appropriator of water or applicant for or holder of a permit who, according to the records of the department, may be affected by the proposed appropriation. A notice shall also be served upon any public agency that has reserved waters in the source under 85-2-316. The department may, in its discretion, also serve notice upon any state agency or other person the department feels may be interested in or affected by the proposed appropriation. The department shall file in its records proof of service by affidavit of the publisher in the case of notice by publication and by its own affidavit in the case of service by mail.

(2) The notice shall state that by a date set by the department (not less than 30 days or more than 60 days after the last date of publication) persons may file with the department written objections to the application.

HeinOnline -- 1981 vol. I 596 1981

(3) The requirements of subsections (1) and (2) of this section do not apply if the department finds, on the basis of information reasonably available to it, that the appropriation as proposed in the application will not adversely affect the rights of other persons."

Section 3. Section 85-2-310, MCA, is amended to read:

"85-2-310. Action on application. (1) The department shall grant, deny, or condition an application for a permit in whole or in part within 120 days after the last date of publication of the notice of application if no *objections have been received* and within 180 days if a hearing is held *or objections have been received.* However, in either case the time may be extended upon agreement of the applicant, or, in those cases where an environmental impact statement must be prepared or in other extraordinary cases, not more than 60 days upon order of the department. If the department orders the time extended, it shall serve a notice of the extension and the reasons therefor by certified mail upon the applicant and each person who has filed an objection as provided by 85-2-308.

(2) However, an application may not be approved in a modified form or upon terms, conditions, or limitations specified by the department or denied, unless the applicant is first granted an opportunity to be heard. If no objection is filed against the application but the department is of the opinion that the application should be approved in a modified form or upon terms, conditions, or limitations specified by it or that the application should be denied, the department shall prepare a statement of its opinion and the reasons therefor. The department shall serve a statement of its opinion by certified mail upon the applicant, together with a notice that the applicant may obtain a hearing by filing a request therefor within 30 days after the notice is mailed. The notice shall further state that the application will be modified in a specified manner or denied, unless a hearing is requested.

(3) The department may cease action upon an application for a permit and return it to the applicant when it finds that the application is not in good faith or does not show a bona fide intent to appropriate water for a beneficial use. An application returned for any of these reasons shall be accompanied by a statement of the reasons for which it was returned, and there shall be no right to a priority date based upon the filing of the application. Returning an application pursuant to this subsection shall be deemed a final decision of the department."

Section 4. Section 85-2-311, MCA, is amended to read:

"85-2-311. Criteria for issuance of permit. The department shall issue a permit if:

(1) there are unappropriated waters in the source of supply:

(a) at times when the water can be put to the use proposed by the applicant;

(b) in the amount the applicant seeks to appropriate; and

(c) throughout the period during which the applicant seeks to appropriate, the amount requested is available;

HeinOnline -- 1981 vol. I 597 1981

(2) the rights of a prior appropriator will not be adversely affected;

(3) the proposed means of diversion, construction, *and operation of the appropriation works* are adequate;

(4) the proposed use of water is a beneficial use;

(5) the proposed use will not interfere unreasonably with other planned uses or developments for which a permit has been issued or for which water has been reserved;

(6) an applicant for an appropriation of 10,000 acre-feet a year or more *and* 15 cubic feet per second or more proves by clear and convincing evidence that the rights of a prior appropriator will not be adversely affected*;*

(7) except as provided in subsection (6), the applicant proves by substantial credible evidence the criteria listed in subsections (1) through (5)."

Section 5. **Water right appropriation account.** There is established a water right appropriation account in the earmarked revenue fund of the state treasury. All fees collected as provided in 85-2-113 shall be deposited in the account to help pay the expenses incurred by the department for administering this part, part 1, part 4, and part 5 of chapter 2, Title 85.

Section 6. Section 85-2-316, MCA, is amended to read:

"85-2-316. Reservation of waters. (1) The state or any political subdivision or agency thereof or the United States or any agency thereof may apply to the board to reserve waters for existing or future beneficial uses or to maintain a minimum flow, level, or quality of water throughout the year or at such periods or for such length of time as the board designates.

(2) Upon receiving an application, the department shall proceed in accordance with 85-2-307 through 85-2-309. After the hearing provided in 85-2-309, the board shall decide whether to reserve the water for the applicant. The department's costs of giving notice, holding the hearing, conducting investigations, and making records incurred in acting upon the application to reserve water, except the cost of salaries of the department's personnel, shall be paid by the applicant. *In addition, a reasonable proportion of the department's cost of preparing an environmental impact statement shall be paid by the applicant unless waived by the department upon a showing of good cause by the applicant.*

(3) The board may not adopt an order reserving water unless the applicant establishes to the satisfaction of the board:

(a) the purpose of the reservation;

(b) the need for the reservation;

(c) the amount of water necessary for the purpose of the reservation;

(d) that the reservation is in the public interest.

HeinOnline -- 1981 vol. I 598 1981

(4) If the purpose of the reservation requires construction of a storage or diversion facility, the applicant shall establish to the satisfaction of the board that there will be progress toward completion of the facility and accomplishment of the purpose with reasonable diligence in accordance with an established plan.

(5) The board shall limit any reservations after May 9, 1979, for maintenance of minimum flow, level, or quality of water that it awards at any point on a stream or river to a maximum of 50% of the average annual flow of record on gauged streams. Ungauged streams can be allocated at the discretion of the board.

(6) After the adoption of an order reserving waters, the department may reject an application and refuse a permit for the appropriation of reserved waters or may, with the approval of the board, issue the permit subject to such terms and conditions it considers necessary for the protection of the objectives of the reservation.

(7) Any person desiring to use water reserved to a conservation district for agricultural purposes shall make application for such use with the district, and the district upon approval of the application must inform the department of the approved use. The department shall maintain records of all uses of water reserved to conservation districts and be responsible for rendering technical and administrative assistance within the department's staffing and budgeting limitations in the processing of such applications for the conservation districts.

(8) A reservation under this section shall date from the date the order reserving the water is adopted by the board and shall not adversely affect any rights in existence at that time.

(9) The board shall, periodically but at least once every 10 years, review existing reservations to ensure that the objectives of the reservation are being met. Where the objectives of the reservation are not being met, the board may extend, revoke, or modify the reservation.

(10) The board may modify an existing or future order originally adopted to reserve water for the purpose of maintaining minimum flow, level, or quality of water, so as to reallocate such reservation or portion thereof to an applicant who is a qualified reservant under this section. Reallocation of reserved water may be made by the board following notice and hearing wherein the board finds that all or part of the reservation is not required for its purpose and that the need for the reallocation has been shown by the applicant to outweigh the need shown by the original reservant. Reallocation of reserved water shall not adversely affect the priority date of the reservation, and the reservation shall retain its priority date despite reallocation to a different entity for a different use. The board may not reallocate water reserved under this section on any stream or river more frequently than once every 5 years.

(11) Nothing in this section vests the board with the authority to alter a water right that is not a reservation."

Section 7. **Applicability.** (1) Subsection (2) of [section 1] applies to all notices of completion filed with the department after July 1, 1973.

HeinOnline -- 1981 vol. I 599 1981

(2) Subsection (1) of [section 1], [section 3], and [section 4] apply to notices of completion and applications pending before the department and to those filed with the department after [the effective date of this act].

(3) [Section 6] applies to applications pending before the board on [the effective date of this act], as well as applications filed with the board after [the effective date of this act].

Section 8. **Codification instruction.** Section 5 is intended to be codified as an integral part of Title 85, chapter 2, part 3, and the provisions of Title 85, chapter 2, apply to section 5.

Section 9. **Effective date.** This act is effective on passage and approval.

Approved April 14, 1981.

Section 8. **Short title.** [Section 8 through 28] shall be known and may be cited as the "Montana Hazardous Waste Act".

Section 9. **Findings and purpose.** (1) The legislature finds that the safe and proper management of hazardous wastes, the permitting of hazardous waste facilities, and the siting of such facilities are environmental issues that should properly be addressed and controlled by the state rather than by the federal government.

(2) It is the purpose of [sections 8 through 28] and it is the policy of this state to protect the public health and safety, the health of living organisms, and the environment from the effects of the improper, inadequate, or unsound management of hazardous wastes; to establish a program of regulation over the generation, storage, transportation, treatment, and disposal of hazardous wastes; to assure the safe and adequate management of hazardous wastes within this state; and to authorize the department to adopt, administer, and enforce a hazardous waste program pursuant to the federal Resource Conservation and Recovery Act of 1976, (42 U.S.C. 6901 - 6987), as amended.

Section 10. **Definitions.** Unless the context requires otherwise, in [sections 8 through 28] the following definitions apply:

(4) "Facility" or "hazardous waste management facility" means all contiguous land and structures, other appurtenances, and improvements on the land used for treating, storing, or disposing of hazardous waste. A facility may consist of several treatment, storage, or disposal operational units.

(5) "Generation" means the act or process of producing waste material.

(6) "Generator" means any person, by site, whose act or process produces hazardous waste or whose act first causes a hazardous waste to become subject to regulation under [sections 8 through 28].

(7) (a) "Hazardous waste" means a waste or combination of wastes that, because of its quantity, concentration, or physical, chemical, or infectious characteristics, may:

(i) cause or significantly contribute to an increase in mortality or an increase in serious irreversible or incapacitating reversible illness; or

HeinOnline -- 1981 vol. I 603 1981

(ii) pose a substantial present or potential hazard to human health or the environment when improperly treated, stored, transported, or disposed of or otherwise managed.

(b) Hazardous wastes do not include those substances governed by Title 82, chapter 4, part 2.

(8) "Hazardous waste management" means the management of the collection, source separation, storage, transportation, processing, treatment, recovery, and disposal of hazardous wastes.

(9) "Manifest" means the shipping document originated and signed by the generator and which is used to identify the hazardous waste, its quantity, origin, and destination during its transportation.

(13) "Transporter" means a person engaged in the offsite transportation of hazardous waste by air, rail, highway, or water.

(14) "Treatment" means a method, technique, or process, including neutralization, designed to change the physical, chemical, or biological character or composition of any hazardous waste so as to neutralize the waste or so as to render it nonhazardous, safer for transportation, amenable for recovery, amenable for storage, or reduced in volume.

Section 11. **Powers of department.** (1) The department may:

(a) administer and enforce the provisions of [sections 8 through 28], rules implementing [sections 8 through 28], and orders and permits issued pursuant to [sections 8 through 28];

(b) conduct and publish studies on hazardous wastes and hazardous waste management;

(c) initiate, conduct, and support research, demonstration projects, and investigation, as its resources may allow, and coordinate state agency research programs pertaining to hazardous waste management;

(d) accept and administer grants from the federal government and from other sources, public and private.

(2) The department shall integrate all provisions of [sections 8 through 28] with other laws administered by the department to avoid unnecessary duplication. Furthermore, the department shall coordinate its activities under [sections 8 through 28] with the program administered by the department of agriculture under the Montana Pesticides Act, the programs

HeinOnline -- 1981 vol. I 604 1981

administered by the department of state lands related to mining and mine reclamation, the program administered by the department of public service regulation related to hazardous material transportation, and provisions of the Montana Major Facility Siting Act administered by the department of natural resources and conservation. Such integration and coordination shall be effected only to the extent that it can be done in a manner consistent with the goals and policies of [sections 8 through 28] and the other laws referred to in this section.

Section 12. **Administrative rules.** The department may adopt, amend, or repeal rules governing hazardous waste, including but not limited to the following:

(1) identification and classification of those hazardous wastes subject to regulation and those that are not;

(2) requirements for the proper treatment, storage, transportation, and disposal of hazardous waste;

(3) requirements for siting, design, operation, maintenance, monitoring, inspection, closure, postclosure, and reclamation of hazardous waste management facilities;

(4) requirements for the issuance, denial, renewal, modification, and revocation of permits for hazardous waste management facilities and the assessment of permit fees for these facilities;

(5) requirements for manifests and the manifest system for tracking hazardous waste and for reporting and recordkeeping by generators, transporters, and owners and operators of hazardous waste management facilities;

(6) requirements for training of facility personnel and for financial assurance of facility owners and operators;

(7) requirements for registration of generators and transporters; and

(8) other rules which are necessary to obtain and maintain authorization under the federal program, except that the department may not adopt rules under [sections 8 through 28] that are more restrictive than those promulgated by the federal government under the Resource Conservation and Recovery Act of 1976, as amended.

Section 13. **Permits.** (1) No person may construct or operate a hazardous waste management facility without first obtaining a permit from the department for such facility, except that the department may, by rule, prescribe conditions under which specified hazardous wastes or specified quantities of hazardous waste may be disposed of at solid waste disposal sites licensed by the department pursuant to Title 75, chapter 10, part 2.

(2) Any person who wishes to construct or operate a hazardous waste management facility shall apply to the department for a permit on forms provided by the department. An application must contain, at a minimum, the name and business address of the applicant, the location of the proposed facility, a plan of operation and maintenance, and a description of pertinent site characteristics.

HeinOnline -- 1981 vol. I 605 1981

(3) A permit may be issued for a period specified by the department and shall be subject to renewal by the department upon a showing that the facility has been operated in accordance with the terms of the permit and the rules applicable to such facility and in compliance with the provisions of [sections 8 through 28] and any applicable order of the board or department.

(4) Any permit issued is subject to revocation by the department for failure of the permittee to comply with the terms and conditions of the permit, the department rules, an order of the board or the department, or the provisions of [sections 8 through 28]. Any person who is denied a permit by the department or who has such permit revoked or modified shall be afforded an opportunity for a hearing before the board upon written application made within 30 days after service of notice of such denial, revocation, or modification by mail. Service by mail is complete upon mailing.

(5) Notwithstanding any other provisions of [sections 8 through 28], the department may, in the event of an imminent and substantial danger to public health or the environment, issue a temporary emergency permit to any person for treatment, storage, or disposal of hazardous waste or to any facility to handle hazardous waste not covered by the existing facility permit. Such emergency permits may be oral or written, may not exceed 90 days in duration, and may be terminated by the department at any time prior to 90 days.

(6) The department may, as it considers appropriate, grant permits by rule to classes or categories of hazardous waste management facilities where the facility owner or operator is already licensed or permitted by the department pursuant to other state environmental statutes or where an interim period exists until final administrative disposition of a permit application is made.

Section 14. **Concurrent permit and major facility siting decisions.** If it is determined that an application for a certificate under the Montana Major Facility Siting Act, Title 75, chapter 20, will result in the generation, transportation, storage, or disposal of hazardous wastes as defined in [section 10], the department shall conduct its review under the provisions of [sections 8 through 28] concurrently with the studies of air and water quality conducted under the provisions of the Montana Major Facility Siting Act. A decision to grant or deny a permit for the treatment, storage, or disposal of hazardous wastes under the provisions of [section 13] is appealable concurrently with and subject to the same procedures established for the appeal of the department's air and water quality certification decision under the Montana Major Facility Siting Act. If the initial permit has been granted as specified in this section, all renewals or modifications of a permit or enforcement actions concerning alleged violations of the permit and the provisions of [sections 8 through 28] shall be conducted pursuant to the procedures and enforcement provisions established in [sections 8 through 28].

Section 15. **Variances — renewals.** (1) A person who is a generator or transporter of hazardous wastes or who owns or operates a hazardous waste management facility may apply to the board for a variance or partial variance from the application of or compliance with any requirement of

HeinOnline -- 1981 vol. I 606 1981

[sections 8 through 28] or any rule adopted under [sections 8 through 28]. The board may grant a variance or partial variance if it finds that:

(a) the applicant's actions or proposed actions regarding generation, transportation, treatment, storage, or disposal of hazardous wastes do not constitute a danger to public health or safety or cause substantially adverse environmental effects; and

(b) the application of or compliance with the requirement or rule would produce unreasonable hardship without equal or greater benefits to the public.

(2) No variance or partial variance may be granted except after public hearing on due notice and until the board has considered the relative interests of the applicant, other persons specifically affected, and the general public.

(3) No variance or partial variance may be granted for a period to exceed 1 year, but the variance or partial variance may be renewed for like periods if no complaint is made to the board because of it or if, after the complaint has been made and duly considered at a public hearing held by the board on due notice, the board finds that renewal is justified. No renewal may be granted except on application therefor. An application for renewal shall be made in the manner and upon such notice as specified in rules promulgated under [sections 8 through 28]. A renewal pursuant to this subsection shall be on the same grounds and subject to the same limitations and requirements as provided in subsection (1).

(4) A variance, partial variance, or renewal thereof is not a right of the applicant or holder thereof but shall be granted at the discretion of the board. However, a person adversely affected by a variance, partial variance, or renewal granted by the board may obtain judicial review thereof as provided by the judicial review of contested case provisions of the Montana Administrative Procedure Act.

(5) Nothing in this section and no variance, partial variance, or renewal granted pursuant to this section may be construed to prevent or limit the application of the emergency provisions and procedures of [section 22].

(6) Under no conditions may a variance be granted by the board that would result in a less stringent requirement or degree of control than would be imposed by the applicable federal regulations adopted under the federal Resource Conservation and Recovery Act.

Section 16. **Compliance monitoring and reporting.** The department may, as a condition of a permit, require the owner or operator of a facility to install equipment, collect and analyze samples, and maintain records in order to monitor and demonstrate compliance with [sections 8 through 28], rules adopted under [sections 8 through 28], any order of the board or department, and permit conditions. The department may require the owner or operator of a facility to submit reports on such compliance monitoring activities, including notice to the department of any noncompliance with permit conditions, rules adopted under [sections 8 through 28], the provisions of [sections 8 through 28], or any orders of the department or board.

HeinOnline -- 1981 vol. I 607 1981

Section 17. **Inspections — sampling.** (1) An employee or agent of the department, at any reasonable time and upon presentation of credentials, may enter upon and inspect any property, premises, or place at which hazardous wastes are or have been generated, stored, treated, disposed of, or loaded for transportation or any property, premises, or place at which records pertinent to such hazardous waste activities are maintained. The employee or agent of the department may have access to and may copy any records relating to such hazardous wastes for the purposes of developing rules under [sections 8 through 28] or enforcing the provisions of [sections 8 through 28], rules adopted under [sections 8 through 28], or a permit or an order issued under [sections 8 through 28].

(2) In the course of an inspection under this section, the employee or agent of the department may take samples of any wastes, including samples from any vehicle in which wastes are transported, or samples of any containers or labeling for such wastes. If the employee or agent of the department takes a sample of any hazardous waste or suspected hazardous waste he shall, prior to leaving the premises, give to the owner, operator, or agent in charge a receipt describing the sample taken and, if requested, a portion of each such sample equal in volume or weight to the portion retained. If any analysis is made of such samples, a copy of the results of such analysis must be furnished to the owner, operator, or agent in charge.

Section 18. **Hazardous waste site inventory.** (1) The department is authorized to conduct an inventory of sites and locations in the state where hazardous wastes have been stored or disposed of at any time.

(2) If the department determines that the presence of a hazardous waste or the release of the waste or any waste constituent at any such site may present a substantial hazard to public health or the environment, it may issue an order requiring the owner or operator of the facility or site to conduct reasonable monitoring, testing, analysis, and reporting with respect to the site in order to ascertain the nature and extent of the hazard.

(3) An order issued under subsection (2) must require that the person to whom the order is issued submit to the department within 30 days a proposal for carrying out the required monitoring, testing, analysis, and reporting.

(4) If the department determines that no owner or operator is able to conduct monitoring, testing, and analysis in a satisfactory manner, the department may conduct such activities.

(5) For the purposes of carrying out this section, the department may exercise the powers set forth in [section 17].

Section 19. **State hazardous waste facilities.** The department may, if it considers such action to be necessary, establish, maintain, and operate state hazardous waste management facilities to provide for the treatment, storage, or disposal of hazardous wastes. The department may acquire interests in real property by gift, purchase, lease, or other means in order to develop any such facility. Such a facility may be operated and maintained by the department directly or through agreement with public

HeinOnline -- 1981 vol. I 608 1981

or private persons. A state facility must meet all applicable requirements for a hazardous waste management facility under [sections 8 through 28].

Section 20. **Administrative enforcement.** (1) When the department believes that a violation of [sections 8 through 28], a rule adopted under [it], or a permit provision has occurred, it may serve written notice of the violation by certified mail on the alleged violator or his agent. The notice must specify the provision of [sections 8 through 28], the rule, or the permit provision alleged to be violated and the facts alleged to constitute a violation and may include an order to take necessary corrective action within a reasonable period of time stated in the order. The order becomes final unless, within 30 days after the notice is served, the person named requests in writing a hearing before the board. On receipt of the request, the board shall schedule a hearing. Service by mail is complete on the date of mailing.

(2) If, after a hearing held under subsection (1), the board finds that a violation has occurred, it shall either affirm or modify the department's order previously issued. An order issued by the department or by the board may prescribe the date by which the violation must cease and may prescribe time limits for particular action. If, after hearing, the board finds no violation has occurred, it shall rescind the department's order.

(3) Instead of issuing an order pursuant to subsection (1), the department may either:

(a) require the alleged violator to appear before the board for a hearing at a time and place specified in the notice and answer the charges complained of; or

(b) initiate action under [section 21], [section 24], or [section 25].

(4) This section does not prevent the board or department from making efforts to obtain voluntary compliance through warning, conference, or any other appropriate means.

Section 21. **Injunctions.** The department may institute and maintain in the name of the state actions for injunctive relief as provided in Title 27, chapter 19, MCA, to:

(1) immediately restrain any person from engaging in any unauthorized activity which is endangering or causing damage to public health or the environment; or

The department may enter into agreements with the responsible authorities of the United States and of other states, subject to approval by the governor, relative to policies, methods, means, and procedures to be employed in the management of hazardous wastes not inconsistent with the provisions of [sections 8 through 28] and may carry out the agreements.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** [This act] may be cited as the "Insurance Premium Finance Company Act".

Section 2. **Definitions.** As used in [this act], the following definitions apply:

HeinOnline -- 1981 vol. I 614 1981

(1) "Insurance premium finance company" means a person engaged in the business of entering into premium finance agreements with insureds or of acquiring such premium finance agreements from insurance agents, brokers, or other premium finance companies.

(2) "Licensee" means a premium finance company holding a license issued by the commissioner under [this act].

(3) "Premium finance agreement" means an agreement by which an insured or prospective insured promises to pay to a premium finance company the amount advanced or to be advanced under the agreement to an insurer or to an insurance agent or broker in payment of premiums on an insurance contract, together with a finance charge as authorized by [this act], and as security therefor the insurance premium finance company receives an assignment of the unearned premium.

Section 3. **License — required — fee — renewal of license.** (1) Except as provided in subsection (4), no person may engage in the business of financing insurance premiums without first having obtained a license as a premium finance company from the commissioner. Any person who engages in the business of financing insurance premiums in the state without obtaining a license as provided under [this act] is, upon conviction, guilty of a misdemeanor.

(2) The annual license fee is $100. A license may be renewed as of January 1 each year, upon payment of the fee of $100. The license fee shall be paid to the commissioner.

(3) The person to whom the license or the renewal thereof is issued shall file sworn answers, subject to the penalties of perjury, to such interrogatories as the commissioner may require. The commissioner may, at any time, require the applicant fully to disclose the identity of all stockholders, partners, officers, and employees, and he may, in his discretion, refuse to issue or renew a license in the name of any firm, partnership, or corporation if he is not satisfied that any officer, employee, stockholder, or partner thereof who may materially influence the applicant's conduct meets the standards of [this act].

(4) No person other than a savings and loan association, bank, trust company, or licensed finance company, credit union, or resident insurance agent who, within 15 days after entering into an insurance premium finance agreement, transfers the agreement to a licensee or to any of the organizations exempt under this subsection may engage in the business of entering into, acquiring, or holding insurance premium finance agreements unless licensed to do so by the commissioner.

Section 4. **Investigation of applicant — qualifications — hearing.** (1) Upon the filing of an application and the payment of the license fee, the commissioner shall make an investigation of each applicant and shall issue a premium finance company license if the applicant is qualified in accordance with [this act]. If the commissioner does not so find, he shall within 30 days after he has received the application, at the request of the applicant, give the applicant a full hearing.

(2) The commissioner shall issue or renew a license as may be applied for when he is satisfied that the person to be licensed:

HeinOnline -- 1981 vol. I 615 1981

(a) is competent and trustworthy and intends to act in good faith in the capacity involved by the license applied for;

(b) has a good business reputation and has had experience, training, or education so as to be qualified in the business for which the license is applied for; and

(c) if a corporation, is a corporation incorporated under the laws of the state or a foreign corporation authorized to transact business in the state.

Section 5. **License revocation — suspension.** The commissioner may revoke or suspend the license of a premium finance company when and if after investigation it appears to the commissioner that:

(1) a license issued to the company was obtained by fraud;

(2) there was misrepresentation in the application for the license;

(3) the holder of the license has otherwise shown himself untrustworthy or incompetent to act as a premium finance company; or

(4) the company has violated any provisions of [this act].

Section 6. **Records required of licensees — form — inspection.** (1) Every premium finance company shall maintain records of its premium finance transactions, and the records shall be open to examination and investigation by the commissioner. The commissioner may at any time require the company to bring such records as he may direct to the commissioner's office for examination.

(2) Every premium finance company shall preserve its records of premium finance transactions for at least 3 years after making the final entry in respect to any premium finance agreement. The records may be preserved in photographic form.

Section 7. **Premium finance agreements — contents — form — delivery.** (1) A premium finance agreement shall:

(a) be dated, signed by the insured or by any person authorized in writing to act in behalf of the insured, and the printed portion thereof shall be in at least 8-point type;

(b) contain the name and place of business of the insurance agent negotiating the related insurance policy, the name and residence or the place of business of the insured as specified by him, the name and place of business of the premium finance company to which payments are to be made, and a description of the insurance policies involved and the amount of the premium therefor; and

(c) set forth when applicable:

(i) the total amount of the premiums;

(ii) the amount of the downpayment;

(iii) the principal balance (the difference between the items enumerated in subsections (1)(c)(i) and (1)(c)(ii));

(iv) the amount of the finance charge;

HeinOnline -- 1981 vol. I 616 1981

(v) the balance payable by the insured (the sum of the items enumerated in subsections (1)(c)(iii) and (1)(c)(iv)); and

(vi) the number of installments required, the amount of each installment expressed in dollars, and the due date or period thereof.

(2) The items set out in subsection (1)(c) need not be stated in the sequence or order in which they appear in that subsection, and additional items may be included to explain the computations made in determining the amount to be paid by the insured.

(3) The information required by subsection (1) may only be required in the initial agreement if the premium finance company and the insured enter into an open end credit transaction, which is defined as a plan prescribing the terms of credit transactions that may be made thereunder from time to time and under the terms of which a finance charge may be computed on the outstanding unpaid balance from time to time thereunder.

(4) The premium finance company or the insurance agent shall deliver to the insured or mail to him at his address shown in the agreement a complete copy of the agreement.

Section 8. **Charges for premium financing regulated — method of computation.** (1) A premium finance company may not charge, contract for, receive, or collect a finance charge other than as permitted by [this act].

(2) The finance charge must be computed on the balance of the premiums due (after subtracting the down payment made by the insured in accordance with the premium finance agreement) from the effective date of the insurance coverage for which the premiums are being advanced to and including the date when the final payment of the premium finance agreement is payable.

(3) Notwithstanding any other provision of law, the finance charge may not exceed interest at the annual rate of 21%, plus a service charge of $12.50 per premium finance agreement. The service charge of $12.50 need not be refunded upon cancellation or prepayment.

(4) An insured may prepay his premium finance agreement in full at any time prior to the due date of the final payment and in such event the unearned finance charge shall be refunded.

Section 9. **Delinquency charges regulated.** (1) A premium finance agreement may provide for the payment by the insured of a delinquency charge of $1 to a maximum of 5% of the delinquent installment but not to exceed $5 on any installment that is in default for 5 days or more.

(2) If the default results in the cancellation of any insurance contract listed in the agreement, the agreement may provide for payment by the insured of a cancellation charge equal to the difference between any delinquency charge or default charge imposed with respect to the installment in default and $5. A premium finance agreement may also provide for the payment of attorney's fees and court costs if the agreement is referred for

HeinOnline -- 1981 vol. I 617 1981

collection to an attorney not a salaried employee of the insurance premium finance company.

Section 10. **Cancellation of insurance upon default.** (1) When a premium finance agreement contains a power of attorney or other authority enabling the insurance premium finance company to cancel any insurance contract listed in the agreement, the insurance contract or contracts may not be canceled by the premium finance company unless such cancellation is effectuated in accordance with this section.

(2) Not less than 10 days' written notice must be mailed to the insured setting forth the intent of the insurance premium finance company to cancel the insurance contract unless the default is cured prior to the date stated in the notice. The insurance agent or broker indicated on the premium finance agreement shall also be mailed 10 days' notice of this action.

(3) Pursuant to the power of attorney or other authority referred to above, the insurance premium finance company may cancel on behalf of the insured by mailing to the insurer written notice stating when thereafter the cancellation shall be effective, and the insurance contract shall be canceled as if such notice of cancellation had been submitted by the insured himself but without requiring the return of the insurance contract. If the insurer or its agent does not provide the insurance premium finance company with a specific mailing address for the purpose of receipt of the above notice, mailing by the insurance premium finance company to the insurer at the address that is on file and of record with the commissioner is considered sufficient notice under this section. The insurance premium finance company shall also mail a notice of cancellation to the insured at his last-known address and to the insurance agent or broker indicated on the premium finance agreement.

(4) All statutory, regulatory, and contractual restrictions providing that the insurance contract may not be canceled unless notice is given to a governmental agency, mortgagee, or other third party apply whenever cancellation is effected under the provisions of this section. The insurer shall give the prescribed notice in behalf of itself or the insured to any governmental agency, mortgagee, or other third party on or before the second business day after the day it receives the notice of cancellation from the premium finance company and shall determine the effective date of cancellation taking into consideration the number of days' notice required to complete the cancellation.

Section 11. **Return of unearned premiums.** (1) Whenever a financed insurance contract is canceled, the insurer shall return whatever gross unearned premiums are due under the insurance contract to the premium finance company for the account of the insured or insureds.

(2) If the crediting of the return premiums to the account of the insured results in a surplus over the amount due from the insured, the premium finance company shall refund the excess to the insured, except that no refund is required if such excess amounts to less than $1.

Section 12. **Agreement effective as security interest.** No filing of the premium finance agreement or recording of a premium finance

HeinOnline -- 1981 vol. I 618 1981

transaction shall be necessary to perfect the validity of the agreement as a secured transaction as against creditors, subsequent purchasers, pledgees, encumbrancers, successors, or assigns.

Section 13. **Exceptions.** [This act] does not apply to any insurance company or insurance companies affiliated under the same management and control authorized to do business in this state which provide installment premium payments programs at no interest to policyholders or to an insurance agent licensed to do business in this state on policies written by the agent or issued by the company or companies.

Section 14. **Codification instruction.** Sections 1 through 13 are intended to be codified as an integral part of Title 33, and the provisions of Title 33 apply to sections 1 through 13.

Approved April 14, 1981.

(2) The board may, in lieu of the direct supervision requirement set forth in subsection (1), permit a licensed dental hygienist to provide clinical dental hygiene services to a public or private institution, a hospital or extended care facility, or a school or public health program after a review by the board of a request for such service and a description of the type of supervision necessary is made by the board. For the purposes of this section "supervision" is defined as follows:

(a) "direct supervision" means the supervision of those tasks and procedures that do not require the dentist in the room where performed but require his presence on the premises and availability for prompt consultation and treatment; and

(b) "general supervision" means those tasks and procedures that do not require the presence of a dentist on the premises but shall remain under the dentist's directive order, control, responsibility, and evaluation.

(3) Notwithstanding any other provisions of this section, a dental hygienist may continue performing tasks and procedures requiring direct supervision if:

(a) the supervising dentist required to be on the premises has been called out of the office briefly for an emergency; and

CHAPTER NO. 364

AN ACT TO CLARIFY THE LAW WHICH ADDRESSES THE CONDITIONS UNDER WHICH THE CHANGE OF OWNERSHIP LIVESTOCK INSPECTION REQUIREMENTS DO NOT APPLY AND TO CLARIFY THE DATE ON WHICH THE BRUCELLOSIS VACCINATION REQUIREMENT IS EFFECTIVE; PROVIDING AN EFFECTIVE DATE FOR THE LATTER CLARIFICATION; AMENDING SECTION 81-3-211, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 81-3-211, MCA, is amended to read:

"81-3-211. Inspection of livestock before change of ownership or removal from county — transportation permits. (1) For the purposes of this section:

(a) "Members of the same family" means a group whose membership is determined by including an individual, his spouse, and his parents, children, grandchildren, and the spouses of each.

(b) "Family business entity" means:

(i) a corporation whose stock is owned solely by members of the same family;

(ii) a partnership in which the partners are all members of the same family;

(iii) an association whose members all are members of the same family; or

(iv) any other entity owned solely by members of the same family.

(2) Except as otherwise provided in this part, it is unlawful to remove or cause to be removed from a county in this state any livestock or to transfer ownership by sale or otherwise or for an intended purchaser or his agent to take possession of any such animal subject to title passing upon meeting or satisfaction of any conditions, unless the livestock has been inspected for brands by a state stock inspector or deputy state stock inspector and a certificate of the inspection has been issued in connection with and for the purpose of the transportation or removal or of such change of ownership as provided in this part. The inspection must be made in daylight. However, the change of ownership inspection requirements of this subsection do not apply when:

(a) such sale or change of ownership transaction involves five or fewer such animals; or

(b) the change of ownership transaction is accomplished without the livestock changing premises, involves part of a herd to which no livestock have been added other than by natural increase or after brand inspection, *and is between:*

(i) members of the same family;

(ii) a member of one family and the same family's business entity; or

(iii) the same family's business entities.

(3) (a) It is unlawful to sell or offer for sale at a livestock market any livestock originating within any county in this state in which a livestock market is maintained or transported under a market consignment permit until the livestock has been inspected for marks and brands by a state stock inspector, as provided in this part.

(b) It is unlawful to slaughter livestock at a licensed livestock slaughterhouse unless the livestock have been inspected for marks or brands by a state or deputy state stock inspector.

(4) It is unlawful to remove or cause to be removed any livestock from the premises of a livestock market in this state unless the livestock has been released by a state stock inspector and a certificate of release for the livestock has been issued in connection with and for the purpose of the removal from the premises of the livestock market. The release obtained pursuant to this subsection will permit the movement of the livestock so released directly to the destination shown on the certificate.

(5) The person in charge of livestock being removed from a county in this state, where inspection thereof is required by this section or where

HeinOnline -- 1981 vol. I 636 1981

change of ownership has occurred or when moved under a market consignment permit or a market release certificate, shall have in his possession the certificate of inspection, market consignment permit, transportation permit, or market release certificate issued in connection therewith and shall exhibit the certificate to any sheriff, deputy sheriff, constable, highway patrolman, state stock inspector, or deputy state stock inspector upon request. Section 81-3-204 shall be extended to livestock transported or sold under the above-mentioned permits.

(6) The following transportation permits may be issued:

(a) If a saddle, work, or show horse is being transported from county to county in this state by the owner for his personal use or business or where a purebred cow is being transported from county to county in this state by its owner for show purposes and where there is no change of ownership, the inspection certificate required by this section may be endorsed as to the purpose and extent of transportation by the inspector issuing the certificate in order to serve as a travel permit in this state for a period not to exceed 1 year for the horse or cow described thereon. The permit becomes void upon any transfer of ownership or if the horse or cow is to be removed from the state. In such instances an inspection must be secured for removal and the endorsed certificate surrendered.

(b) The owner of a saddle, work, or show horse may apply for a permanent transportation permit valid for both interstate and intrastate transportation of the horse until there is a change of ownership. To obtain a permit a horse must have either a registered brand that has been legally cleared or a lip tattoo or the owner must present proof of ownership to a state stock inspector. A written application, on forms to be provided by the department, must be completed by the owner and presented to a state stock inspector together with a $5 permit fee for each horse. The application shall contain a thorough physical description of the horse and list all brands and tattoos carried by the horse. Upon approval of the application by a state stock inspector, a permanent transportation permit shall be issued by the department to the owner for each horse and such permit shall be valid for the life of the horse. If there is a change of ownership in a horse the permit shall automatically become void. The permit must accompany the horse for which it was issued at all times while the horse is in transit. This permit shall be in lieu of other permits and certificates required under the provisions of this section. The state of Montana shall recognize as valid permanent transportation permits issued in other jurisdictions to the owner of a saddle, work, or show horse subsequently entering the state. Such a permit shall be automatically void upon a change of ownership.

(c) When livestock owned by and bearing the registered brand of a bona fide rodeo producer is being transported from county to county in this state by the owner for rodeo purposes and where there is no change of ownership, the inspection certificate required by this section may be endorsed as to the purpose and extent of transportation by the inspector issuing the certificate in order to serve as a travel permit in this state for the livestock described thereon. The certificate is effective only between April 1 and October 31 of the year for which it is issued. The certificate shall be issued by a state stock inspector.

HeinOnline -- 1981 vol. I 637 1981

(d) An owner of livestock or his agent may be issued a transportation permit allowing the movement of his livestock into an immediately adjoining county and return when the livestock is being moved for grazing purposes and when it is being moved to and from land owned or controlled by the owner of the livestock or his agent. The permit is valid for 6 months and must be issued by a state stock inspector. The fee for the permit is $5, which shall be paid to the state stock inspector at the time the permit is issued and remitted by him to the department for deposit in the state treasury to the credit of the earmarked revenue fund for the use of the department. This permit may be used in lieu of the inspection and certificate required by this section for movement of livestock across a county line."

Section 2. **Effective date of brucellosis vaccination requirement.** (1) Chapter 196 of the Laws of 1981 is effective on the effective date of this subsection.

(2) Subsection (1) is effective on passage and approval.

Approved April 14, 1981.

Example:

18" duplex tire at 400 pounds for inch width — 7200 pounds"

Section 2. Section 61-10-107, MCA, is amended to read:

"61-10-107. Maximum gross axle weight — permit required. (1) The department of highways may, based on evaluation of safety, highway capacity, and economics of highway maintenance and vehicle operation, authorize by special permit at a fee of $10, specifiying highway routings, the operation of a vehicle having two but not more than nine axles if the maximum single axle load is 20,000 pounds and if no two consecutive axles more than 40 inches or less than 96 inches apart carry a load in excess of 34,000 pounds. For purposes of this section, axles 40 inches or less apart are considered as a single axle. The maximum gross weight allowed on a vehicle or combination so authorized by this special permit shall be determined by the formula W equals 500 (LN/N minus 1 plus 12N plus 36) in which W equals gross weight, L equals wheel base in feet, and N equals number of axles. However, the maximum allowable gross weight on a group of axles may not exceed the following values:

2 axles	40,000 pounds
3 axles	60,000 pounds
4 axles	80,000 pounds
5 axles	85,500 pounds

9 axles	105,500 pounds

(2) Notwithstanding a vehicle's conformance with the requirements of subsection (1), its maximum load per inch of tire width, excluding the steering axle, may not exceed 600 pounds, based on the table in 61-10-105(3).

(3) This section does not apply to highways which are a part of the national system of interstate and defense highways (as referred to in 23

HeinOnline -- 1981 vol. I 642 1981

U.S.C. 127) when application of this section would prevent this state from receiving federal funds for highway purposes."

Section 3. **Effective date.** This act is effective July 1, 1981.

Section 3. **Rodent control districts authorized.** The governing body of a county may create a district as provided in [sections 1 through 19]. A district may not contain any city or town.

Section 4. **Petition to create district — hearing.** (1) The creation of a district may be initiated only by a petition:

(a) signed by at least 51% of the owners of land within the proposed district;

(b) submitted to the governing body of the county; and

(c) accompanied by sufficient funds to defray the cost of giving notice as required by [section 5].

(2) The petition shall set forth the boundaries of the proposed district.

(3) Upon receipt of the petition, the governing body shall set a date for a hearing on the petition. The hearing must be held within 3 weeks of receipt of the petition.

Section 5. **Notice of hearing.** Upon setting a date for the hearing, the governing body shall give notice of the hearing in the following manner:

(1) notice is to be sent by certified mail to each owner of land within the proposed district at the last-known address as shown in the county records;

(2) If the owners of at least 51% of the land in the proposed district file written objections with the county clerk, the district may not be created.

Section 7. **Hearing — decision.** (1) On the date set for the hearing, the governing body shall hear comments on the proposed district. If objections have been filed by owners of at least 51% of the land within the district, the governing body shall deny the petition request and may not create the district. Prior to creating a district, the governing body shall make a finding that creation of the district is in the best interests of the district lands and residents. The decision on whether to grant or deny the petition request shall be made within 10 days of the hearing.

(2) The decision is to be made by an order recorded in the minutes of the governing body. If the district is to be created, the order shall state the name of the district, describe the district boundaries, and provide any other information needed to describe the land included within the district.

(3) A landowner within the proposed district after the initial boundaries have been established may, by petitioning the board of county commissioners have all or a portion of the lands owned by himself removed from consideration for inclusion within the district. This landowner must, however, agree in writing to control rodents on his land within a 250 yard buffer zone of the district boundary.

Section 8. **Rodent control board.** The county weed board appointed under 7-22-2103 shall serve as the rodent control board.

Section 9. **Board powers.** The board may:

(7) enter district lands in order to survey and study conditions and to implement a rodent abatement program.

Section 10. **Rodent control fund.** (1) The governing body shall establish a special fund, to be known as the rodent control district fund, for each district in the county. Money in the fund may be expended only

HeinOnline -- 1981 vol. I 690 1981

for district administrative costs and the expenses of establishing and implementing a rodent abatement program.

(2) The county treasurer is the administrator of the fund and shall draw warrants on the fund by order of the governing body. Warrants shall be ordered by the governing body when so requested by the board.

Section 11. **Mill levy authorized.** To administer and implement a rodent abatement program, the governing body may levy a tax, not to exceed 2 mills, on the taxable value of the horticultural, farming, grazing, forest, and railroad lands within the district. The proceeds of the levy are to be placed in the district fund.

Section 12. **Financial operation.** (1) Material, equipment, and services purchased or leased by the board are to be paid for by warrants drawn on the fund.

(2) Payment received for material, equipment, and services supplied by the board is to be deposited in the fund. Reimbursement payments as provided for in [section 14] and penalties collected under [section 15] are to be deposited in the fund.

Section 13. **Implementation of rodent control.** (1) Whenever the board has reason to believe a rodent control problem exists, it shall inspect the affected land and may issue an order to the landowner to take the appropriate action. The order to the landowner may only require that affected lands be treated within a 250 yard buffer zone of the adjacent district lands.

(2) If the order is not obeyed in the time specified in the order, the board shall take the necessary steps to control the rodent problem. The expenses of the board in carrying out these measures shall be paid from the fund by the governing body.

Section 14. **Reimbursement of fund.** (1) Whenever the board has undertaken rodent control pursuant to [section 13], the landowner shall reimburse the fund for the expenses related to rodent control on his land. The board may, by written contract with the landowner, agree to extend the reimbursement over a period not to exceed 5 years.

(2) The agreement may provide for the reimbursement payments to be collected with property taxes, and in this case, the board shall inform the county clerk of the lands to be charged and the amount to be placed on the tax notice. Upon receipt of the payment, the county clerk shall deposit it in the fund.

Section 15. **Penalty.** (1) Any person who interferes with the board or its employees or agents is subject to a civil penalty not to exceed $100. The board may institute a court action to recover the penalty.

(2) Penalties assessed under this section are to be deposited in the fund.

Section 16. **Enlargement of district.** A district may be enlarged upon presentation of a petition signed by at least 51% of the owners of the land in the area proposed to be annexed to the district. The provisions

HeinOnline -- 1981 vol. I 691 1981

of [sections 4 through 7] apply to the annexation petition, with the term "district" in those sections taken to mean the area proposed to be added.

Section 17. **Dissolution of a district.** (1) Upon receipt of a petition signed by the owners of at least 51% of the land in the district and after a hearing on the petition, a district may be dissolved by order of the governing body. Notice of the hearing is to be given by posting notice in at least three public places in the district and by publishing notice at least once in a newspaper of general circulation in the district. If the governing body finds it to be in the best interest of the district lands and residents to terminate the district, the governing body shall so order.

(2) The dissolution order shall provide for a termination date and for liquidating the district assets and liabilities. Any money remaining in the district fund after all assets and liabilities have been liquidated shall be transferred to the county general fund.

Section 18. **Multicounty districts.** A multicounty district may be created by interlocal agreement, as provided in Title 7, chapter 11, part 1, between the governing bodies of the counties involved.

Section 19. **Leased land.** Lessees of land within the district are liable for assessments and levies for rodent control and must comply with [sections 13 and 14] unless the lease specifically forbids rodent control through chemical or other means.

Section 20. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 21. **Repealer.** Sections 7-22-2201 through 7-22-2206, MCA, are repealed.

Approved April 16, 1981.

CHAPTER NO. 392

AN ACT TO EXEMPT A PERSON RECEIVING A PERMIT FOR THE MOVEMENT OF AGRICULTURAL PRODUCTS FROM SINGLE TRIP PERMIT FEES; AMENDING SECTIONS 61-10-107 AND 61-10-144, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-10-107, MCA, is amended to read:

"61-10-107. Maximum gross axle weight — permit required. (1) The department of highways may, based on evaluation of safety, highway capacity, and economics of highway maintenance and vehicle operation, authorize by special permit at a fee of $10, specifiying highway routings, the operation of a vehicle having two but not more than nine

axles if the maximum single axle load is 20,000 pounds and if no two consecutive axles more than 40 inches or less than 96 inches apart carry a load in excess of 34,000 pounds. For purposes of this section, axles 40 inches or less apart are considered as a single axle. The maximum gross weight allowed on a vehicle or combination so authorized by this special permit shall be determined by the formula W equals 500 (LN/N minus 1 plus 12N plus 36) in which W equals gross weight, L equals wheel base in feet, and N equals number of axles. However, the maximum allowable gross weight on a group of axles may not exceed the following values:

2 axles	40,000 pounds
3 axles	60,000 pounds
4 axles	80,000 pounds
5 axles	85,500 pounds
6 axles	90,000 pounds
7 axles	105,500 pounds
8 axles	105,500 pounds
9 axles	105,500 pounds

(2) A special permit issued under subsection (1) for the transportation of agricultural products by farm vehicles from a harvesting combine or other harvesting machinery to the point of first unloading shall be for the full term of the harvest season of the agricultural product transported.

(3) This section does not apply to highways which are a part of the national system of interstate and defense highways (as referred to in 23 U.S.C. 127) when application of this section would prevent this state from receiving federal funds for highway purposes."

Section 2. Section 61-10-144, MCA, is amended to read:

"61-10-144. Violation of standards — seven percent allowance. (1) It is a misdemeanor for a person, firm, or corporation to violate any provision of 61-10-101 through 61-10-110.

(2) However, the operator of a vehicle or combination of vehicles may move over the highways to the first open state scale, permanent or portable, without incurring the excess weight penalties set forth in 61-10-145 if the total gross weight of the vehicle or combination of vehicles does not exceed allowable weight limitations by more than 7%. In the event the vehicle or combination of vehicles is not in excess of the allowable weight limitations by more than 7%, the department may issue a single trip permit for the fee of $10 for allowing said vehicle or combination of vehicles to move over the highways to the first facility where its load can be safely adjusted or to its destination. Violations in excess of 7% are subject to the fines provided in 61-10-145, and all loads in excess of 7% must be adjusted or reduced to conform to the size and weight limitations before the vehicle or combination of vehicles is moved from the point of weighing.

(3) An operator of a vehicle or combination of vehicles subject to the provisions of 61-10-107(2) may move over a highway, except any highway which is part of the federal aid interstate system, within a 50 mile radius of the harvested field to the point of first unloading, without incurring

HeinOnline -- 1981 vol. I 693 1981

the excess weight penalties set forth in 61-10-145 if the total gross weight of the vehicle or combination of vehicles does not exceed allowable weight limitations by more than 20% per axle but the maximum load per inch of tire width may not exceed 670 pounds. The vehicle or combination of vehicles may not exceed 40 miles per hour. No single trip permit as required in subsection (2) shall be applicable to such vehicle or combination of vehicles. When such vehicles or combination of vehicles violates any of the provisions of this subsection, the fine or penalty imposed shall apply to that portion of the load above the legal limit."

Section 3. **Effective date.** This act is effective on July 1, 1981.

Approved April 16, 1981.
